drawing-rooms with their rich decorations, broad carved oak stairways, elegant stained glass windows, all combine to render the College buildings, when completed, the most perfect, the best equipped and the best adapted to their educational purposes in the country.

The Directors desire to tender to the members of the Conference their grateful thanks for the confidence and the hearty co-operation in the college work in the past, and cordially commend the College to the most favorable consideration and the continued patronage of the Church.

On behalf of the Board.

Whitby, June 1, 1895.

George A. Cox, President.
H. B. Taylor, Szcretary.

Moved by Rev. W. J. Jolliffe, B.C.L., seconded by Rev. C. Parker, and Resolved,—That we have listened with great interest to the report of Whitby Ladies' College, as given by the Principal, Rev. Dr. Hare. We rejoice in the success of the past year, and express our pleasure in having the College within the bounds of this Conference, and assure the Principal of our sympathy in the important work in which he is engaged.

ALBERT COLLEGE, BELLEVILLE.

To the members of the Bay of Quinte Conference of the Methodist Church.

Dear Brethren,—The past ten years, under the blessing of God, have been years of wonderful prosperity in the history of Albert College. The enrolment has steadily increased from 125 to over 200. There has been an unbroken record of successes in every department of the college work.

Students have been prepared for the different grades of teachers' certificates and for junior and senior matriculation into the universities with a degree of success unsurpassed by any High School or Collegiate Institute in Ontario. In June, 1894, a class of six wrote on Senior Matriculation and all were successful, two of the number securing First Class Honors. This year 210 students have been enrolled; of this number twelve will write on Senior Matriculation. Arrangements have now been perfected with the University so that Albert College prepares students for the first year's work in Arts, with Honors in all departments.

The long college year, extending from September to the end of Junewith the class-room grind which the students receive, enables the College to do this work with eminent success. The classes for Junior Matriculation, Rrimary, Junior and Senior Leaving examinations are usually well filled, and we are hopeful of success. Of eight candidates for teachers' certificates in 1894, six were successful. This is a very high percentage, and proves the college work to be well organized and thoroughly efficient. This class of students in attendance ought to be largely increased. In April last, twenty-nine wrote on the Conference preliminary examination. The College offers just the advantages which these young men require. Special classes are formed in the English and theological subjects to meet their requirements. It is expected that the recent legislation of the General Conference in raising the standard
