

THROAT REST

You can cough yourself into bronchitis, pneumonia, and consumption. Bandaging and bundling your throat will do no good. You must give your throat and lungs rest and allow the cough wounds to heal.

Ayer's Cherry Pectoral

Even the cough of early consumption is cured. And, later on, when the disease is firmly fixed, you can bring rest and comfort in every case.

The Proper Treatment of Catarrh

Is a remedy that reaches all the affected parts. That remedy is Catarrhose, which is inhaled along with the air you breathe and permeates the most minute air cells in the lungs, throat, nasal passages and bronchial tubes, causing as it were a pure, healing, essential oil, and by virtue of its antiseptic properties kills the germs that cause the disease, at the same time, it soothes and softens the inflamed membrane, heals raw, sore spots, and never fails to effect a perfect cure.

Thanks to Mr. Burns for copies of Auckland, New Zealand "Star." The papers are of the 19th January, and give notice of the "send off" the city was to give the sixth contingent for South Africa, which would sail on the transport "Cornwall" about the 28th Jan'y. It seems odd to read in these papers advertisements of picnics, excursions by railway, and merchants pushing the sale of minlins, sam shades, fans, etc., while restaurants sold ice drinks, and one recommends a healthful beverage to take at the close of a hot dry summer. They are pretty strict in their police court, one young man for using bad language in a public place, was sentenced by his honor to two months in jail, with hard labor.

A GIRL'S PERIL

A BRIEF STORY OF INTEREST TO ALL YOUNG WOMEN

Pallor, Headaches, Dizziness and a Feeling of Constant Languor Overcome—Hope for Similar Sufferers.

There are thousands of young girls throughout Canada who owe their good health, if not life itself, to the timely use of Dr. Williams' Pink Pills for Pale People. Among these is Miss Mand Patterson, whose home is in the vicinity of Strathroy, Ont.

To a reporter who interviewed her, Miss Patterson said: Several years ago I began to suffer from headaches, was easily tired out, and could see that my health was not what it had been. At first I did not think there was anything serious the matter, and thought the trouble would pass away. In this, however, I was mistaken, for as time went on I became weaker. The headaches attacked me more frequently, my appetite failed; if I stooped I would grow so dizzy that I would almost fall over. I became very pale, and always felt tired and worn out. I was advised to try Dr. Williams' Pink Pills, and I have reason to rejoice that I followed the advice, and as I continued their use, it seemed as though day by day they were imparting new life to me. My appetite improved, the headaches disappeared, the pallor left my face, the dizziness that bothered me so much also disappeared, and I felt altogether like a different person. I felt that I owe my renewed health entirely to Dr. Williams' Pink Pills, and as I know that there are many girls who suffer as I did I would urge them to use no time in giving this medicine a fair trial.

The case of Miss Patterson certainly carries with it a lesson to others who may be pale, languid, easily tired, or subject to headaches, or the other distressing symptoms that mark the onward progress of anaemia. Dr. Williams' Pink Pills will give more certain and speedy results than any other medicine. They act promptly and directly, making new, rich red blood, and strengthening the nerves, and correct all the irregularities incident to this critical period.

Sold by all dealers, or sent post paid at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

In the estimates just brought down at Ottawa, we notice the following appropriations for harbours and rivers in Hants and Kings Counties:—

Table listing appropriations: Cheverie breakwater extension, \$4,000; Windsor harbor shearwaters, training dykes, & deepening, 2,300; the Avon river, 3,010; Mordean, repairs to breakwater, 3,010; Scots Bay, repairs to Pier, 2,030; Margareville, repairs to breakwater, 820; Canada Creek, breakwater (new) block, 500.

Collector—I am afraid to present this dan in person to Mr. Grump. Had we not better forward it by mail?

Manager—Yes, but remember this is the only instance where we will violate our motto, Post No Bills.—Ohio State Journal.

THE REASON WHY

"Shiloh" Cures Consumption.

Consumption is not merely a disease of the lungs, as so generally supposed, but before the lungs become affected the blood has—from various causes—been crowded with the bacillus of Consumption. These germs are deposited in the lungs by the blood, causing inflammation, coughing and the spitting up of diseased mucopurulent matter. Shiloh's Cure arrests the ravages of the germs by destroying them—it purifies the blood and enriches it—allays the inflammation and irritation and sets up a healing process, which causes the sore parts to get well and cicatrize. Shiloh's Consumption Cure strengthens and tones up the whole system and makes it particularly repellent to the dreaded germs of Consumption.

It is guaranteed to accomplish this. If dissatisfied when 2/3 of a bottle has been used, return the remaining portion and the whole purchase money will be refunded.

J. H. Caldwell of Malta, Idaho, writes as follows to S. C. Wells & Co., Toronto. "I have used SHILOH'S CONSUMPTION CURE many different times, and always received great benefit from it. I believe it saved my life in a case of congestion of the lungs—and saved me from an attack of consumption, as many people said I had it."

In Canada and United States, 25c., 50c. and \$1.00 a bottle. Great Britain, 1/6d., 2/6d and 4/6d.
