Woman in an Unconscious Condition Found on Sidewalk.

Upon Examination at the Hospital, Her Body was Discovered to be Covered with Scars, Caused by the Hypodermic Injection of Morphine -Facts Published as Warning to Other Women.

The above headlines recite the irregular menstruation, also intense actual experience of a poor wreck of nervousness. a woman who had once held an honorable and lucrative position in a large mercantile house in New York. Her health began to fail, and instead of taking rest and proper medical treatment she resorted to stimulants and morphine.

The hospital physician discovered that her primary trouble was an affection of the womb, which could readily have been cured in the first stages. If when she had first felt those severe pains in the back, the terrible headaches, the constant sense of fullness, soreness and pain in the pelvic region, she had heeded the warning that serious trouble was in store, and commenced a regular treatment with the Pinkham Remedies; as did Mrs. Rober of Chicago, whose letter follows, the polypus in the womb would have been dissolved and passed away, and to-day

Why will women let themselves drift along into terrible suffering and sickness in this way, when there is monumental proof that Lydia E. Pinkham's Vegetable Compound is daily relieving thousands of women from this very trouble? There is no excuse for aux woman who suffers to go without help. Mrs. Pinkham is very glad indeed to give her personal advice to any one who will write for it, and the following letter simply goes to prove that the Vegetable Compound will positively

cure female ills: "Since the birth of my baby I suffered from womb trouble, backache,

FOR THE WRITING TABLE.

A Contrivance For Keeping Pens and Pencils From Disappearing. This is a povel idea for use on a writing table which is common property for the whole family and from where pens and pencils have a habit of disappearing.

It is intended to represent the old village stocks and is made of very thin wool stained brown or even of painted cardboard. If you want to be very realistic, gum some lichen or moss on

to the side pieces. If you make the stocks of cardboard, you must have

the side pieces at least of wood. Into the top of the highest side piece screw two little picture rings, from of this trouble. After this I used the which must hang four lengths of thin chain, and a tiny padlock must likewise have a place. The chains are attached in their turn to four more tiny give testimony to the merits of this picture rings which are screwed into the tops of four pencils or pens, which are put through the four holes drilled in the front of the stocks.

The chains must be long enough to permit writing comfortably, and the whole front is glued on to a wooden stand on which at each end are fastened two fairly large lead dress weights to give it firmness.

This scheme will do away with any possibility of pencils or pens being 'lost, stolen or strayed."

To Avoid Careless Habits. Many a young girl who gave promise of being a "joy forever" to her family and friends has fallen into little carcless habits in her home life while pursuing her study of accomplishments that have developed into disagreeable traits as time rolled on and made her a very unlovely woman. Not every one is endowed with the ability to play, sing or paint well enough to give pleasure to her friends, but the following "accomplishments" that never fail to be found attractive may be cultivated by all:

Shut the door, and shut it softly. Keep your own room in tasteful or

Have an hour for rising, and rise. Learn to make bread as well as cake Never let a button stay off twenty four hours.

Always know where your things are Never let a day pass without doing something to make somebody comfort

Never come to breakfast without a Never go about with your shoes un-

buttoned. Speak clearly enough for everybody to understand. Never fidget or bum so as to disturb others.

Never fuss, and, above all things, don't be disagreeable.

The Girl Who Is Loved.

Her features may or may not be good, her complexion perhaps leaves something to be desired, but her sweet, true eyes and her kindly heart make her friends forget any physical shortomings that she may have, and wherever she goes she is as welcome as the

ion would be horrified at her want of style, but how much more charming and lovable she is than the artificial girl who gowns herself to perfection and practices all sorts of little society airs before her glass!

WHILE WE WARN We Also Comfort and Cheer.

Paine's Celery Compound

An Infalibe Cure For Al Ferns of Rhoum dim

Although we are all born with the principles of dissolution in our frame which continue to operate from our birth to our death, we are under obligation to Heaven and our loved ones to keep ourselves free from disease and suffering. While death must come to every human being, pain may be avoided and our days made long happy, if we keep the blood and physi-

cal structure in proper condition.

At this time, while we warn the thousands of rheumatic sufferers of folly and danger of allowing rheuma-tism to run unchecked at this season of the year, we can comfort them with the happy assurance that Paine's Celery Compound permanently cures the terrible disease. This wondrous medicine has won the hearty endorsation of medical men, and its virtues are lauded by tens of thousands rescued from agony and death. Mrs. J. Vince, Barrie, Ont., says:-

"I am happy to say that I have taken Paine's Celery Compound with great results. I had sciatic rheumatism so badly that I could not turn in bed or walk without help; and for a period of three weeks was helplessly laid up and suffered pain that at times was almost unbearable. I tried many medicines, but all in vain. I was recommended to try Pains's Celery Compound. I used six bottles and am entirely cured, and enjoy good health."

Adam had his troubles, but he never had a spasm at sight of a dressmak-

Nervous and Sleepless

Two horrors crowded into one life, the product of poor digestion, and the poisons that are thereby formed within the body. There's just one method of cure for this terrible condition plenty of food, but mind, food properly digested. That's the difficulty the digestive power of the stomach must be improved. Rich, red blood formed, strength given to the organs, to drive out poisons; then comes strength, vigor and endurance. Forrozone does all this and more; it makes sick people well; weak people strong. Sow Ferrozone and you reap health. Sold by McCall & Co.

Free Medical Advice to Women.

Women suffering from any form of

female weakness are invited to

promptly communicate with Mrs.

Pinkham, at Lynn, Mass. All letters

are received, opened, read and an-

swered by women only. A woman

can freely talk of her private illness

to a woman; thus has been estab-

lished the eternal confidence between

Mrs. Pinkham and the women of

America which has never been

broken. Out of the vast volume of

experience which she has to draw

from it is more than possible that she

has gained the very knowledge that

will help your case. She asks noth-

ing in return except your good will,

and her advice has relieved thousands.

Surely any woman, rich or poor,

is very foolish if she does not take

advantage of this generous offer of

assistance.
