BLOOD THAT IS BLOOD What The Navy League Does

The Navy League keeps the Sailors, Widows and Orphans, and holds out a hand to the sick and distressed seaman.

The Navy League stands for Canadian owned ships, manned by Canadian seamen, so our boys must be helped in their desire to follow the sea.

The Navy League realizes the vital importance of Sea Power to our Empire and seeks to educate public opinion for this purpose.

The Navy League contributes to Sailors Homes and Hospitals, and to our own Seamen's Institutes.

The Navy League does not contribute One Dollar to the British Navy.

Give liberally to the Funds of the Daughters of the Empire call on Thursday and Friday. Remember the money is to be spent in Canada.

MATTER OF THESE MEN JOINING THE UNION

The question of certain men employed in the freight sheds about Long wharf and membership in the Freight Handlers' Union was discussed today.

The men were engaged at this work for many years, some of the older amongst them from ten to fifteen years, excepting some eight of them who are returned soldiers.

Stephen Fleming was charged with having a loaded revolver in his possession. George Logan, who appeared for the accused said that he was on the staff of the assistant provost marshal for military district No. 7.

UNPARDONABLE SIN PROVES GREAT SUCCESS

Hundreds Unable to Secure Admission at the Unique Last Evening—Will Run Entire Week, Four Shows Daily—Daylight Time.

The much heralded feature, "The Unpardonable Sin" duplicated its success in other cities yesterday at the Unique where at the afternoon shows it was greeted with capacity houses, and in the evening hundreds could not secure admission.

The reading public will identify the picture as a screen adaptation from the novel, "Unpardonable Sin," which was read by millions in the Red Book and Harper's. Those who have read the book recall the remarkable adventures of the leading character, Dimmy, whose sensational search for her mother and in battle scattered Europe after learning of their treatment at the hands of a German officer, forms the basis of the story.

Place your carriers plying the all-water route from the head of the Great Lakes to seaboard, via the New York canal, subject to regulation so that their rates are rigid and inflexible and what will be the result? The Canadian line, to Montreal will be unregulated and uncontrolled. Grain will follow a route offering the smallest fraction of a cent per bushel saving, and there can be doubt but that the Canadian carriers, being free to make any rate sufficient to attract the business, will offer this saving.

According to the News it would not be long before the evil effects of this bill would be felt by Buffalo. It declares that the elevators in that city would fall into disuse because commerce would be directed to the Canadian water route, and Montreal would grow and prosper at the expense of Buffalo. While this is true, it is not all of the truth for such an outcome would also seriously affect the commerce of New York city, and dispel the dream of Troy, with a deepened Upper Hudson channel, taking it, also pointed out that the Canadian government is too wise to impose any measure of control that would embarrass wholesale competition—Rochester Democrat and Chronicle.

Maritime Circuit Meeting. Fredericton, N. B., Oct. 21.—A meeting of the maritime circuit court has been called for Oct. 29, in Fredericton when it is expected that representatives of all the tracks in New Brunswick and the western of Nova Scotia will be present. It is proposed to wind up the business of this season and to take preliminary steps toward organization for next year. Affiliation with or inclusion of the Aroostook track is to be before the meeting.

YORK "L" FROGMENT. New York, Oct. 21.—Four persons were killed and several injured when a Third Avenue elevated train crashed into the rear of a second train stalled between 117th and 116th streets early today.
