HONORS FOR FOOTBALLERS

Kent County Players Will
Meet the Crack English
in a Splendid Contest.

Sir Chas. Kirkpatrick Captains the
Tourists—Baron Von Reiffenstein
will Referee Game—Applications
for Team Positions

On the 18th of September, a team of picked Kent County footballers, including representatives from the Chatham, Darrell, Kent Bridge and other county teams will meet the touring English team at Detroit in magnificent exhibition contest and try conclusions with one of the best Association football eleven in the world.

The Englishmen, who are captained by Sir Charles Kirkpatrick, of Closeburn, Dumfriesshire, are being entertained for two days in Detroit, and it has been decided to present two splendid exhibition matches at Bennett Park—one with the Detroit, Sandwich and Windsor teams; the other with a team selected from Kent County—after which the Englishmen are to be banqueted by the Peninsular League.

The honor and privilege of meeting this magnificent English eleven, which contains Vivian Woodward, reputed to be the finest centre forward living, will be keenly appreciated by Kent County players and scores of football enthusiasts will accompany the team to see the Englishmen play. Meantime it is essential that the very best team obtainable shall be selected to represent Kent in this international game, and for this purpose it is hoped all players desirous of the honor of taking part in the game shall start practice at their earliest opportunity. All players desiring to compete for positions on the team will kindly forward their names and addresses with that of the club with which they are identified to The Planet, addressed to the sporting editor and marked "International Football Contest." These applications will be turned over to the committee which has been appointed to pick the Kent County team, and the eleven will be chosen at the earliest opportunity and practice matches arranged to put them in the best of condition. A special rate to Detroit will be arranged in order that football enthusiasts may have an opportunity of seeing the great English eleven play.

A sketch of some of the English players will prove interesting:—
Sir Charles Kirkpatrick, Baronet, will act as captain of the "Pilgrims" (the English Association Football club) which, on August 24th, sailed from Liverpool on the steamship Bavarian to play a series of matches in the States and Canada. Sir Charles is a versatile player who has earned high honors at the game; indeed, he is good at almost anything in the way of athletics. Sir Charles Sharpe Kirkpatrick, of Closeburn, Dumfriesshire, represents the main line of the family to which the Empress Eugenie belongs. The old mansion of Closeburn, built by the first baronet, was the creation dates from 1885—was burned to the ground through the carelessness of drunken servants in 1748. Sir Charles was born in 1874 and resides at Forest Hill. He is a big fellow with a genial smile and puts a terrible amount of weight into the ball every time his foot comes into contact with it.

Lady Kirkpatrick, who accompanies her husband on this trip, is a very well known English society lady and is sure to make many friends during her trip.

As an organization the Pilgrims are of the same calibre as the famous Corinthians, who have played in all parts of the world, South Africa and Australia included, but not America. The Pilgrims is a name that was very famous in the early days of Association football in England thirty years ago, and the revival of the title has given much pleasure to a large number of enthusiasts in the country. The chief secretary of the Pilgrims club is Mr. Fred Milnes, of Sheffield. Mr. Milnes plays regularly for the league team of Sheffield United—a club that has won the football association cup more than once—and he is regarded as one of the finest full backs in the country. Mr. Milnes is in business with his father as an ironfounder at Ovelton, near Sheffield. He is a fair-haired young fellow of splendid physique, and so fond is he of the game that he has been known to play six strenuous matches in as many days.

The star player of the team is Vivian J. Woodward, of the Tottenham Hotspur club, London. Woodward is by far and away the best centre forward in England at the present time; indeed, it is doubtful if there has ever been a better. Woodward is a very graceful and yet a very tricky player. He has had all the highest honors bestowed upon him by his country. He has played against Scotland, Ireland and Wales, and has only been out on the closing side. Woodward is a Londoner, and by business he is an architect.

HONORED HER

King's Daughters of the Maple City
Extend Tribute of Esteem to
Departing President

On Tuesday afternoon the King's Daughters assembled at the home of Mrs. S. T. Martin, Victoria avenue, and presented their departing president with the following address, beautifully engrossed and tinted and bearing the insignia of the worthy sisterhood represented. The occasion was a long-to-be-remembered one, and Mrs. Turner made a feeling and appropriate response.

The wording of the address was as follows:—
To Mrs. John S. Turner—

Dear Friend and Fellow Worker. For many years you have been associated with us in the work of the King's Daughters in Chatham, and for the past three years you have been the honored president of our society; and now we are called upon to sever the relationship that has proved so pleasant and helpful, by your removal to other fields of usefulness. We desire to place on record the genuine pleasure that we have experienced in working with you, and the great loss which we feel in having these ties of companionship broken. Your bright and kindly disposition, your wise words of counsel, your practical business ability, and your earnest endeavors to fulfill the Society's motto, "Whatever thy hand findeth to do, do it with thy might," have made the work of the Society a perpetual source of delight and satisfaction, and will ever remind us to cheerfully carry on in our midst the work which you have successfully superintended so long.

We trust your life in your new home in Kingston will be filled with that sunshine which you have caused to be present in so many homes in Chatham, and that the choicest blessings of the King, whose daughters we are proud to be called, will continually abide with you and your family wherever in His providence your days on earth, which we pray will be many, may be passed.

Signed on behalf of the King's Daughters—

M. A. McKEOUGH, Vice President.

FOR THEFT

The Detroit Police are After a Former
Chatham Girl who is Suspected
of Stealing Jewellery

On Monday, Chief of Police Holmes received word from Detective Campbell, of Windsor, to be on the look out for a young Chatham girl who is wanted in Detroit for stealing, and this morning he received the following letter from Supt. of Police Downey, of Detroit:—

Detroit, August 31, 1905.
Will you kindly look over your pawn shops for the following described property, supposed to be pawned in Chatham by a woman who is suspected of stealing them in this city, Aug. 18th:—

One gold fob chain, locket attached, "A. F." engraved on the locket; a gold double chain with stone agate attached; one gold ring set with three opals; one signet ring marked "A. F."; one moonstone stickpin and one toilet box with name "Liebermer" or something like that engraved upon it.

If these articles or any of them are found in pawn in your city kindly ascertain by whom they were pawned and advise me.

Yours truly,
JOHN J. DOWNEY,
Supt. of Police.

The girl in question at one time resided in Chatham. She has been working in Detroit and when she left the above mentioned articles were missing.

The police here made several inquiries, but found that the girl has not been seen in Chatham since a year ago.

CHICAGO PRINTERS' STRIKE.

Men Report Additions and Employers Say Relief is in Sight.

Chicago, Sept. 1.—The strike of the printers against members of the Chicago Typothetae was practically made complete yesterday. Officials of the Typographical Union declared that the only important members of the Employing Printers' organization operating with union compositors had promised to remain neutral in the struggle. Eight of the large shops are said to have arranged such a truce with the union. Four concerns, in addition to those previously affected, became involved in the fight over night, and their union compositors failed to report for duty yesterday.

The other side of the situation was presented by Secretary E. F. Hamm of the Employing Printers' organization.

"Employers in this controversy feel confident of success," said Secretary Hamm. "At present we have 185 non-union printers at work in the plants the union thought to tie up and cripple completely. There are more men on their way to Chicago from outside places, and it will not be long before the strike will cease to affect the Chicago Typothetae members."

DR. FEE SHOT HIMSELF

Kingston's Medical Health Officer
Commits Suicide.

Lay Down on Lounge in His Brother's
Home and Committed Deed. When
Nurse Were in the Room—No One
Heard Shot, But Housekeeper Found
Him With Gaping Wound in Right
Temple—Mind Gave Way.

Kingston, Sept. 1.—Early yesterday afternoon citizens were shocked to hear that the Medical Health Officer, Dr. S. H. Fee, had shot himself fatally with a revolver.

About 12 o'clock he went to the home of his brother, and after conversing with him for a time went to lie down on a lounge in a room and shut the door. Half an hour afterwards the housekeeper heard heavy breathing and went into the room. She was horrified to find Dr. Fee lying on the floor unconscious with a gaping wound in his right temple and a revolver by his side. She had been in the back of the house and no sound of a shot reached her. Drs. Campbell and Williamson were at once summoned, but nothing could be done; and at 2 o'clock death came without the return of consciousness.

Dr. Fee had been failing in health for the past two years. His optic nerves were diseased and he had already lost the sight of one eye. Since last December his work as Health Officer had been performed by Dr. Sande. It is believed that his mind gave way.

Dr. Fee was 65 years of age and was born in Ireland. He was Health Officer since 1886. He was also a member of the School Board for three years. He was unmarried and leaves a brother, William Fee, and three sisters, Mrs. Davidson, Mrs. William Massey and Mrs. William Shannon.

It is not likely an inquest will be held.

Used a Rusty Revolver.

Toronto, Sept. 1.—Arthur Lionel Hay-Smith, an English employee of the J. D. Ivey Co., shot himself in the ear at his boarding house, 76 William street, yesterday morning. The bullet penetrated only a short distance. His injury was slight. The great danger is blood poisoning, rust from the revolver having entered the wound. Despondency through ill health is given as the cause for his rash deed.
