Lloyd George Declares Com- EXPECT ORDER TODAY pulsion More Required to Furnish Adequate Supply of War Munitions-More Men Enlist Than Can Be Twenty Men Are Required for the Supplied With Equipment | Second Field Company, Can-

Special Cable to The Toronto World.

MANCHESTER, June 3.—Conscription for the army is not yet needed, and a plentiful supply of recruits is coming forward ahead of their equip-Among those present were: Lady endrie and Miss Hendrie, Col. Archisacon Cody. Father Minchan. Presint MacLean of Manitoba University munitions, in a great speech made here this afternoon.

Speaking of conscription, he said:
"To introduce compulsion as an important element in organizing the nation's resources of skilled industry and trade does not necessarily mean conscription in the ordinary sense of the scription in the ordinary sense of the Colonial Auxiliary Forces Long Service Medal.

"We won our liberties in this land or more than one occasion by com-pulsory service. France saved the lib erty she won in the revolution by compulsory service. The great republic to the west won its independence and saved its hational existence by compulsory service and saved the hational existence by compulsory service and saved the hational existence by the compulsory service and the saved the sav greatest democratic countries in Eu-

unfit for service. While these men iceive their pension after details are the hands of the democracy many gone into by a board appointed for that purpose, there is often a long detailed to receive the service to the democracy many tion of freedom. All the same, it would be a constructed to receive the transfer to the same, it would be a constructed to the same it will be a constructed to the same it would be "It had been the greatest weapon in that purpose, there is often a long de-lay, during which no provision is made for the men.

that purpose, there is often a long de-lay, during which no provision is made be a great mistake to resort to it un-less it was absolutely necessary."

will necessarily become so as time advances, and it is felt that this matter should be taken up. Many men from the Princess Patricia Regiment are affected in the present conditions, and the present conditions, and the present conditions and the present conditions and the present conditions are the present conditions. Coming in Ahead of Equipment.

State Control of Labor.

ing of the war, the same principles nerve them by sniping them from bemust extend to the whole field of in- hind." dustrial organization, whether it be capital or labor. There must be one reservation—that state control of labor George said it might be dangerous to must be for the benefit of the state depend entirely upon the continuance and not for the purpose of inereasing the profits of any individual of private organization; it increase the mobility of "who would have rendered better must increase the mobility of "who would have rendered better labor and have a greater subordina- service at home. We needed computtion of labor to the direction and con- sion not to sen men to the front, but trol of the state.

Good Service for France.

"In France private firms have given conduct a war against the most formidable antagonist that has ever the state assistance in this critical hour which is beyond computation. The last French victories were largey attributable to the private work-

nops of France. "I am here to ask you to help us to equip our armies with the means for breaking thru the German lines in front of our gallant troops, and I know you will do it." The minister said that he was not there to brandish his power under the Defence of the Realm Act, but they were very great and the committee ap-

pointed would find these powers very helpful in enabling them to organize quickly and get rid of unnecessary difficulties without loss of time. Com-pulsion was not meant for the mapulsion was not meant for the ma-jority, but there were a few who just lagged behind, and it was useful to munitions to increase the output of ave comething with which to jog Must Trust Government-

To what extent and in what direc-tion the moral duty of each citizen to give his best to the state should be converted into a legal duty was a question, not a principle, but of necessity, to be decided from time to time as an emergency arose

time as an emergency arose during the period of the war.
These questions, said the minister.
