Shoo FLY ! :-- The Moncton Times says something which the Times has been doing against railway officials. It is entirely nistaken, for we pay about as little attention to the railway complaints of the Times as the Government has done. As wild the good ship lurched—
Upon the cross trees and the yards

Valuable Information.

MR. H. R. STEVENS:

Dear Sir,—My only object in giving you this testimonial is to spread valuable information. Having been badly afflicted with Sait Rheum, and the whole surface of my skin being covered with pimples and eruptions, many of which caused me great pain and annoyance, and knowing it to be a blood disease, I took many of the advertised blood preparations, among which was any quantity if Sarsaparilla, without obtaining any benefit until I commenced taking the Verentra, and before I had completed the first bottle I saw that I had got the right medicine. Consequently I followed on whit it until I had taken seven bottles, when I was pronunced a well man, and my skin is smooth and entirely free from pimples and eruptions. I have never enjoyed so good health before, and I attribute it all to the use of Verentra. To benefit those afflicted with Rheumatism, I will make mention also of the Verentra's wonderful power of curing me of this acute complaint, of which I have suffered so intensety.
