**ADDICTED TO XYBOTS**  
Rushin' through my classes  
so's I can hustle to the SUB  
Wanna play some XYBOTS!  
Gotta have my XYBOTS!  
Lemme at that joystick,  
better move it over, bub!  
Need to play some XYBOTS!  
Itchin' for some XYBOTS!  
Mindless thrills as I advance  
past five dozen levels  
and if, perchance,  
I do indeed get blown away,  
gotta pound of quarters -  
I'll play all day!

My eyes grow bleary, my palms do sweat,  
my feet are rooted to the floor  
Hurtin' for my XYBOTS!  
I only need my XYBOTS!  
Can't stop now, I'm on a roll  
Payin' good money for the highest score!  
Goin' nutty over XYBOTS!  
My kingdom for those XYBOTS!  
The crowd around begins to churn,  
waiting restless  
to have their turn  
But I'll not budge -  
they wait in vain:  
When I get slagged, I start again!

What a knob my partner is!  
He always shoots me in the back  
Gimme gimme XYBOTS!

## Rugby Club

The U.N.B. Rugby Club would like to thank all the students who attended the Pub in the Sub on Friday, November 25, with FM. Everyone who attended seemed to enjoy themselves. The Club would also like to thank Tim MacTavish and Labatt's Breweries for their generous sponsoring of the team both for this event and throughout the year. The Club would especially like to thank Campus Entertainment, who generously offered FM for the Pub, and in particular Jackie Veinott (new president of C.E.) whose tireless efforts really made the event the success it was. The Club wishes Jackie all the best in Her new position, and we look forward in the near future to when we can collaborate again on such an event.

Yours Sincerely,  
John Carr  
Treasurer, UNB RFC

## Geneologist

Dear Sir;  
Several Years ago I wrote a letter to the Ed. for info on some of my families from the St. John area and the response was wonderful. I received info from many wonderful people who took the time to respond and tell me about the Carvell, Hamm, and Stevens families. I have been able to extend these families to their loyalist beginnings, and appreciate very much their help.

I am now looking for information on the Hamilton and Howard families who were

I'll sell my Granny for some XYBOTS!  
Just wait 'till I get you in my sights,  
Then you'll be sorry, Jack!  
The bolts are flying,  
the 'bots are frying,  
the funky music beats in my head  
One wrong move, and I get hit,  
and with an "Aaaauggghhh!"  
I am dead...

I'm out of quarters.

Oh, what the heck...  
Tell me Sir, will you take a cheque?

NIKE M.

## THE FOG THAT IS PHYSICS

The words  
The symbols  
The formulae  
They hang meaningless before me  
lost in their own world  
They barely know themselves  
I know them not at all

And time creeps by  
And Professor drones on  
At least he understands...

What a jerk.

connected with the Carvell family.

Jacob Carvell born 1749 in Trenton N. J. Married 2nd, Mrs. John Howard, in Fredericton, in 1784. There were several loyalists named John Howard from N. Y. who lived in Ernestown, were they connected?

Jacob's only son of this marriage was Lewis, born 1785, who married Elizabeth Hamilton who was born about 1777 and died 12 July 1833. They had 8 children:  
George Lewis Carvell, married Hannah Stevens  
Hugh Hamilton Carvell, lost at sea

John B., died young  
Sarah Emma, John White

William Bailey  
Elizabeth, (1) Mr. Giggy,  
(2) Mr. Edgely  
Edward, Eliza Parker  
John Howard, (1) Eliza Lilly,

To Whom It May Concern,

On Saturday, Nov. 26th, Grad Class '89 put on Comic Relief in the Social Club. Unfortunately the sound system for this event ran into several difficulties such as not being at the proper place at the proper time and not working properly once it got to the Social Club. Tim Judah put a lot of effort into this event and, in fact, he salvaged the whole evening by getting replacement equipment. It was because of poor management on my behalf that the system was not

everything Tim Judah desired. I hope the Grad Class accepts my apology and my assurance that these mishaps will not happen again.

## Helped Education

Dear Editor:

I am writing to thank you for having run the article "Advice and Support" in the November 25, edition of your paper. I feel it was well-written and informative.

As a gay man in Fredericton who is fortunate to be able to be out, I have no trouble with my sexuality. However, I know there are many men and

women who are struggling with their identity. This struggle is fueled in part by ignorance, both on the part of the person as well as society in general. The ignorance will not go away unless it is freely and openly discussed. Your article is helping to dispel this.

Institutions such as UNB exist to educate people both in their fields of interest as well as in life. Thanks for having helped this process continue.

Yours truly,  
Hank Williams
