A surprise was given to Y. M. C. A. Physical director Todghan, Saturday night, at the home of Secretary Wilson, where he met the boys of the Y. M. C. A. Junior and Intermediate classes, and was presented with the following address by Roy Boney.

St. John, N. B., Mar. 31st, 1905. Dear Mr. Todghan,

It is with sincere regret that we, the members of the gymnasium class of the Y. M. C. A., hear of your intended departure from St. John. During the year you have been our palatial instructor, we have learned to regard you with esteem and affection. We feel that it is due to your palatial and patient, that we have derived the benefit from the class which we have attended, in numerous ways. You have given our class-work new life, by organizing basketball leagues and regular weekly contests in games, etc. I now, on behalf of the undersigned members, wish you the best of success, and prosperity in your new situation, and may the St. John branch ever have a warm place in your affections.

Mr. Todghan made a suitable reply, after which Will Brown, on behalf of the league, presented Mr. Todghan with a gold-mounted fountain pen, with "The St. John Y. M. C. A. boys" engraved on it. The rest of the evening passed pleasantly with games and singing, and short addresses were made by George Kerstead, Gordon McIntyre, and S. B. Wilson.

GOOD SERVICES.

Portland Methodist Church Held Large Congregations Yesterday.

The Evangelistic services, in Portland Methodist church, conducted by M. A. Shaver, of Boston, were of a highly interesting character yesterday. In the morning the subject of his discourse was "Regeneration," founded on John 3: 7. The old truths pertaining to the New Birth were clearly and forcibly presented by the preacher. He first showed the necessity of regeneration because of the awful fact of sin, delving into heart and life, and making men unit for communion with a holy God here and hereafter. (Tuesday) evening, the subject was "The Holy Spirit," and the speaker, Mr. Shaver, pointed out that though this great work was wrought with mystery, it is something of which we may know the truth. The nature and method of regeneration were then discussed at some length, and under the proper appeals made by the speaker, many were led to exercise themselves with deep searchings of heart.
