He has taken the cial Reciprocity would be equivalent to that early meal of strong coffee, sweeten hibition also become a fact the cause follest advantage of the Government's the addition of sixty millions to the con- ed cakes, fried pork and potatoes, with a for new methods of revenue-raising will be still greater, yet many believe in and upon the Government in a free market. He also points out the dignity and independence of Parliament, and upon the Government in a free market. He also points out the shutting her up for a week's starvathat nearly all Americans now engaged in tion on bread and water. the lumbering business in this district invested their money here while the old Reciprocity Treaty was in force. Mr. Bronson shows that Sir John Macdonald committed a great blunder when he refused in 1871 to accept the proposition of the American Government to allow Cana

La Justice Quebec, referring to dian salt, lumber, coal, his and his products to be admitted free of duty into the IN USE

A further question naturally demands an answer. Are the people of this country educated and ready to support the men who will adopt this policy and sustain them in power wheat the time comes to put it into practice? If they are they can have commercial union and a better financial condition besides. But if they are not prepared to proceed to the realization of true and to promote civil war, to sauc ion the sin promote civil war, to sauc ion the support the men was a first part to duty into the unian stem of guebec, referring to Dominion Day, says: "Confederation has best days. Thanks to the injustice of the Tory party, 1th as best days. Thanks to the injustice of the Tory party, 1th as become the grave of provincial rights, a source of humiliation and a mouldy system, whose end is nigh. We therefore refuse to join any longer in observing as a public holiday a day which recalls the sal memory of our loss disappeared and the award against the United States caused a feeling of irritation.

A further question naturally demands an answer. Are the people of this country educated and ready to be admitted free of duty into the United States in return for the use of the Canadian fisheries. Had that proposition been accepted Mr. Bronson thinks that the would have been of immense advantage to Canada, especially during the years of commercial depression, whereas, the money compensation which was obtained by means of the Halifax commission has a people and of our laws disallowed. The foderal compact, which is used to oppress the weak, to crush the oppressed, to provincial rights, a source of humiliation and a better financial condition besides.

But if they are not prepared to provincial rights, a source of provincial rights, a source of our laws disallowed. The does not be admitted free of duty into the United States in return for the use of the Canadian fisheries. Had that proposition been accepted Mr. Bronson thinks that the would have been of immense advantage to Canada, especially during the years of commercial a better financial condition besides. But if they are not prepared to proceed to the realization of true and solid advancement, then commercial union, like other reforms necessary to the country's progress, will remain among our national hopes deferred.

Then to begin the day again. After beakfast they run up stairs, spread up their bed with all the exhalations of their b
