MR. MELVILLE'S name has long been associated with Thackeray, not only as founder of the Titmarsh Club, but also as the author of "The Thackeray Country" and the editor of the standard edition of "Thackeray's Works" and "Thackeray's Stray Papers." Mr. Melville has had access to many new letters, and much information has come to hand since the publication of "The Life of Thackeray." He has also compiled a thoroughly exhaustive bibliography of Thackeray. This section will be invaluable to the collector. Thackeray's speeches, including several never before republished, have also been collected. There is a list of portraits of the novelist, and a separate index to the Bibliography.
