to make this one point-that the pri-mary, if not the sole interest considered in setting up the office of .uperint endent of insurance was the policyholders' interest. If the country were on the eve of a general election, every candidate would warmly declare his undiminishable love for the policyhoider, and ministers of the crown would give him their best consideration- and they would be wise. There is nothing like being wise in time-and the time is now.

The policyholder is the man who finds the grist. He is the man for thou shall do no manner of work, thou west. whom the machinery in the mill must, nor thy manservant." be built, repaired, and, when necessary, built again.
