SUPPOSED MURDERER ARRESTED .- Last Sunday Policeman Dobson came in the Admiral Totten. Our readers perhaps remember that in the summer of 1856 old man by the name of Totten was murdered within a few miles of this city. Suspicion fell on Smith, who could not be found. When the word went to Boston of the Mispeck Tragedy, in St. John, but he guessed they would not get This saying was repeated to the Boston gaol in this city, awaiting his trial in May next,

that the Jury having taken into consideration his youth, and the bad example set him, had recommended him to mercy, which recommendation had been forwarded to his Excellency and favorably considered; and that whilst the probability was that he should not be executed, yet he must prepare to pass the remainder of his life in in isonment. From this it is quite evident that will not be executed, but that his sentence will be commuted to imprisonment for life-His Honor though passed the sentence of the law upon the Prisoner, that he be hanged on the 4th of March next. A MANIETERIAL CRISTS .- The Toronto Col onist of the 24th says :—" We are able to state on authority that the Hon. E. P. Tache has tendered his resignation as Premier, and that it had been accepted by the Governor General. The formation of a new Administration follows as consequence, and we understand that his Excellency has charged the Hon. John A. Macdonald with the task. The previous retirement of Mr. Cauchon from the Commissionership of Crown Lands, and Mr. Terrill from the office o Provincial Secretary, affected the relative position of the two sections of the late Cabinet. The balance will be restored by the reconstruction of the Lower Canada section, which will take place

SEPOYISM IN CANADA.—The odious sympathy exhibited towards the assassin mutineers India by Cardinal Wiseman and the Romish press generally, has become a subject of virulent scussion between the two official organs of the hierarchy in Canada-the Mirror and the True The first of these papers endorses the abominable sentiments of Cardinal Wiseman which have recently called forth, through the London Times, the energetic protest of the Roman Catholic Count Batthyany, and this organ of ecclesiastical Romanism in Upper Canada has sufficiently attracted, by his Sepoyism, the attention of the secular press of the province to ren der it unnecessary to enlarge on his treasonable propensities. But what is remarkable, is the fact that his confrere, the organ of the Lower Canada hierarchy, although always intensely Roman Irish in its hatred of Saxons and in hi exultation over their woes, has not been permitted this time to side with Cardinal Wiseman, the Sepoys, and the Upper Canada priesthood.

As a preventive and cure for Consumption it has no equal. It is purely vegetable, contains no poisonous ingredients, is quite agreeable to the taste, and may be given with perfect safety to the most delicate child. The numerous testimonials received almost daily from those who have been cured by it, justify the assertion that no family should be without this medicine.
