

**U. S. CREAM SEPARATOR**  
will make most money for you because it gets most cream. It averages to skim cleaner than other separators, and that's what counts in the long run. The U.S. has been doing the best work in many thousands of dairies for the past 10, 12 to 15 years. Do not throw away money that a U.S. will save. The U.S. is also the simplest, strongest, safest, neatest separator.

Examination, comparison, experience, ALL prove it. Only two parts in the bowl — easy to wash. Gears ALL enclosed, turn in oil, run surprising easy. No spattering of oil or slopping of milk with the U.S. Costs you nothing to find out why the U.S. is the best and it's money in your pocket to learn. "The real Simon Pure" is one of those phrases which everyone understands and not one in a hundred could account for. Simon Pure was a Pennsylvania Quaker in Mrs. Centlivre's "A Bold Stroke for a Wife," produced at Drury Lane theatre, London, in February, 1718. One Col. Feignwell passes himself off as Simon and wins the heart of a Bristol heiress, Miss Lovely, after which the real Simon Pure turns up.

There is always something extremely refreshing in the way children, with the magnificent courage of ignorance, seize upon a grown-up expression and apply it as they please. The little girl in the hospital did this with great success. It was the question of the death of a little brother, that had taken place recently enough to make his sister still a subject of reflected interest. "It was all along of eating too much ice cream and other things," she narrated with unctuous solemnity to the doctor who was tending her. "Then she died beautifully." "It was a beautiful death, doctor," she would say sadly.

A little boy was on his knees recently, and auntie, staying in the room, was present. "It is a pleasure," he said to him afterward, "to hear you say your prayers so well; you speak so seriously, and mean what you say, and care about it." "Auntie," he said, "ah! but, auntie, we don't care a gosh!"
