

THE UNIVERSAL FAVORITE.

THE BELL ORGAN
STANDS AHEAD OF ALL OTHERS.

We make an organ every working hour and with our new factory we will make 20 daily.

We are again enlarging our premises & are building another factory with a floor space of 40,000 ft. and trust then to be able to keep up to the increasing demand.

Intending purchasers beware and buy the Bell Organ of Guelph and not of Toronto, as we have no branch there and there is no similarity to the genuine Bell Organ. New Styles just issued, send for catalogues to

W. BELL & CO., Guelph.
