ing shop, explained that some special work came in from Havelock at 5,55 that evening, requiring about 30 minutes' to complete, and for that purpose he ordered the engine to keep on running after 6 o'clock. The evidence of Mr. Holloway, James Mc. Kee, Mr. Tyson, John Farell, Mr. Behan and others, was taken, all inclining to the belief that the boy, in oiling the cups, has forced the ladder away from him and fallen across the revolving shaft. The boy had been warned not to oil the shafting whilst in motion, and was told to leave the oiling until the next night, as there was no immediate hurry. This shaft only runs one machine, and is not supposed to be oiled 'niore than twice a week. The boy had never worked overtime before, and altho told that he was not required, he booked on after six. Had he put in the extra time he would only have earned a cent and a half. After a short discussion, the jury brought in the following verdict: That William Townsend came to his death by accident, that no one was to blame, and that this jury recommends as a preventive of similar accidents, that inspectors of factories under the Factories Act of Ontarlo order that the stub ends of all shafts be encased with metal or wood. Richmond Hill.

The carnival by the hockey team on Tuesday night proved a lucky venture and the organization will now wipe out the season's debts and hold a little to the good. The club's playing qualities were not as successful as the financial operations and the game with Newmarket was lost by a score of 5 to 1.

Mr. John Palmer has remodeled and decorated his hotel, and will light the building in future with acetylene gas.

The branch bank of the Standard is now finished, and will be open for business on Monday next at latest. The management is in the hands of Mr. C. J. Rowland, who was formerly at Kingston.

On Friday night an entertainment under the auspices of the High school will be given at the Masonic Hall. Musical items will be contributed by the School Glee Club and the Mendelssohn choristers, and a lecture on the Boers in South Africa will be delivered by Prof. Mackenzie.

Considering the unpleasant day, a good representation was in evidence at the annual meeting of the Richmond Hill and longe-street Agricultural meeting held at Lorne Hall, yesterday. Mr. Jonathan Slater presided over the meeting, and the members complimented themselves on the treasurer's annual statement, which showed a favorable balance of nearly \$100 over that of last year. The principal officers were all re-elected as follows: President, Pugsley; 2nd Vice-President, W. H. Pugsley; 2nd Vice-President, W. H. Pugsley; 2nd Vice-President, W. H. Pugsley; 2nd Vice-President, D. Lynett; secretary-Treasurer, H. A. Nicholls: Twenty-two directors were elected, apportioned as here set forth: Whitchurch, William Thompson and L. L. Hartman; King, C. Norman, T. H. Legge and William Wells; Markham, J. Slater, William Ormerod, G. Lek, G. Padget, D. C. Steele, G. Gormley and Robert Elliott; Vaughan, J. N. Boyle, W. H. Clubine, F. J. We hoist the flag. Two years ago today this store was taken over by the present owners, succeeding the late Robert Simpson, who left a

fitting monument to his enterprise in the building we occupy-acknowledged to have no peer in Canada and few on the Continent in respect of its admirable adaptation for the business of a departmental store. We have found it necessary to increase by two-thirds the capacity of this magnificent store, and when the additional building, now being erected, is complete we will have made good provision for the prosecution of the business upon such strong and vigorous lines as shall carry it forward to still greater success.

By the good-will of our fellowcountrymen throughout the Dominion, we have been enabled to make this great progress during the past two years. By their continued assistance ----always welcome in suggestion and criticism, as well as in patronagewe shall continue to strive after the completion of the plans and ideals we have set before us. These in-

clude amongst others the following: I-Absolute veracity in advertising, ensuring absolute confidence in our announcements. We shall not parade common honesty as our motive. If you credit us with that we shall not resent it, but shall not feel greatly flattered. We simply claim to know that permanent success cannot be built upon

deception. 2-The privilege of every customer to reconsider a purchase. After seeing the article at home it may be exchanged or returned and the money refunded. Our rule is to comply with every reasonable request of this kind. We are firm believers in the asset of goodwill in trade. Our fixed purpose is

to cultivate and deserve it. 3-We insist that our goods shall be generous values at the prices asked, but have no ambition for the distinction of having "cheap" goods. We shall always avoid keeping the lowest grade of goods-the grade that does not represent intrinsic value, but of every worthy grade a full supply in

all departments. 4-Store service and telephone communication of the highest efficiency; strictly requiring prompt attention and courtesy to every customer. This includes an all-night, and Sunday service in the dispensary. Our delivery system insures the speedy and safe delivery of purchases at homes in Toronto, at hotels, railway stations, steamboats and summer resorts, as well as at the following places:

Toron to Junction, Wychwood Park, New Toronto, East Toronto, Richmond Hill. Victoria Park, Cooksville. Dixie,

General Catalogues distributed free each Spring and Fall, with special departmental supplements from time to time you make it possible and profitable to every consumer to purchase here, and so form the closest connection with manufacturers.

The factories of the world are searched for goods to fulfil the requirements of this great Canadian business, and the best effort of every officer and every private in its army of workers is pledged to make its stocks and service of largest possible value to patrons and a
