CARS DERAILED; ONE MAN KILLED

Accident on Tobique Division Today — Fireman Dead and Engineer's Arm Broken

Word reached the city this morning from Blaker Rock telling of a fatal railway accident which occurred near there today about 8:30 o'clock when an engine and two freight cars of train Number 22 left the rails, the engineer Percy Sisson, having his arm broken, and the fireman, William Muckler, losing his life. The accident took place on what is known as the Tobique sub-division near Odell River station and is supposed to have been caused by icy rails, in fact a despatch to Wm. Dorr, superintendent of the Atlantic division, confirmed this later in the day. The wheels of the locomotive skidded over the icy rails and plunged down the embankment carrying the fireman to his death. Two freight cars were piled cross-wise on the track and turned over. Messages for help were hurriedly sent and a relief train from Perth brought doctors from that town to the scene of the wreck, while an auxiliary crew was also rushed forward. The work of caring for the dead man and attending to the treatment of Engineer Sisson was begun, and the crew set to work in clearing the wreckage, which required several hours.

ENGLISHMEN BUY 91 LOTS

Westmorland Road Property Sold — N. C. Scott Farm Transaction Closed

An indication of the direction in which English investors expect the city to grow and the substantial character of the growth which they expect is given by a sale of suburban property which has just been completed. A syndicate composed of business men of Liverpool, England, has purchased from Arthur H. Likely, a block of ninety-one lots situated in the Westmorland Road. This was formerly known as the Morris property and is located on the southern side of the road beyond Canon Hoyt's property. The land is smooth and level with a gentle slope to the southward and is regarded as admirably suited for building purposes. It was bought only after the close investigation of local conditions. The price paid is said to have averaged \$200 a lot. The purchase of the N. C. Scott farm on the Manawash road has been completed and the exchange of the cash and documents took place at the end of the week. The purchase was arranged by Arthur H. Likely and the property is now held in the names of Joseph A. Likely, Arthur H. Likely, Frank J. Likely, Thomas Hay, and W. Malcolm Mackay. The price paid is said to have been in the vicinity of \$100,000. The completion of the sale of N. C. Scott's farm on the Manawash road has increased the interest in property in that direction and it is understood that very little of the best property has been left on the market. F. L. Potts has secured an option on the S. G. Scott farm adjoining that of N. C. Scott. It contains eighty-one acres.

They were unattended, but the ceremony was witnessed by a large number of friends. The bride presented an attractive appearance in a costume of white satin and wore a veil and orange blossoms. She carried a shower bouquet of white carnations. After the wedding Mr. and Mrs. Hart left on the 12:40 train for Bridgetown, where they will make their home, and where the groom has met with much success as a merchant. DREDGING RESUMED TODAY. Dredging operations in St. John harbor which had been suspended on an order from Ottawa, presumably because the appropriation had been exhausted, were resumed this morning. SAYS C.P.R. DOES NOT WANT TO EXTEND LINE TO BOSTON. Sir Thomas Shaughnessy, president of the C. P. R., who was in Boston last week, is quoted as saying:—That his road has no intention of building into Boston, as his traffic arrangements with the New Haven and other New England roads were satisfactory.

"We do not desire to extend our lines beyond the international boundaries at the present time," said Sir Thomas. "We don't think it is necessary for us to send into this city. We do not want to. We do not care to. We have all the transportation facilities we want here at present."

"We are just one of the great many factors in the transportation affairs of Boston. We always conduct ourselves in such a manner that while we are at the mercy of Boston, instead of being at our mercy, they will try to use us well."

SISTER IN ST. JOHN.

The commanding officer of the Salvation Army at St. John has received the following letter from Edmonton:— My Dear Comrade—I should be pleased if you could look through your directory of the city, or put a paragraph in the newspapers, concerning the following:— Mr. C. Fege, 72 years of age, painter by trade, who died Dec. 27 in Edmonton. I understand from the man for whom he worked, and also the Mounted Police, that they have no clue to the identity of the man's friends, but they understand through conversation that he has a sister at St. John. If you could find out anything through the mediums that I have mentioned, I would be pleased if you would let me know at once. I am, yours truly, JAMES MERRITT.

P. S.—I might say that there is some property the man held here, which is at present in the hands of the police, and they will be pleased if the sister could be found, so that they could hand it over to them. J. M.
