#### Butter Scoring Contest

The standing for the season in the butter scoring contest for "cream-gathered" cream, which was called on under the direction of the Eastern and Western Dairymen's Associations and the Department of Agriculture during the past season, is presented herewith. Thirty-five of those who entered the competition furnished three samples, which were each scored three times. We give below the relative standing of first seven.

L. A. Southworth, Cannington, 94.88 per cent, prize \$30; D. E. McKenzie, Beaverton, 94.49 per cent, prize \$25; W. A. McKay, Underwood, 94.40 per cent, prize \$20; Ivo McQuaker, Owen Sound, 94.3 per cent, prize \$15; F. E. Brown, Dutton, 94.25 per cent, \$10; J. Herb. Thompson, Lucan, 93.74 per cent, \$5; Jas. Walker, Hanley, 93.37 per cent.; J. R. McPherson, Corbett, 93.36 per cent.; W. G. Medd, Winchester, 93.35 per cent.; Wm. Newman, Lorneville, 93.23 per cent.; Thos. Scott, Warrton, 93.12 per cent.; Bluebird Butter Co., Bluebird, 92.84 per cent.; C. Aldrich, Selkirk, 92.72 per cent.; Saugeen Valley Creamery Association, per Chas. Heise, Neustadt, 92.7 per cent.; Mac Robertson, St. Marys, 92.56 per cent. Committee—H. H. Dean, O.A.C., Guelph; G. H. Barr, London; J. W. Mitchell, Kingston; G. A. Finnam, Toronto.

#### Publisher's Desk

(Continued from page 42.)

**Free Subscription to the Large Illustrated Paper for Dairymen—The Separator News.** A big paper, handsomely illustrated in colors, entirely devoted to the success, prosperity and protection of separator users and intending separator purchasers. Every issue brimful of special illustrations and information—what might be called inside facts—that will help you to decide whether a cream separator will pay you, how large a separator you should have and how to care for a cream separator so as to get the most out of it. Articles guarding you against the "patent can" fraud and against the mistakes of buying a too cheap or a too complicated separator. Articles telling what State Experiment Stations say of cream separators. Articles comparing different kinds of cream separators. In fact a whole paper devoted to cream separator news. Would you like to receive every future issue—without a cent of expense to you? Then write the publishers, The Sharples Separator Co., of West Chester, Pa., asking them to put your name on their mailing list. But don't forget to mention that you saw this offer in **THE FARMING WORLD**, Toronto, Ont.

#### Canadian Industrial Expansion

The importance and value of Canadian trade is appreciated more and more, as evidenced by the location of American and English industries in different provinces of the Dominion. In consequence, Canada's industrial expansion is progressing rapidly.

The latest invasion is that of the Gilson Milk Co., of Port Washington, Wis., which concern is now building a plant at Guelph, Ontario. Here "Sixty" line of gasoline engines will be manufactured.

The Gilson 1-h.p. \$60 air-cooled engines are attracting universal attention because they incorporate a number of distinctive features that make them particularly desirable for ordinary every-day use among farmers and others who are not mechanics. The Gilson engines—all sizes—are made so simple that they can be operated by anybody successfully without previous experience. Furthermore, the prices quoted are so low, that they place them within the reach of all users of power.

No doubt the Gilson Milk Co., Ltd., Guelph, Ontario, which is the name of the new Canadian concern, will reap a full measure of success proportionate to what the parent concern has attained in the States.

#### Boys' Good Training in English Army Schools

The Army Schools at Aldershot (England) have begun to put into practice the preaching of Lord Roberts, who is always advocating the need of the rising generation to be taught the use of the rifle, says the article entitled, "The Boy Behind the Gun."

The schoolmasters now instruct the boys in the principles of rifle-shooting by the aid of tripods, sun-bags, etc. The youngsters enjoy their new lesson very much.

In America there is no warmer supporter of the beliefs of Lord Roberts than the J. Stevens Arms & Tool Co., of Chicopee Falls, Mass. The propaganda of this company has done much to train the faculties of girls as well as boys through increasing their interest in rifle shooting. The use of a gun teaches boys and girls to be alert, careful and decisive, while the outdoor life it encourages does much to improve their health.

Every parent, as well as every lover of a firearm, should have a free copy of the new 160-page gun catalog issued by the Stevens Company. It has much interesting information about sights, targets, ammunition, firearms, etc. It is sent for four cents in stamps to cover postage, if you mention **THE FARMING WORLD**, Toronto.

#### A Laggard

Oh, little Afterthought, I wish  
You had not come to me,  
For with myself I otherwise  
Quite satisfied should be.  
You're excellent, but I deplore  
That you should not have come before.

Why is it that you are not prompt,  
But saunter in instead  
When all the things I've done are  
done.

And all I've said is said?  
Oh nuisances you are the worst!  
Don't come, unless you come at first!  
—Ennice Ward, in Mass.
