Soon it was found that he fourth officer Cecil Claxton, who is making his second voyage on the steamer. Before the voyage concluded the young couple became engaged, and all the older members of the ship's mance and told of it with pride.

Word was brought from Hongkong ott against American goods and had sent out circulars to all their country-men. The proximate cause of this step is the transfer of the detention station at San Francisco from the mainland to an island, in which isolated position the Chinese allege that they are unable to procure sureties, and are therefore virtually imprisone on the island. It will be remembered that when this step was taken last month, several of the leading Chinese chants at San Francisco organized a League of Justice, and doubtless this league is directly responsible for the boycott now set on foot in Canton. The boycott until the situation of the

etention station is altered. Some of the people from the Orient declare that the Chinese love a boycott and that now that the Japanese boy-cott is off they cannot exist without having at least one on their hands. The Monteagle discharged a quantity freight at this port and then pro-

H. M. S. ALGERINE BACK AFTER NORTHERN CRUISE

Spoke a Number of Local Fleet of Sealers With But Small Catches

(From Monday's Daily.) After a six weeks' cruise in northern waters, H. M. S. Algerine, Capt. Jones, returned to her moorings in Esquimalt arbor at 6 o'clock this morning. The trip was an uneventful one, and no exciting incidents marked the journey.

The weather during the greater part of the passage was dirty, and the little sloop-of-war had rather a hard time in the Behring Sea. The visit of the Algerine to the north was mainly to patrol those waters during the sealing season. Two sealers were spoken by the Alger-ne while in the north. The Eva Marie, the young couple became engaged, and all the older members of the ship's company from the captain downwards then took a fatherly interest in the skins. No other vessels were sighted in the north.
