BIG PLANT OPENED.

Eugenia Falls Power Establishment

Marks Another Great Step. Another milestone in the progress when the new power plant at Eugenia Falls was opened by Sir Adam pany. The Eugenia Falls plant is unique in character in the fact that it is the second if not the largest plant of its kind in the Dominion. The formality. Sir Adam Beck, Hon. I. B. Lucas, Chief Engineer Gaby, and Mr. P. W. Ellis, together with a number of invited guests interested in Hydro-

Electric affairs came up from Toronto on the morning train and drove out from Flesherton a distance of eight miles to the plant. They were joined by representatives of the communities round about, the municipal officers and members of the Boards of Trade of twenty-three towns and villages to be connected with the In declaring the plant open Sir

Adam Beck gave a review of the work accomplished by the Hydro-Electric Power Commission in Onario, and declared that the farther hey went with the work the more bundant was the evidence of the sucess of the project. While the Euenia Falls plant was destined to neet the requirements of the district or some time, with a little expendiure of money its capacity could asily be doubled. He pointed out hat while this work was in progress he available supply of power in other parts, notably the Niagara system, was being used up, and shortly the Commission would be face to face with the problem of finding power somewhere else. With Wasdall's Falls on the Severn River in operation for over a year, and the Eugenia Falls plant starting on its quiet mission, the Commission was well out of the class of the middleman and was no longer a mere vendor of power.

Hon. I. B. Lucas, Attorney General, spoke on behalf of the Government. He congratulated Sir Adam and the staff of the Hydro-Electric Power Commission on the completion of this splendid undertaking, which, he prophesied, would bring prosperity, comfort, and well being to the

district round about.

The plant itself is of the most approved construction. It represents a capital investment of between \$500,-000 and \$600,000, which along with western, 1178 6d; hams, short cut, 14 to 16 lbs, 758 6d; long clear middles, lines and transmission lines and transformer stations, will bring the total investment up to the million mark. The total head of water available is 540 feet. capacity of the plant is 4.000 horse power: the ultimate capacity, 8,000. There are five dams, namely, four earth fills and one concrete. concrete dam has a maximum height. of fifty feet, and is one of the longest in Canada. The storage basin consists of 1,700 acres. There is a stave pipe line of 3,500 feet and a steel pipe line of 1,500 feet. The length of the transmission lines serving the following municipalities is 318 miles: Owen Sound, Chatsworth, Markdale, Flesherton, Dun-falk, Shelburne, Durham, Chesley, Mount Forest, Holstein, Orangeville, Meaford, Port Elgin, Southampton, Kincardine, Walkerton, Hepworth, Tara, Paisley, Shallow

Lake, Arthur, and Grand Valley, Should the circumstances warrant, the Eugenia Falls plant can be linked up with the other two plants on the Severn system, namely, Big Chute and Wasdall's Falls.

Somebody Warned Them. An odd story comes from Pont-a-Mousson. At one point there the trenches of the two sides closely approach each other. One morning German called across the thirty feet

that separated him from the Frenchman: "Don't shoot. I want to throw you note." Then he rose above the rampart and threw a stone to which a note was tied. The note read as follows: "We will attack at eleven o'clock.

Get ready for us.' At eleven o'clock the Germans atacked, and were cut to pieces by the concentrated gunfire of the alert French. Ever since then the French French. Ever since then the French soldiers have been wondering why that warning was given. The note was not signed. Somewhere in that incident is a great story.

10.45, 11.45; 12.45 p.m., 1.45, 2.45, 2.45, 4.4 incident is a great story.

Women Arm to the Knife The London Daily Mail's Saloniki orrespondent says that Mme. Marnowich, widow of Lieutenant Marnowich, is forming a Servian women's battalion, to be called "the platoon of death." So far 389 women already have answered the call to join. They are armed with Mauser rifles, revolvers, bayonets, and daggers.

their evening meal.

ROSS. FEVERISH

coated, it is a sure sign that your little one's stomach,, liver and bowels need a gentle, thorough cleansing at

When peevish, cross, listless, pale doesn't sleep, doesn't eat or act na-turally, or is feverish, stomach sour breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. You needn't coax sick children

to take this harmless "fruit laxative" they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a 50 cent bot tle of "California Syrup of Figs," which has directions for babies, chil dren of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.
