## FAIRY SOAP

It is the "little Fairies" of this  
country, and their parents,  
who have helped us to make  
Fairy Soap so popular.

Fairy Soap is always white,  
clean, pure and sweet—the  
oval, floating cake fits the hand—  
and we couldn't make it cost any  
more unless we hid its goodness  
with expensive scents.

Include Fairy Soap in  
your good resolutions for  
the New Year.
