

70-Year Clocks

ACCORDING to Dr. Holmes, the human body is a clock wound up to run for three score years and ten, "barring accidents."

But we find that out of one hundred and twenty-seven thousand born, only thirty-eight thousand reach the age of seventy.

Eighty-nine thousand of the human clocks stop at earlier ages, only one in three surviving to hear the seventieth year ticked off.

What does this mean? That life is in the highest degree uncertain. It may fail at an age, and consequently life insurance is a practical every day necessity.

Mutual Life policies are not luxuries. They are necessities. Our life policies protect your dependents in case of your death. Our Endowments are payable to yourself should you reach old age.

The aim of the Company is to give as large an amount of protection as possible for the least possible outlay.

The Lily Bowl
Gets the Cream

CREAM is worth too much to waste, yet it is being wasted by the ton every day by old-fashioned methods of skimming. Today there is no excuse for such waste. The Lily bowl gets all the cream it is possible to get, leaving only a drop or so to the gallon of skimmed milk.

Let's take a close look at this wonderful bowl. It is compact and convenient to handle. It lifts off the spindle, leaving the spindle in the separator where it belongs. It comes apart easily, but it can't leak. The disks provide a greater skimming surface than is found in other bowls. Combined with them are six cream gatherers—just twice the number other separators have. Separation begins the instant the milk enters the bowl, and there is always a clear passageway for the cream.

There is not even a cream regulating screw in the cream passageway. You make your cream thicker or thinner by regulating the amount of milk mixed with it, but thick or thin, you get all the cream when you use a Lily cream separator.

The bowl is not the only good Lily feature. The McCormick local agent, who sells Lily cream separators, will show you how every other feature is worked out just as carefully. See him or write us at the nearest branch house.
