

The Power of the Hour

MECCHANICAL power is stepping swiftly into the breach that has been formed by restless, dissatisfied labor. This is true in the city and it is true on the farm.

Today Titan 10-20 Tractors are the labor-saving power of the hour on the farms of America. Everywhere, reaching to the farthest boundaries of agriculture, you will hear the steady chug-chug of these tireless toilers. They are displacing men and horses and getting more work per day from available farm labor. Soon summer fallowing will be under way in many sections of

the country, and there you will find Titan 10-20 Kerosene Tractors working faithfully from sun-up to sun-down, undisturbed by heat or flies, turning the hard-baked ground in the interests of bumper crops.

New Titans are scarce just now, due to the unprecedented demand, but perhaps your nearby International agent is so fortunate as to have one or two still available. This will result in good fortune for you—if you act at once. Titan and the International agent are good to know in a time like the present.

The Strongest GUARANTEE Ever Written

THE GILSON

IT THROWS AND BLOWS

Backed by the largest makers of Silo Fillers under the British Flag

The "Wonderful Gilson" has the largest sale of any Silo Filler. Its remarkable popularity is due to its sensational performance. It will do more work with less power in quicker time and last longer than any other cutter. To prove our confidence in all our statements we give the strongest GUARANTEE ever written as follows:

Cuts Five Loads an Hour

"We filled and refilled our 40 x 12 ft. silo in 16 1/2 hours with our 5 H.P. Gilson Engine and 18-inch Gilson Cutter. Everybody said we couldn't do it. The outfit made a record, cutting at the rate of five loads an hour."

J. GILDNER, Kitchener, Ont.

WE GUARANTEE ANY GILSON Silo Filler to throw and blow ensilage perpendicularly to the height of ANY silo, with ANY power, providing the speed of the cutting wheel does not fall below 600 revolutions per minute. We also guarantee that ANY Gilson Silo Filler will cut and elevate MORE ensilage with the same power than ANY other blower cutter.

Write TO-DAY for "The Silo Filling Problem,"—our new illustrated book packed with information on silos and silo-filling ideas.
