THE
RISE AND FALL OF PAPACY.

BY THE
REV. ROBERT FLEMING, LONDON.

Written in 1698, and first Published in 1701.

In this work, the years 1794 and 1848 are pointed to as the most remarkable in the history of the Papal power; in the former year the wars of the French Revolution—during which the Pope was dethroned by Napoleon—were raging, and in 1848, it is well remembered that PIUS IX. fled from the chair of St. Peter.

This is one of the most extraordinary books ever written, and proves in a remarkable degree the truth of Scripture and the fulfilment of Prophecy.
