NEWBORO NEWS ITEMS  
Special Announcement  
To the Citizens of Newboro  
and Vicinity  
We take pleasure in announcing that we have opened a branch office of the Reporter in the village of Newboro, at J. B. Kerr's boot and shoe emporium, next door to John H. Gallagher's store, and have appointed Mrs. J. B. Kerr our agent for soliciting orders for job printing, advertising and subscriptions. We have also decided to devote the greater part of one page of the Reporter to the interests of Newboro and vicinity, and have already secured quite a number of advertisements from the leading business men of the village, several of which will appear in our next issue. The space devoted to Newboro news will be open to all who may wish to avail themselves of the opportunity of giving the readers of the Reporter the news of their own town in their own words, as well as their views on matters of general interest. The Reporter will continue to be strictly independent in all matters of politics and religion, our motto being "friendly to all, influenced by none." We will endeavor to do our duty to all, without prejudice to our own party, and to all items of a partisan nature. To all new subscribers we will send a copy of the Reporter for the past two years, making a pamphlet of over 40 pages and containing over \$400 worth of cuts of buildings, portraits and scenery in the County of Leeds, samples of which can be seen at our branch office in Newboro. Remember that the Reporter is in its 11th year of publication and is here to stay. We ask the cordial help and assistance in the way of subscriptions, advertising, and job work, of all our friends in Newboro and vicinity.

INTERESTING LETTERS FROM OUR STAFF OF CORRESPONDENTS  
A Matter of News and Gossip. Personal Intelligence. A Little of Every thing well mixed up.  
MONTAGUE MILLS.  
MONDAY, July 29.—R. J. Leader spent Saturday afternoon in town. At the time of writing, Mr. Jackson Tedy, Flood, and Leader were rustling at Fly Creek last week. The congregation of Christ Church, Ballycane, gave a grand tea for Mrs. K. O. Sturgeon, a very large and splendid program was given, and as usual the tables were of the very best.

THE PUBLISHERS.  
SINGLETON.  
MONDAY, July 29.—Mr. J. B. Finkerton is entitled to our heartfelt congratulations for the recent arrival. Edward Wright drove a Bannum Bailey circus. What is the matter with organizing a base ball or lacrosse team here, to play against all comers. Mr. H. L. Kerr is doing a rushing business this summer. W. C. Baker has his new house nearly completed and it will add greatly to the appearance of our street.

GLLENBUPELL.  
SATURDAY, July 27.—Mrs. Dr. Hall and children, also a Corson and his wife, have arrived from New York City, to visit at her father-in-law, Mr. George Hall's. Mrs. Milton Daney has gone to Algonquin to spend a few days with her sister, Mrs. Henry Greene, and will visit the Brockville asylum and other prominent places on her way home. We feel in duty bound to warn our friends of the danger of eating much canned fruit and vegetables, as one person in the vicinity has been very ill for so doing. Mrs. Milton Daney has returned from Elgin where she has been visiting friends for the past two weeks. The wolf is still prowling around, and though treated to a dose of alcohol, it is still feared that he will capture one of the tender lambs.

SUNNYSIDE.  
MONDAY, July 29.—The mammoth annual picnic which was to have been held Saturday had been indefinitely postponed on account of the rain. Mr. and Mrs. Dean of Lansdowne returned home last week after a short visit with relatives and friends. The lodge of the Order of Industry was organized here last spring and has all broken up. A red fox with unusual boldness recently made two trips to John Green's poultry yard. The first time he carried away a turkey and the second time he came at noon and took two fat hens. S. W. Billon the general treasurer of our chess club was busy Saturday morning "padding off" the papers for the month of June. J. Green returned to Chicago last week after a short visit with relatives.

BALDWIN'S CORNERS.  
MONDAY, July 29.—Miss Addie Campbell of Douglas, Mass. is visiting friends here. In a recent letter to John Shaw from his son at Newboro, she writes of her appointment to a "Golden" in the Customs House in the "Golden" town. We understand there is a handsome salary at the back of the office and must conclude our old friend Sam upon his success. There was a "fistic" encounter on one of our principal streets quite recently in which a man from Elgin came out second best. Miss M. Rice, teacher, is home for the holidays. Our cheese maker reports milk still falling off, despite the heavy rain on the pastures and meadows. A good energetic merchant would do well to start here, as this seems to be a very central place; also we have one of the best cheese factories in the province.

TOLEDO.  
MONDAY, July 29.—It is with very deep regret that we announce the death of Mr. James Cook, a very highly respected person, who has been sick for a very long time. His funeral took place on Friday last and was conducted by the Rev. Mr. Stillwell in the Presbyterian church, after which his remains were conveyed to the vault near Smith's Falls. Mr. Cook was a member of the A.O.U.W., his brethren turned out in their usual respectful manner to convey him to his last resting place. We expect to be able to report a very pleasant event in our next week's news. Mrs. Derbyshire is at present in Portland taking care of her father who is seriously ill. Mr. Harry Reeve has returned home and was accompanied by Mr. Talnage Stratton.

NEW DUBLIN.  
On Saturday last two of our young men from Bolton Hollow disguised themselves and came into town as tramps. They gave the appropriate name of Black Knight and Whiskers. We will all drink cherry wine this winter, as cherries are very plentiful in this section. They would all like to know who is the Reporter correspondent for this place. Well, friends, it is I; do you know me? A few of our city boys went to Lamb's pond on Sunday and two of them went out in the punt "Aunt strong". They encountered a large snake and in the trouble that followed one of the boys fell out of the punt into the mud and water. Miss Ethel Blanchard of Athens has been visiting friends down here. Mr. and Mrs. A. Sherman and sister were visiting friends in Brockville on Sunday. Mr. and Mrs. Will Bolton were the guests of Mr. George Bolton. A new house looks

NEWBORO.  
Nov.—Mr. J. B. Kerr is our agent for the Reporter in Newboro and vicinity. News items for publication, notices, etc., may be mailed to him or to the Editor, Mr. J. B. Kerr, at Newboro. Mr. J. Green returned to Chicago last week after a short visit with relatives. Mrs. Mattice, of Delta, is visiting at the home of Mr. and Mrs. J. B. Kerr. Mr. and Mrs. B. B. Kerr are occupying their cottage on Mud Lake during the warm weather. Mrs. H. S. Davison, of Elgin, gave home and two pigs out in the yard. Friends here's short call last week. Mr. Vickers is building a kitchen and woodshed in connection with his residence, now occupied by D. Davison, who became a resident a short time ago. Large quantities of sunken wood has been raised from the bottom of Mud Lake this summer and cut into wood and fence pickets. Mrs. Gilson, of Iroquois, is the guest of her parents, Mr. and Mrs. A. Shaver.

FAIRFAX.  
MONDAY, July 29.—Mr. J. Gavin left last week for Vancouver. Business is very dull and the old story of no money is the cry. It is estimated that the number of seals killed at the locks last month was not less than 2,000. T. Preston has started a barber shop in Brino's block near Vinegar Hill. Tommy is well liked by the boys and has been in the business here before some years ago. E. Flood and lady are visiting friends in Wexford. The contractors have just completed Mr. Rappe's barn. They are now on route for Wexford. Mr. T. Flood, manager of the electric light company of this place, had an exhibition at the works last week a small dynamo of his own design and manufacture. It is so constructed that it may be used either as a dynamo or motor. Using it as the latter it would develop about one and a half horse power. Mr. Flood is going to put it in operation this fall at the bath to supply lights, six or eight in number, which is its capacity when used as a dynamo. We may expect to see the bath this fall brilliantly illuminated, equaling, if not surpassing, many of the charming hotels in Sheburn.

Ross's cellar last week.
