

JOINTS SWOLLEN. PAIN INTENSE.

A severe case of SCIATICA AND INFLAMMATORY RHEUMATISM promptly cured by Milburn's Rheumatic Pills, after various remedies and physicians failed.

TORONTO, Nov. 1st, 1897.

Messrs. T. MILBURN & CO., Toronto.

Dear Sirs,—In justice to you and the public, I wish to make known the benefits I received from your now well-known remedy—I refer to Milburn's Rheumatic Pills. In April of the present year I was afflicted with Sciatica and Inflammatory Rheumatism in its worst forms, and for three months I was confined to my room; my joints were all swollen, and the pain I suffered was most intense. I tried remedies of different kinds recommended to me, but none of them gave relief. My husband called in the services of a physician, who prescribed for me, but the remedies were far from effective. I had almost given up all hope of a permanent cure when I was persuaded to try MILBURN'S RHEUMATIC PILLS. I did so, but with very little faith in their efficacy. However, I acted according to directions, and the result is most gratifying to me. I started to take the pills on the twentieth of July, and had not quite finished one box when I felt relief, and the swelling of my joints disappeared. I have taken in all five boxes of the above pills, and desire to thank God that, through the efficacy of this most valuable remedy, I am entirely free from Rheumatism and have the use of my limbs. I have recommended your remedy to others afflicted as I was, and can safely do so knowing its curative powers in my own case. You may use this testimonial if you so desire for the benefit of others. Milburn's Rheumatic Pills will always have a place in my home."

Yours respectfully,

MRS. WM. J. WADSWORTH,

82 Hoskin Avenue, Toronto Junction, Ontario.
