WINNIPEG MINISTERS ARE AGAINST SUNDAY FUNERALS

Winnipeg, Man., Nov. 25.—Sunday funerals were condemned yesterday by the Winnipeg ministerial association. Rev. S. Whiting proposed the following resolution, which was carried: "That as a ministerial association we pronounce against Sunday funerals, ex- cept where it is deemed absolutely nec- essary, and that a copy of this resolution be forwarded to the Undertakers As- sociation."

He felt that it was unfair to ask min- isters to take on more work in addition to the regular Sunday routine work, and that it was a thing from the point of view. If the association would take action as a body it might do a good deal of good.

TO TAKE STEAMER OFF EASTPORT-CAHALIS LINE

Eastport, Nov. 25.—It looks now as though the up-river folks are about to be deprived of the benefit of even week- ly trips of the steamer St. Andrews dur- ing the winter, as soon after the steam- ing on the Eastern Steamship Corpora- tion began the winter schedule of one trip each week between this city, St. John and Boston, the Cahalis boat will be taken off the route. As the greater part of the down cast weather, the com- pany does not feel that the business would warrant keeping a steamer betwixt this city and Cahalis, especially during winter, February and March.

ARE AGITATED IN INDIA

Investigation of Troubles in South Africa Urged

Botha Opposes It

Say Autonomy Must Be Respected and South African Viceroy Must Not Inter- fere—Objects to Statements in British Press

(Canadian Press)

Simla, India, Nov. 25.—The effect in India of the agitation among the Hindus in South Africa, where they are pro- testing against the restriction of Asiatic immigration, is serious.

The Indian government cabled twice in the last few days, impressing upon the Marquis of Crevaux, lord privy seal and formerly secretary of state for India, the need of an impartial investigation into the charges made by the Hindu workers that there was ill-treatment in the mines of South Africa.

Viscount Gladstone, Governor-General of South Africa and Lord Hardinge, Viceroy of India, have already ex- changed cable messages on the subject.

London, Nov. 25.—General Botha, in a trenchant speech on the Indian situa- tion in Natal last night, made it clear that South African autonomy was to be respected as much as that of Cana- dia, Australia and New Zealand. Inter- ference on the part of His Majesty's In- dian Viceroy, Lord Hardinge, in a mat- ter which was obviously domestic would not be tolerated.

The South African government, as a self-governing state, had, he said, every right to deal with the present situation in its own way. He uttered a serious warning about the possible mischief of citizens in the British press as to treatment of Indian coolies, and said that if any genuine case of cruelty was brought to the notice of the union gov- ernment, it was ready to make a thor- ough investigation. So far, there was nothing to support the allegations.
