THE BARBADOS MARKET.

From the report of S. P. Musson, Son & Co. the following particulars of the Barbados lumber market are extracted: The Mercedes arrived from Bellevue Cove, N.S., with 162 M feet spruce. This was sold at \$15 for shipping boards, \$11 for second quality, and \$12 for plank. There seems to be but little demand for spruce, the course of the market of late being disappointing. In white pine there have been no receipts, and the position is stronger. One or two small cargoes would bring about \$20 for good shipping, with customary difference for second quality. In shingles there is a fair enquiry for the cheaper grades of cedar laying, which would sell at \$2 or thereabouts. The Duart Castle brought some 300 M long Gaspe cedar, which were placed at \$5.35, and a small lot of 6, 5, 4 and 3 inch sold at \$6.55, \$5.55, \$4.55 and \$3.55 respectively. While these shingles have been readily taken by some of the dealers, others are holding aloof, anticipating somewhat lower figures in the future; at the same time, much will depend on the extent of shipments.
