## MCCORMICK CORN HARVESTERS GIVE PERFECT SATISFACTION.

This is to certify that we witnessed the operation of one of your Corn Harvesters on the farm of Mr. James Holmes, and are pleased to say that it is one of the most perfect pieces of machinery that we ever saw for cutting and handling corn, and in point of making an even butt and tying. The sheaf carrier works to perfection, there not being any ears knocked off. It is very easy draft, has no side draft, and two horses haul it with ease.

We would recommend the McCormick Corn Harvester to any persons wishing to purchase a corn harvester.

The jury returned the following verdict: "Mr. Coulter came to his death by falling from the caboose of train No. 55, C. P. R., at Bothwell, the 10th day of August, 1959, his death being caused by the negligence of the engineer or any of the trainmen." The jury were: Foreman, Edward Drummond; Colin Reid, Thos. Haller, William Duncan, John Colhurst, Harry Cross, Richard Drew, J. W. Allen, A. G. Campbell, David Tait, Chas. Sumpkins and George Davis.
