

SEE THAT THE AC-SIMILE SIGNATURE OF CHAS. H. HITCHCOCK IS ON THE WRAPPER OF EVERY BOTTLE OF EASTORIA

Eastoria is put up in one-dra bottles only. It is not sold in bulk. Don't allow anyone to sell anything else on the plea or promise that it is just as good and "will answer every purpose" as that you get CHAS. H. HITCHCOCK'S EASTORIA.

Persons familiar with these facts in fact that Miss Halporn was poisoned by a drug company since Mrs. Adams was fortunate enough to survive. They declare that the decomposed powder, which had been kept a long and under wrong climatic conditions by a druggist, had formed poison in every way similar to Prussian blue, and that the result was the poison in the system. Under this hypothesis, no person is guilty of the murder of Mrs. Adams.

AGAINST THE TREATY.

Thought That Newfoundland Reciprocity Will Fail.

Maine and Massachusetts to Form Nucleus of Opposition.

A recent despatch from Washington says that the Newfoundland treaty is likely to meet the same fate as other reciprocity proposals. It is believed that the senators from Massachusetts and Maine will form the nucleus of the opposition. These senators will probably deem it more consistent with protective principles to safeguard the interests of producers, which may be individually large, than of consumers, whose interest, though vastly greater in the aggregate, is so distributed as to be unfeeling. The value of Newfoundland's trade under reciprocity to the markets of Boston is another one of those advantages so distributed as to be unheeded.

THE P. & B. WEST INDIA LINE.

With a view of obtaining a better knowledge of how the travelling public regarded the Pickford and Black Line of steamers to Demerara and the British West Indies, the firm last year placed on each of its boats a book of some 200 blank pages entitled "Passengers' Remarks". On the first inside page of this book it was stated that its purpose was to record the suggestions of passengers on any subject which might be of benefit to the service, also to record complaints regarding the steward's department, in any way found necessary. The book was put in the purser's office on each ship and notice given to the passengers that they were invited to write in it if they so desired, and as each steamer returned from her voyage the reports were carefully examined, copies made of each criticism, and the same put on file at the Halifax office. The firm expected to have had at least a few fault finders, because on a long sea voyage time is apt to weigh heavily and people are almost sure to grow fretful. Yet not one of the three or four hundred who took pains to express an opinion had signed but good words for the Pickford and Black service.

ON THE ST. CROIX.

Two Recent Deaths—Football Match—Left His Man for Dead.

ST. STEPHEN, N. B., Nov. 22.—Two men, named Patterson and Murphy, quarrelled over a game of cards in a shop at Milltown, Maine, last night. Murphy used an iron handle on the other man's head with such force that he was left for dead. He is still alive, however, though in a precarious condition.

CARLETON CO. LIVE STOCK.

W. W. Hubbard, who in a few weeks will assume the duties of agricultural agent of the Canadian Pacific railway, is already receiving letters, which show the interest that is being taken in the work of his department. Among them is one from Nathan F. Phillips of Pembroke, Carleton Co., who in part says:

It would like to see a trade developed in stockers for the Northwest from the lower provinces. I have been

OTTAWA.

Changes on the Supreme Court Bench.

War Medal Approved By King Edward for the South Africa Workers Who Took Part in End of Campaign.

A Branch of the Navy League Formed at the Capital—Its Promoter on His Way to St. John—The Two Mountains Election Case.

OTTAWA, Nov. 24.—Justice Armour was sworn in a plenary judge of the supreme court of Canada this morning. The new judge took the oath of office from Sir Henry Taschereau in the conference room before the meeting of the court.

A delegation from the Quebec bar waited on Sir Henry Taschereau and presented him with a congratulatory address. The address also congratulated Justice Armour on his appointment. Chief Justice Taschereau replied briefly. When the court met, the registrar read the commissions appointing Sir Elzear chief justice and Justice Armour, judge of the court. Justice Armour took his seat on the bench.

OTTAWA, Nov. 23.—The King has approved the grant of a second war medal bearing his effigy in recognition of service rendered by troops in the latter phases of the campaign in South Africa, and to reward those soldiers who served the long service in the field.

FREDERICTON.

Faullst Fathers Close Their Special Mission at Capital—V. M. C. A. and Football: To Be Wedded on Wednesday.

FREDERICTON, Nov. 23.—Faullst Fathers Burke and Daly of New York today finished their special mission services in the Roman Catholic church, which have been held three times daily during the past fortnight. The mission has been very successful and has been attended by many non-Catholics. As a result of an eloquent and powerful temperance address the other evening, nearly two hundred men have taken the total abstinence pledge, and a total abstinence society is to be formed in connection with St. Dunstan's R. C. church.

The football team from the Saturday Boys' School visited here on Thursday and met the second team, U. N. B., on College field in the afternoon. The College field in the afternoon. The College juniors defeated the visitors, 6 to 0. It was one of the best games seen here this year. Neither team scored in the first half, but the U. N. B. crossed the visitors' goal line for two touchdowns in the second half.

Y. M. C. A. matters are receiving much attention here at present, and a vigorous canvass is being prosecuted to raise \$5,000 to pay off the mortgage on the building and free the Association from debt. Nearly half the desired amount has been subscribed. An Association was presented in several churches today by Secretary Thompson of the International Committee of New York and Secretary Wilson of the St. John Y. M. C. A. Both also addressed a largely attended meeting at the Y. M. C. A. hall this afternoon, and this evening they spoke at the Free Baptist church.

FIRE AT AMHERST.

AMHERST, Nov. 23.—Quite a fire took place in the early hours of this morning in a building on Victoria street, occupied by McLean & Tallor as a billiard and pool room. McLean lived on the premises. His loss is small. The fire alarm was given by the cry of fire at 1 a. m. Eight minutes after the bells and siren gave the alarm; the building being overcrowded, gave way and precipitated the fire. The fire was extinguished by the fire department. The loss is small. It was caused by a gas stove.

CHOLERA SPREADING.

MANILA, Nov. 23.—The cholera is spreading among the Moro towns on the west coast of Mindanao and there is much consternation among the people. Quarantine increases the danger by stopping work and the movement of supplies. Gen. Davis has telegraphed to General Sumner directing the military to be on the alert and to be ready in the infected and quarantined towns. The disease is again disappearing from this city.

REV. MR. ROPER ACCEPTS.

Rev. E. H. Roper, a congregational clergyman located in the vicinity of Boston, met the managing committee of the Seaman's Mission Saturday evening with a view of considering whether or not he would assume charge of this mission field. Sunday evening Mr. Roper preached at the mission at 7.30, and later in the evening Exmouth street church choir took part in the service.

Mr. Roper has been asked to accept the position, and has practically accepted. He will leave today for his home to arrange matters, and is expected to return to this city at an early date.

CANADIANS IN SOUTH AFRICA.

Lieut. Colonel Greenwood, late commanding 3rd Dragoons, Peterboro, Ont., and Capt. J. H. Parks, late of the 8th Hussars, St. John, two officers of the South African railway staff, were at Springs Transvaal one day in October last and from there took a train and drove out twelve miles to the farm where they buried Lieutenants Borden and Birch two years ago. The officers had no trouble to find the place again with the help of a man and the farmers around, most of whom had been in the scrap on the 16th July, 1900.

The place has changed a good deal since they saw it last. Most of the farm houses had been burnt down after they left there and the places have been running wild for the last three years. Now at nearly every ruin of a house there is a couple of tents containing the Boer and his family busy at work fixing things up and making a fresh start. Most of them are quite reconciled to the new order of things and seem to bear us no ill will.

There is a stone there which was sent some time ago from Canada for poor Borden's grave, and the women are going to erect crosses on the other graves, and these two officers were locating the spot in order to arrange to have them sent out and erected.

THREE DEPARTMENTS: BUSINESS, SHORTHAND AND TYPEWRITING, TELEGRAPHY.

The graduate from these departments stand a better chance for success in life than the graduate from Harvard or Oxford University.

Our Catalogue will convince you. Send for it.
