The commission heard the application of the Brighton Board of Trade and Dominion Canners in favor of better interswitching facilities on three lines of railway serving Brighton, and the case was laid over till tomorrow.

Mr. Sewell, asking that traffic at Brantford now being handled by the Tr., H. and B. lowed His Lead. I waited in nervous apprehension for Maj. Grantland's answer to Mrs. Stockbridge's invitation to drive in her car while Adams put in the new tire

If he accepted it meant, of course, that I should have to accompany him, and I dreaded inexpressibly any further conversation with the woman whose absurd jealousy of her husband showed in every line of her face, every inflection of her voice. If this ridiculous obsession of hers betrayed itself at the mere sight of her husband being introduced to a young woman, what, I asked myself, would be her course of action when she should find out that I was to be her husband's assistant in the high school.

Playing the Game.

Puritan ancestors jogged my elbow. Then I ruthlessly brushed them away to make room for a malicious little devil of thwarting the mean suspicions of that chortled gleefully at the prospect of thwarting the mean suspicions of Kenneth Stockbridge's jealous wife. In my turn, I registered astonishment, but I crunched my words in frigid accents.

'I have recently signed a contract to teach in the Bayview high school, certainly, but—"

My lifted eyebrows finished the almost insolence of my manner. If I had said flatly, "What business is that of yours?" I couldn't have conveyed my meaning any clearer.

nature, or an advantage, arising from some subtle or singular source. The Neptune vibration is strong and favorably so, bringing benefit, possibly through dreams, premonitions or psychic visions, and these prognostics should be confidently followed. Jupiter, too, is powerful, under the lunar conjunction, making it a safe time for investment, speculation or other financial venture. There is the prospect of some slight annoyance or disappointment, under a weak Saturn transit, but this influence is negligible, as is an adverse Uranian position advising against journeys, changes or removals. Benefits should arise through negotiations with combinations, associations, secret orders or intrigues under the dominant Neptune ray.

Those whose birthday it is may expect a prosperous year with financial gain. They may speculate, but should not travel. A child born on this day will be kind, generous, philanthropic and popular. It will be generally successful.
