

Of Course

You attended the banquet in the town hall the other night.

You no doubt enjoyed the delicious dishes prepared with Shredded Wheat Biscuit and Triscuit, and have fully decided to use more of this popular cereal in future.

We are leaders in Shredded Wheat. Other cereals may come and go, but Shredded Wheat goes on forever. It is the whole wheat, cleaned, steam-cooked, shredded and baked. People who cannot eat meats or heavy foods find Shredded Wheat very nourishing, satisfying and palatable. You will always find a fresh supply of this wholesome breakfast cereal at our store.

We also carry Triscuit, the Shredded Wheat Toast.

The price of either Shredded Wheat Biscuit or Triscuit is 13c. a package or 2 for 25c.

LIVE STOCK MARKETS. TORONTO.

The railways reported 75 carloads, consisting of 1175 cattle, 818 hogs, 401 sheep and lambs, 119 calves, and 38 horses.

The quality of cattle was better than usual, as there were several lots, of good to choice, brought in besides those brought from the Junction.

Trade was about on a par with the market at the Union Yards on Monday. Prices were no better nor not any worse for the good to choice cattle, but there were some lots of the same quality of medium cattle that did not bring as high prices as last Tuesday.

Many drovers complained of not having made their expenses, let alone profit for their trouble and time.

Others again complained of having lost heavily. One had stated that he had cattle here last week which he sold at \$6.10, and had better cattle here today that he had to take \$5.80 for, and the latter lot cost more money in the country. His statements were borne out by the commission firm that sold them.

The late stormy weather made a temporary scarcity of cattle a couple of weeks ago, which inflated prices, which caused some drovers and dealers to become reckless in buying, but they have paid dear for the experience. Don't do it again under similar circumstances.

There were no cattle bought for export. All cattle sold here were bought for butcher purposes.

Butchers.
Prime picked cattle \$6 to \$6.10; loads of cattle, export weights, \$5.80 to \$5.90, loads of good \$5.50 to \$5.75; medium \$5.20 to \$5.45; common \$4.90 to \$5.15 cows \$3 to \$5.25; canners \$2.50 to \$2.75; bulls \$4 to \$5.

Milkers—Receipts of milkers and springers were large. Prices on the average were about \$7 per head lower. Prices ranged from \$40 to \$75, one cow selling at the latter figure. The bulk of the cows sold from \$50 to \$60.

Veal Calves—Calves sold at steady prices, ranging from \$3.50 to \$8.50 per cwt.

Sheep and Lambs—Sheep, ewes, sold at \$4.25 to \$4.75; rams \$3.50 to \$4; lambs \$6 to \$6.40 per cwt.

Hogs—Mr. Harris reported the hog market easy at unchanged prices. Selects fed and watered, \$7.05 and \$6.75 for hogs for cars at country points.

Clarence Witter had a narrow escape from drowning on the mill pond on Sunday afternoon. While walking along the side of the channel used in the loading of ice, he slipped into the water which at that point is about six feet deep. How he escaped drowning is a mystery.

Items of Interest.

An unusual incident marked a recent fire in New York. The fire started in the cellar of a five story tenement and before it was extinguished the eighteen families in the building and all the firemen were weeping copiously from inflamed eyes. In the cellar many bags of onions had been stored. The chief fireman allowed the tenants to remain in the building, assuring them that the fire was confined to the cellar. They did not stay, however, when the onions had got well afire.

A shepherd of Texas experienced a terrible ordeal lately. Two weeks ago the herder, Francisco Morales, was lost in the mountains with 1,000 sheep. He remained in the wilderness for nine days and nights with out food or drink. After starving several days Francisco attempted to catch a lamb and eat it raw, but he had become so weak that the lambs out ran him. When found he was still following his herd. He was brought to town, where he ate so ravenously after his long fast that he died.

Hans Brenner, of the British steamer *Amelia* which arrived at Baltimore a few days ago, had a thrilling experience with a big snake, which attacked him in the hold of the ship. The *Amelia* had just sailed from New York for Jamaica to load cargo for Baltimore, when orders were given to the crew to clear the hold of refuse. Brenner, who was working apart from the others, uttered a startled cry as he dodged the strike of a large tropical snake. The serpent was just coiling for a second attack when the men killed it with shovels. The snake measured eight feet. The ship's pet cat had been missing for several days, and her body with all the bones crushed, evidently by the snake, was found later.

New Scale Williams Pianos, Canada's Greatest Instrument.

A Word To The Wise.

Don't buy or pay for old known reputation. The world makes great advancement. Don't buy a certain make of piano to please your next neighbor, but buy the instrument that appeals to you in tone, construction, beauty of case; and stop to think before you purchase that: The New Scale Williams Piano Company enjoys the reputation as the oldest manufacturers of and has the largest output of various grades, and art case pianos in Canada, and owing to the great advancement in construction and workmanship, these great instruments have of late years reached utmost perfection, and stand to-day as a peer of all pianos, in a class by themselves, and nothing can be put to them, to more perfect them in their great music qualities.

Sweet as David's Harp, clear as bird's song, and is to-day chosen by all tourists and musicians which is the best proof that the New Scale Williams Pianos are the art of perfection. These superior points have brought The New Scale to the front rank in all the leading homes, and it is bound to enter your home if comparison is made with other instruments.

We also handle and sell in connection with the New Scale, the sweet toned Ennis Pianos, made by the same company, and the same reputation has been gained by this Sweet Toned Ennis, which we guarantee to surpass any other instrument of equal grade and price.

Our Motto: shall be to please every home wherein we install a piano, so that both owner and instrument are a standing advertisement.

An exhibit and demonstration of the Great New Scale Pianos will be made in the near future, in the Town Hall, Mildmay, to show and make known to the public their proofs and superiority, which are the most costly instruments in Canada to manufacture owing to their patent right, Harmonic Tone Prolonging Bridge, human singing tone of any piano made in the world. The most easy action made, artistically constructed case of beauty, and is made to last a life time. Sells on its merits, and are winners in competition. This together with our easy terms and one price only, and our testifying proposition, makes it a great pleasure to deal with G. B. Smith, Salesman for Canada's greatest instrument, made in Uprights, Grades, Self Players and Art Cases.

Years of study were devoted to this work, and only of late years, Canada produced an instrument to its highest degree of perfection in piano art and now rapidly gains its world reputation where ever shown and heard. Look for the (Trade Mark) stamp (NEW SCALE.) Manufactured by the New Scale Williams Piano Co., Oshawa, Canada.
