A wire from the mine management of the Temiskaming announced a new find of good pay ore at the 300 foot level on Monday afternoon. The lum-ber for the new concentrator is mostly on the ground and the frame work of the new ore grinding plant is well up alongside of the steel shaft house. The shares sold up some six points on the morning board, but closed weaker at 89. When the present liquidation is exhausted another bullish movement in the stock is expected.

stock which will receive a great deal of attention is contained in the advertisement in this morning's "World" of the stock exchange firms of A. E. Ames & Co., Limited, Toronto, and Rodolphe Forget, M.P., Montreal. The history and basis of the transaction are very fully set out in the advertisement. The vendors expect that, not only will the shares be fully subscribed for, but that they will have active markets with prices much higher than that at which the public are given an opportunity of buying.

The shares are to be listed on the Toronto, Montreal and New York Stock Exchanges, with transfer agencies in each of these cities.

Reference to the letter of President Goodrich, who is also president of the Twim City Rapid Transit Company, indicates the importance of the adjoining cities of Duluth and Superior as rallway and shipping centres, particularly for the iron and wheat industries.

Duluth and Superior are so easily accessible for visits by Canadians that the stock, coming on the market as a 4 per cent. dividend security at \$61 a share, will fill a place not occupied at present by, perhaps, any other security.

MEN! I'll Cure You Be-fore You Pay Me

When your nerves are weak, your back aching, your stomach weak and dyspeptia, your nights without rest, your liver torpid, and you have pains in warious party of your body, with a feeling of lassitude, a lack of energy, and spirit in your daily occupation, you will find in my wonderful DR. MLAUGHLIN ELECTRIC BELLT the source of health. How can snyoue remain in doubt as to the value of this grand remedy, when you see so many cures by it? Do you still doubt it? Would you believe, the evidence of respectable people in your own town? Then send for my testimonials. They come from everywhere—from all classes of people—and prove my claims over and over.

If I don't cure you it costs you nothing. All I ask is reasonable security and

Never mind waiting until you use the last dose of that bottle from the drug store. Begin now. Call and talk your case over with me or send for my book. It costs you nothing. For over 24 years I have taught the greatest truth, that "BLECTRICITY IS LIFE." and have proved the soundness of my doctrine by making cures when others have failed time and again. Others have aspired to do the work I am doing with my BLECTRIC BRIT. They offer you electricity in some form, or an "electric beit" that possesses no curative power whatever. They are like "boys on bladders" floundering on a sea of uncertainty—while to-day the &R. McLAUGHLIN ELECTRIC BELT stands the world over as the most perfect method of applying Galvanic Electricity to the body that has ever been devised.

PAINS ALL GONE-STRONGER IN EVERY WAY.

Dr. McLaughlin:

Dear Sir,—I felt a different man since I started to use your Belt. The pains in my side and back are all gone. I do not begrudge the money I paid for your Belt. I can now work all day, and at night I feel just as good as I did before I started. I feel twice as strong now as I did before I started to use your Belt. Your Belt has cured me. You may use this as you wish. Yours truly,
