Good Things Coming — Theatres of St. John

BEST ASSORTED BILL — YET AT OPERA HOUSE

Everybody in town is going to the Opera House this week and the high class programme of five good vaudeville acts and the 13th chapter of the "Crinson Saint Mystery," has been universally commended as the best assorted bill of the present vaudeville season. Adeline Lowe and Company, four English music hall pantomime artists, present a novelty act that is seldom seen outside of the very largest city theatres, and there are other acts on the programme of equal calibre. Whether you are a regular vaudeville patron or not—if you only go to the theatre once in a while, you will find a hearty laugh and genuine entertainment in this week's programme. Every afternoon at 2.30; every evening at 7.30 and 9. People's little price.

ONE OF THE BEST OF — BILLS AT THE GEM

Clara Kimball Young in "The Dark Silence," gives a gripping performance of a great part in superb play. St. John has before paid twenty-five cents to see this great actress. The Gem keeps to its own small prices. Then the vaudeville is exceptionally good. There's music with merry jingle and fun galore is enjoyed. Come tonight.

WASHINGTON HEARS TALK OF PEACE ADVENT

Idea, Says Steck Report, Appears to be German Back-down—The Stockholm Conference

J. M. Robinson & Sons' private wire (telegram).
New York, May 10.—"Underground rumors" of peace have become persistent. For two or three days there have been vague suggestions in well informed circles referring to peace developments of a definite character. It is intimated in some quarters that Washington has had information of this character from German sources. The idea appears to be a backdown by Germany. The advice here has influenced very important operators to settle short commitments, notwithstanding the liquidation by wealthy individuals in connection with the war financing.

Copenhagen, May 10.—"The Peace Mission" of M. Borgbjerg, a Danish Socialist leader and editor, as made known to the executive committee of the socialist and workers' delegates of Russia, apparently taken more seriously in radical socialist circles here and there in Berlin. M. Borgbjerg's own paper here hastens to weaken the positive statements of the Copenhagen News Agency by a denial that M. Borgbjerg has any official mission beyond inviting the Russian socialist to the Stockholm conference and the declaration that the peace conditions he described may be regarded as part of the peace programme which the Danish Socialists, after a conference with Philip Scheidemann, leader of the majority Socialists in Germany, may suggest as the possible basis for a settlement.

No comment has yet been received from Berlin concerning this situation, but the latest advice received by the Associated Press here is that M. Borgbjerg and his associates now entertained little expectation of any immediate peace, and that the utmost they expected from the Stockholm conference was to keep burning the flickering torch of the German government through Dr. Helfferich, the vice chancellor, and the Cologne pacifist, has dissociated himself from the Socialist programme and there is hope to believe that not placing his hopes in an independent act of negotiations.

Russians Decline.

Petrograd, May 10, via London.—A conference of the executive committee of the Socialist party has discussed M. Borgbjerg's peace terms and passed a resolution of that nature. The fact that M. Borgbjerg was acting in agreement with Philip Scheidemann and other German Socialists, has been noted and the resolution says the Russian Socialists will take no part in a conference with him or Herr Scheidemann.

BANGOR BELIEVES IN CLEAN-UP WEEK

(Bangor Commercial.)

Bangor will have its annual Clean-Up week beginning Monday and everyone will have the privilege of having the accumulation winter rubbish carted away free of expense. There will be a co-operative movement of city officials, Chamber of Commerce committee, women's club members and school children to make Bangor as spick and span as possible.

The teams of the street department, under direction of Street Commissioner Woodbury, will make collections.

Mayor Woodman, President F. W. Farrar of Bangor Chamber of Commerce, the leaders in the women's club, School Superintendent Wormwood, and the teachers in public, parochial and private schools will all lend their help to make Clean-Up week a big success.

"Every citizen ought to have pride in his city's appearance at all times," said Mayor Woodman, "but during the summer season when Bangor has so many visitors it's the duty of each citizen to interest in cleaning up and spread the clean up idea as far as possible.

Every man, woman and child should co-operate to make Bangor look its best. Co-operation for Clean-Up Week will mean successful results and I'm hoping that this will be the best clean-up week we have ever had."

Fire Chief Kelley will make an inspection of the boxes and fire alarm boxes and will see that all rubbish or accumulations of boxes, etc., which might be a fire menace are removed. The fire chief has mandatory powers in ordering removal of rubbish and he plans to do away with all hazards of this kind.

Rubbish intended for collection by the street department wagons must be placed in receptacles. No collections will be made of rubbish put into the side of the street. Everything must be in boxes or barrels.

REACHED VIMY CREST AND THERE WAS HIT

Pte. J. G. Parrett of St. John Writes of the Fierce Canadian Charge

Miss M. Graham, of 42 Brussels street, has received a letter from her nephew, Private J. G. Parrett, who was recently reported wounded. The letter follows:
"No doubt by this time you have been notified of my being wounded, but do not worry, I am coming along fine. I was wounded at Vimy Ridge, and no doubt you have read all about that terrible battle and wonderful advance we made. It was the first day of the big rush and the Canadians stormed the ridge with fixed bayonets. It is something that I will remember to my dying day. Hell itself could not compare with it. We drove the Germans like a flock of sheep, for it was impossible to stop us. We had advanced about three miles and then we stopped on the top of the ridge and that was where I got hit.
The Germans were shelling us very heavily, and a shell struck just beside me. It was a miracle that I was not blown to pieces. As it was blown about ten feet in the air and landed on my back. When I realized what had happened I looked around to see whether or not I had lost a leg or arm, but they were all there. I had a piece of shrapnel in my left arm at the elbow, another in the right lung and about twenty small pieces in the left side. I got bandaged up as well as possible and started back, but will never forget it. I sure had a rough trip. Well I am in England at last. The wounds are very nearly healed and I am able to move around."
