MOST ANARCHIST DIES TALKED OTHERS INTO DEEDS

End Comes at Cincinnati—Many Times Imprisoned for His Indiscretions.

Cincinnati, March 17.—Johann Most, the anarchist, died in this city at noon to-day, of erysipelas. He came to this city on Monday on the invitation of friends and had been the guest of friends of Adolph Kraus, of Catter-street. He was to have delivered a lecture in Chicago on Wednesday night, but on account of an attack of erysipelas he was obliged to cancel his engagement, although the attack was not regarded as serious.

Herr Most was delirious most of the time during his last few days illness, suffering greatly, but occasionally recognizing parts of his most famous speeches, using the German language. During the larger part of his last night he was unconscious, but during the morning he regained consciousness for a short time, and at 9 o'clock seemed much more cheerful and apparently was suffering little pain.

Later he again became unconscious and gradually his strength left him, and soon after noon he died. With him at the end were a few of his friends in this city, who had been caring for him during his sickness.

No plans have yet been made for the funeral, the friends in this city awaiting word from his wife, to whom a message was at once sent.

Most was a striking anarchist. Johann Most was a virulent type of the blatant anarchist. He devoted his entire life to an effort to incite others to deeds of violence which he never attempted to perform himself. When driven out of Europe he came to the United States in 1880 and in this country made speeches, edited an anarchist newspaper, and thus give him an effective advertisement.

Upon his release he established a newspaper at Chemnitz, which was suppressed after a year's life. The interval between this time and 1874, when he began to publish a newspaper in Vienna, was spent in making speeches in various parts of Saxony and Austria. His second newspaper met with the fate of the first, and the effect of his publishing pamphlets and books embodying his views was to render it desirable that he should remove out of Austria.

Driven out of Europe.

He fled France, but even the republic could not tolerate his rant, and in 1874 he settled in London and established The Freiheit, a newspaper which was printed in red ink and was crowded with justifications when Alexander II. was murdered. The English authorities punished its editor and publisher with nineteen months imprisonment. His name having expired he came to this country.

In New York Most served several terms in jail. Finally on April 26, 1888, he addressed a mass meeting urging workmen to arm themselves and prepare for battle. He was sentenced to a year in prison and served his term.

During his career Most visited many of the large cities of the country to make anarchist speeches, and was arrested many times. His last notable arrest was in September, 1901, when he was convicted for publishing an article in his newspaper, Die Freiheit, declaring it no crime to kill a ruler. The article appeared the day after President McKinley was shot at Buffalo. For this article he served two months in jail.

His View of Anarchy.

Soon after his release he talked of removing to Chicago, because he thought he would have greater freedom there. He was arrested in St. Louis in 1904 for trying to hold an anarchist meeting, but was immediately released.

Mariners Don't Want Welland Canal Entrusted to Electricity.

Kingston, March 15.—Capt. Jenkins, secretary of the St. Catharines branch of the Masters and Mates Association, is here for the purpose of circulating among the local mariners a petition to the government to retain the gas pipes in the Welland Canal. Electricity is now being installed in the canal, and it is proposed to take out the gas pipes. Sailors and transportation men feel this is a dangerous thing, should at any time the electricity give out, the gas pressure being turned off, the canal would be in darkness.

This happened last year at Soulages Canal, and navigation was somewhat hindered. This movement is meeting with great favor in Kingston and the petition has been largely signed.

VICKERMAN'S GOODS.

The unqualified success of Vickerman's Black and Blue Serges and Worsteds has been supplemented this season with a phenomenal showing of Fancy Worsteds in various styles of overchecks. The demand for Vickerman's

The sweet and now famous story of the love of a very superior cowboy for a pretty Vermont school teacher will be given its initial presentation in this city to-night, when "The Virginian" will be offered at the Princess Theatre. The dramatization faithfully follows the book, we are told, and the episode of the "scrambled babies" the pet hen that tried to eat the school teacher's potatoes, the camp at Horse Thief Pass, the lynching of the cattle thieves and the tragic ending of Trampas, are all introduced.

Jolly, jingling, joyful is the best description that can be applied to the new musical comedy sketch, "Break-up into Society," in which the Four Morons, the famous vaudevilleans, will be seen at the Grand this week. The supporting company numbers fifty talented people, of whom twenty-five are stunning chorus girls. They sing and dance bewitchingly and wear the elegant gowns with becoming grace. The song hits of the comedy are the brightest that have yet been heard.

"Shadows of a Great City," the old favorite with its strong heart, its powerful situations and an abundance of good comedy, will be the attraction of the Mayestic this week, starting with the usual matinee performance to-day. Among the many scenes of the play is a river of real water with boats and a fire and an earthquake, and a thrilling rescue from drowning is enacted.

This afternoon at Shea's Yonge-street Theatre the patrons will see one of the biggest bills of the season, Katie Barry, the English comedienne, and the Chinese Honeycomb and Fantasia Companies, who will present jolly songs and ridiculous costumes. Miss Barry is sure to make a great hit. The Honeycomb Troupe have the greatest bicycle organization on the road to-day, and Callahan and Mack are as pleasing as ever. Emma Francis and her Arabs are going a great act. Others on the bill are Emma Francis, Alfred Arneson, Burton and Brooks, and Carlisle and Baker.

PUBLIC AMUSEMENTS.

Manila, March 18.—Further investigation develops the fact that many women and children were saved by the attack against Moro outlaws on Mount Dajo recently. Those killed were killed at long range and by shell fire.

The attack was delayed six months while Governor Scott was endeavoring to persuade the outlaws to surrender. All overtures were scorned and the defiant attitude of the leaders of the outlaws and the Arab priests persuaded their followers that the government would be unable to dislodge them from their fortress within two years.

Leading Moros in their desire for the extermination of the outlaws aided the troops in the fight. Two hundred Moros were killed.

The reports of company and troop commanders to Major General Wood showed that every effort was made to save the women and children. After the fight was over General Wood ordered supplies and assistance for the women and children remaining alive in the crater.

100 SOCIALIST MEETINGS
 Were Held in Berlin Yesterday to Commemorate Revolution.

Benlin, Mass., March 18.—One hundred and four socialist meetings which were held to-day in Berlin and its suburbs for the purpose of commemorating the revolution of 1848-9, and protesting against the three class suffrage system of P. U. S. A. The police authorities were notified of the matter in advance, but no special precautions as the socialists, by their demonstrations of Feb. 21, had proved that they were in possession of their order.

The meetings were addressed by Herr Rebel, leader of the socialists in the reichstag, and by several members of the reichstag and several women socialists.

NEWFOUNDLAND INTEREST IN ARREST OF AMERICAN ON SEALING BOAT.

St. John's, Nfld., March 17.—The proposed attempt to arrest four American citizens serving on board the British and Alaskan fur sealing schooner Zillah at San Francisco, because American laws forbid American subjects to hunt fur seals, occasions much interest here because the matter involves the question whether the American herring vessels can hire Newfoundlanders outside the three mile limit before entering Newfoundland waters to take herring as they did last fall despite colonial protest.

FIRE AT MEAFORD.

Meaford, March 18.—Fire broke out in R. Finley & Son's dry goods store last night at about midnight, and before it could be got under control had done considerable damage in the dress goods department. The fire was caused by the lighting of a cigarette. The loss is placed about \$2000; fully covered by insurance.

Baby Born in Trolley Car.

Chicago, March 18.—A baby was born in a North Clark-street trolley car on 10 o'clock yesterday morning. The car was stopped in front of the drug store of Charles Walker, 1025 North Clark street, and the mother, Mordell Fischer, 21 years old, left the car carrying her child. The police were summoned, and they took the two to the Goodsmith Hospital.

125 SIGNED PLEDGE.

The pledge-signing movement conducted by the Canadian Temperance League in connection with their Sunday afternoon gospel, temperance meetings in Massey Hall grows in power as the meetings draw to an end. At yesterday's meeting, when every seat in the auditorium was filled, one hundred and twenty-five persons came forward to the front of the platform at the close of the meeting and signed the league's total abstinence pledge and donated the blue ribbon. The chair was occupied by Thomas Crawford, M.L.A., and Rev. Melvin E. CHAUFFEUR DRUNK; FINED \$100

Justice Caverly Punishes Operator Who Was Unable to Control Car.

Chicago, March 18.—A fine of \$100 was imposed yesterday by Justice Caverly on Curt Schapper, 1506 Michigan-avenue, who was arrested Friday night for attempting to drive an automobile while intoxicated. The fine was imposed because Schapper is employed as a motorist by the Woods Motor Vehicle Company, 110 Twentieth-street. His fine was paid by Louis E. Burr, president of the auto concern.

Schapper had taken out a party of prospective purchasers in his car. He was arrested after he had lost control of his machine at Thirty-first street and Cottage Grove-avenue.

A question was raised in court by his lawyers as to whether Schapper could have become intoxicated on the money left from \$175 after he had sent \$1 for gasoline and bought two cigars.

"The lives of pedestrians must not be imperiled by any chauffeur who is unable to manage his machine, no matter how little he may have spent for his drinks," said the court.

STRENGTH FREE TO MEN

How to Regain it Without Cost Until Cured

Strength of body—strength of mind! Who would not possess it if they could? It is nature's greatest gift—our most valuable possession. Without this strength life is a failure, with it everything is possible. Almost every man was made strong, but few have been taught how to preserve this strength. Many, through ignorance, have wasted it, and have used it up excessively, leaving the body exhausted, the nerves shaky, the eyes dull and the mind slow to act. There are thousands of these weak, puny, broken-down men dragging on from day to day who might be as strong and vigorous as ever, if they were to turn to the right source. Electricity cures these weaknesses. It gives you back the very element you have lost. It puts new life into the veins and renews the vigor of youth. For 40 years I have been curing men, and so certain am I now of what my method will do that I will give to any man who will try my world-famed DR. SANDEN'S ELECTRIC BELT AND SUSPENSORY FREE UNTIL CURED. You pay nothing down, you deposit nothing, you risk nothing, but upon request I will furnish you with the Belt to use, and if it cures you pay me my price—in many cases not over \$5.00. If you are not cured or satisfied, return the Belt to me and that ends it. As I am the originator of this method of treatment and have made it a great success, there are many imitations of my Belt; but my great knowledge, based on 40 years' experience, is mine alone. My advice is given free with the Belt.

This offer is made especially to men who lack strength and vitality, who have drains, losses, impotency, varicocele, etc., but I also give my Belt on the same terms to sufferers from Rheumatism, Lame Back, Sciatica, Kidney, Liver, and Stomach Troubles.

Call or write for a Belt to-day, or if you want to, look into the matter further. I have two of the best books ever written on Electricity and its medical uses, which I send free, sealed, by mail.
