The six men who are being let out on bail will be tried in the civil courts at Winnipeg. The date for the trial will probably be June 25, but this depends upon whether counsel for the trial will proceed with the case at that time. In the case of the five men of allen birth who are being detained at Stony Mountain, they will likely come before an immigration board of enquiry, of which Thomas Galley, acting commiser of immigration in Winnipeg for the federal government, has been appointed chairman. This board will not institute proceedings just yet, it was officially stated last night, as it is the desire of the authorities to get such evidence submitted showing why the accused should be deported that the minister of immigration, Hon. J. A. Calder, will have no occasion for upsetting the decision of the board.
