DR. ROSE ROBBED AGAIN.

For the Second Time, the Victim of Highwaymen.

Dr. D. Albert Rose, 50 Avenue-road, has once more been held up and robbed.

On Thursday night he was lured to a lane off Mutual-street by two men whom he met in an hotel. He was severely beaten and deprived of his good watch, which was taken when he was held up two years ago; but which was recovered by the detectives. He also lost \$2.

DIVES FROM TRAIN.

Prisoner Slips Handcuff and Makes Daring Escape.

EDMONTON, Alta., April 9.—(Special).—Traveling from Leduc to Fort Saskatchewan, in custody of a mounted policeman, a prisoner named Kane slipped off the handcuffs where he was chained to the seat and dived thru the car window. He was seen to rise, shake himself and, apparently unhurt, disappear in the bush.

Kane has many friends in the district. He was sentenced to 18 months for selling some horses.

Affairs Transacted in Business-like Manner, Without Obstruction—Residence Rule Goes Untampered—McGuire Elected 2nd Vice-President.

The twenty-second annual meeting of the Canadian Lacrosse Association was held in the Labor Temple yesterday morning before a well-represented gathering of lacrosse men.

In number of delegates present there was a decrease from former years, this being caused by the rule made a year ago doing away with paper clubs, and thus making this year's meeting a more thoroughly representative one.

The executive meeting was held at 9 o'clock, with President Kearns in the chair. The business of the day was the election of officers.

FOR some time my family tested me to buy a Goulay-Angelus. I did not know much about it, but felt sure they would grow tired of it in a month's time. So I tested an Angelus, the cabinet player adjustable to any piano.

"That was three months ago and instead of growing tired of it, the family are now more enthusiastic than ever."

"But they don't have to taste me any more. I'm as much of an Angelus enthusiast as any of them now."

"I wish you would let me know what allowance you will make on my present piano (which was new last year) in exchange for a Goulay-Angelus."

The Fascination of
The GOURLAY-ANGELUS
Player-Piano

Is in the fact that anyone can Play It Artistically

THIS truly marvelous instrument appeals to every member of the family, even to the strenuous business man. Nor is there any time limit. It is universal and perpetual. Because anyone can play immediately thousands of compositions of all kinds without previous practice or study.

This is only possible where there are the Phrasing Lever, the Melodiant, the Melody Buttons, the Diaphragm Pneumatics. The Angelus is the only Piano-Player possessing these vital features. The Goulay-Angelus is the only piano containing the genuine Angelus.

You are cordially invited to visit our Ware-rooms, where you can thoroughly post yourself on all the details of this wonderful instrument.

THE BIBLE NOT A
BOOK OF SCIENCE

Continued From Page 1.

He was glad to have Wellhausen on his side, who says that the flood is well led up to. How is the earth so suddenly corrupted as related in Genesis, called "Q," if this was not explained in J.E.

The next story of Noah was made up of two separate stories. One narrative tells of the building of the ark, the other of Noah and his sons. The Bible story is put along side the Babylonian story it is noticed that it takes both the Bible stories to make up the Babylonian. He granted the difference of style in the two stories, but he would not go into that question then. He did not believe, however, that there were two separate documents. This might be considered an obscurantist position, but it was the one occupied by Graf.

Two Points at Issue.

There were two points in which he decidedly broke with the reigning critical theory and with which he did not think he could ever see eye to eye. He could think the new view really made the Bible a grander book, bringing them nearer to Christ and his salvation he would be glad to part with all tradition. But he took quite an opposite view.

The first point was the carrying down the Levitical system to the postexilic age. He would not agree to this, but strongly affirmed his conviction that it was already being determined in very influential quarters.

Dr. Delitzsch had taken very strong grounds on this. There were the strongest grounds, he said, for thinking that the traditions stretched right back to the beginning.

The second point in which he quite disagreed was the late postexilism of the Jews. He did not believe in the derivation of God from some tribal God, a story God of Sinai, borrowed from the Kenites transformed into Jehovah. He had observed that Dr. Gordon of Kingston had criticized Dr. G. A. Smith for making too abrupt a transition between the prophets and the preceding age with respect to the conception of God.

"GOOD SMOKE OF LIFE."

A Fine Lot of Havana Arrive, "At Muller's of Course."

After the lenten season of frugality and denial one can again take a purely Arcadian interest in the "good smoke of life." The importations arranged for by G. W. Muller whilst he was in Cuba this winter are arriving daily.

This week there came a fine lot of "MI Necha" with Cuban-laden freshness. "MI Necha" suits the taste of a greater number of smokers than any other Havana cigar, because of a remarkable blend which combines the pleasing characteristics of other popular brands. Of absolutely uniform quality the "MI Necha" have always a good and distinctive flavor.

MI Necha Muller has them in all the popular places.

BOYS MANGLED BY CAR.

Two lads in Montreal killed while returning from church.

MONTREAL, April 9.—(Special).—Two boys telling from a church, were crushed to death by a street car near to-night. Joseph MacDonald, 9 years old, and Joseph Linnar, 14 years, were returning on the tracks at the corner of Papineau-road and Mount Royal-avenue. Immediately behind a car, there was a sudden stoppage. The boys, who were running, were caught in the wheels. The car was completely stopped while the boys' legs were cut off.

Representatives From Thruout Ontario Participate in Ritual.

Two hundred Knights Templar, representing the several Ontario provinces, met at the Grand Priory of Canada, assembled in Toronto yesterday to observe special Good Friday services. This was the first convocation of this nature ever held in the Dominion, being instituted at the last annual meeting by a special committee appointed to prepare a ritual for special religious day observances.

Yesterday's services were held under the auspices of the Cyrene Priory, there being a goodly representation from St. Catharines, Niagara Falls, Guelph, Barrie, London, Picton, Port Hope and Whitby present.

In the afternoon the Order of the Temple was put on after which the brethren dined sumptuously. At 7:45 they assembled in full regalia at the Temple Building and paraded down Bay-street to the New St. Andrew's Presbyterian Church, where Divine service was conducted in accordance with special ritual by Rev. T. Crawford Brown and Eminent Sir Knight Reverend J. C. Toulmie of Windsor, Ont.

The latter gave the sermon, using the text, "He saved others; Himself He cannot save." The offertory was a very liberal and will be devoted to the poor of St. Andrew's Parish.

Among the notables taking part were G. M. A. Campbell, London; grand chancellor, Will H. White, Montreal.

Fire in Michael Horton's residence at 297 Ontario-street yesterday morning did \$100 damage.

Weak Stomach in the Spring

You feel a disgust for food. There has been too much artificial food during the winter. Too much living indoors and breathing impure air. Too little outdoor exercise. The liver has become torpid and sluggish, the kidneys inactive and the bowels constipated, the blood has become poisoned and impure.

You must get these filtering and excretory organs awakened up. Spring finds much work for them to do, for they alone can purify the blood and get the digestive system working right.

The most rational treatment for you is Dr. A. W. Chase's Kidney-Liver Pills. There is no means known by which the liver, kidneys and bowels can be so quickly restored to vigor and activity.

You can verify this statement by asking your friends and neighbors, for few medicines are so well and favorably known as this tried and proven prescription of the famous Receipt Book author.

If your system is poisoned by impure winter blood, if your appetite is poor and your digestion slow, if you have headache, backache or constipation, the use of Dr. Chase's Kidney-Liver Pills is a sure and safe remedy. It is a popular, a test of this great medicine and you will understand why it is so popular.

Mr. Wm. Rogers, carpenter, Deseronto, Ont., writes: "I wish to say that Dr. Chase's Kidney-Liver Pills are the best medicine I ever used as they entirely cured me of dyspepsia. I suffered something awful with dyspepsia and had to be very careful of what I ate and to diet myself much that I was scarcely worth living. The use of Dr. Chase's Kidney-Liver Pills seemed to remove the cause of my trouble for they have completely cured me. I can recommend them most highly as a cure for dyspepsia."

Dr. A. W. Chase's Kidney-Liver Pills

Are particularly effective as a means of purifying the blood, and positively curing chronic indigestion, biliousness, constipation, liver complaint and kidney derangements.
