Half of them Sain John dry dock at Courtenay Bay. Though the boat was small by com-parison with the gigantic proportions of the crade in which she was born, and appeared particularly diminutive in such stalwart sea-going company— the Bosworth, the Canadian Raider of the C. G. M. M., and one of the new Emperor liners, which flew their pret-tiest bunting in honor of the new-comer — the official assemblage that graced the cristening was a distin-guished one, indicating the importance of the occasion. sociation Told REV. DR. JOHN PRINGLE. recently of Sydney, N. S., one of Ganada's best known Presbyterian ministers, who served overseas dur-ing the Great War as a chaplain, and lost his son there, is to spend his last days as a missionary at an obscure post north of Kamloops, B. C., where his charge consists of 35 groups of ranchers, miners, fish-ermen and lumberjacks. He spent it years as missionary in the Yukon, and is known as Pringle of the Yukon. He is now 73 years old. His transfer from the Maritimes to the B. C., field was announced at hedquarters of the United Church of Canada, Toronto, yesterday. REV. DR. JOHN PRINGLE. staggered almost unaided from the Head of Lakes to U.S. Ports Canadlan Press. NEW YORK, Dec. 5—A plan for the moking tunnel, while others were carried out unconscious. NEW 10KK, bet of the pair for the longest high voltage system in the world, to carry hydro-electric power from the St. Lawrence River and the Adirondacks to New England, North-ern New Jersey and New York, was The fight shifted this morning from the tortuous fire-swept earthen cham-bers to a little frame house, where a temporary hospital had been thrown up to receive the 22, together with 10 volunteer rescue workers, who collaps-ed from the fumes that rolled through the min-By A. M. BELDING. WINDSOR, Ont., Dec. 4-In reply to an enquiry, Secretary Ursell of the Grain Exchange, Fort William, wires me that up to the end of November 107,902,268 bushels of Canadian wheat and 32,499,235 of November 107, 902,268 bushels of Canadian wheat and 52,479,255 bushels of coarse grains, or 140,401,503 bushels in all, went from Fort William and Port Arthur to United States ports. There would be some further clearances for Buffalo, no doubt, after that date. That is presented yesterday at the annual meeting of the Empire State Gas and ANSWERS TO QUESTIONS. Biectric Association. The system which would cost about \$100,000,000 exclusive of generating plants and lines into New York City, would deliver a million kilowatts to the metropolitan district and a half million to New England. On this basis, the annual output of mergy at the points of delivery would he about 9,600,000,000 kilowatt hours, more than four-fifths the annual consump-tion of New York State. The trans-mission lines committee which pre-pared the study, estimated this power will be needed between the years 1983 and 1985. THREE UNITS. Electric Association. DEATH CLAIMS TWO some further clearances for Buitalo, no doubt, after that date. That is to say, by far the greater portion of Canada's grain exports continue to yield profits to American railroads and American ports, while our own languish. In this connection I may quote an extract from a long letter received from a citizen of Toronto, who had been reading about the Winnipeg conference and sought fuller information. Of our ports, DISTINGUISHED PARTY. There death came to claim two-Robert Stevenson, a miner, and Charles Herquist, a rescue worker. Pulmotors and oxygen were being used by a corps of doctors. Most of the men will recover, but a few were reported in a critical condition. DISTINGUISHED PARTY. Vice-President Grant Hall of the C. P. R. stood on the platform with his daughter, Mrs. H. Stockwell Day, who performed the christening ceremony of the new boat. There were also present Hance Logan, former M. P. of Cumberland county, N. S.; Designer W. H. Milne, of the Saint John Dry-dock and Shipbuilding Company, and Mrs. Milnes; President Frank M. Ross, of the docking company, and Mrs. Ross; E. C. McDade, of the Parrsboro Board of Trade; Supt. George E. Gra-ham, of the Dominion Atlantic Reil-way, Kentville; V. G. R. Vickers, of DAME CHAMBERLAIN DAME CHAMBERLAIN Wife of Austen Chamberlain, who was specially honored by the King for her part in the success of the Locarno conference, by being decor-ated with the Insignia of the Grand Cross of the Order of the British Empire. **Berlin** Cabinet critical condition. One of the first rescue workers in the main tunnel of the mine saw Wal-ter Swanson, one of the entombed men, staggering toward him, and shouted to those above: "They're all safe, they're all safe." * * * * * Quits Office "OUTSIDE of a few special interests we are united in the desire to see the ports of Saint John and Halifax used for the transshipment of Canadian commerce. We are tired of shipping and re-ceiving our goods through foreign ports. Even at considerable cost, and at the sacrifice of other advantages, most Canadians would support such measures as would solve this problem." Over Locarno all safe." Joy was short lived in the gathering at the top of the shaft, for the rest failed to follow. Swanson walked out, little the worse for his experiences. The rescuers continued their search down the main tunnel, and encountered a gas pocket, which overcame the party. The stronger of the men carried out those who had collapsed. World News In ham, of the Dominion Atlantic Rail-way, Kentville; V. G. R. Vickers, of the C. P. R. central executive, Mont-real; General Superintendent J. M. Woodman, of the Atlantic Division of the C. P. R., this city; Mechanical Superintendent Laurie Ells, of the D. A. R., Kentville; H. G. Smith, Town Clerk, Parrsboro, N. S.; Manager Frank C. Wilson, of the dry dock, and a considerable party of prominent Saint John citizens. THREE UNITS. THREE UNITS. One unit of the proposed system would run from Eastern Canada, through Western Vermont, Massa-chusetts and Connecticut to a point near Lake Champlain and through near Waterbury. A second would extend from the St. Lawrence, east through Melone, N. Y. to a point near Lake Huron Schnectady down the Hudson to New York: This would be connected with the New England unit. A third line would begin on the St. Lawrence near Massena and extend through Utica to Northern New Jersey and the metro-politan district. MADE NO DIFFERENCE

"Did the defendant practice said con-cealment or make said representation with the intent thereby to induce the plaintiff to marry her?" Answer, "Was the plaintiff, by said conceal-ment or by said representation, or by both, induced to marry the defend-ant?" Answer, "No."

"If the plaintiff had known that de-fendant was of colored blood, would he have married her?" Answer, "Yes." The jury did not answer this ques-tion: "Did the plaintiff cohabit with the defendant after he obtained full knowledge that the defendant was of colored blood?"

The answers to the other questions follow: "Did the defendant before the mar-riage, by silence, conceal from the plain-tiff that she was of colored blood?" Answer, "No." "Did the defendant before the mar-riage represent to the plaintiff that she was not of colored blood?" Answer, "No."

his annulment suit against his mulatto wife, Alice Beatrice Jones, in a verdict returned today by the jury which heard the case. The sealed verdict returned by the jury was opened and read by Judge Morschauser. The jury answered "yes" to the first question: "At the time of the marriage of the parties was the defendant col-ored and of colored blood?" This had been conceded by the defence as fact.
