

Motion in amendment—

"That all words after "that" be struck out, and that it be *Resolved*, That this House deeply regrets to learn from the speech of the Hon. Minister of Finance on Friday last, that the Government has not proposed to this House a policy of protection to our various and important manufacturing industries; and that the large amount of capital now invested in these industries, and their present depressed condition, render such a policy necessary to restore them to a condition of prosperity.—*Mr. Workman*.....
