

University of Saskatchewan,
Nov. 26, 1923.

063814

Dear Mr. Meighen:- Hearing that you expect to attend a party convention in Saskatoon on Dec. 11, I wish to extend to you an invitation on behalf of the University Historical Association to give us an address. We realized you would not care to address a large meeting on any topic of a political character, but thought you might not object to giving a short and very informal afternoon talk to a gathering of students interested in politics, perhaps on some semi-historical topic, as for instance "The Imperial Conference of 1921."

You will probably not recall my meeting you at Yorkton this fall after your speech there; Mrs. J. B. Gibson and Mr. Wilson introduced me to you. Like many other students who heard you at various places during your tour, I resolved then to take the first opportunity of hearing you again; and if you find it possible to give us a talk, we would certainly very much appreciate it.

Yours sincerely,
Chas. W. Lightbody.
