Why Cannot Canadians

make as good Machines as the Americans? is a question often asked. They can if they choose. One Canadian does it At the Great Paris Exposition in 1889, the Massey Manufacturing Co.'s Machines in a field trial defeated all other competitors, including Avaerican machines, and won the highest award. They have also beaten the Americans on other occasions. The Buckeys Mower made by this Co is equal in neatness and perfection to the much vaunted American Buckeys and costs a good deal less money. Ayer's Sarsaparilla

Is an effective remedy, as numerous testimonials conclusively prove. "For two years I was a constant sufferer from dyspepels and liver complaint. I doctored a long time and the medicines prescribed, in nearly every case, only aggravated the disease. An apothecary advised me to use Ayer's Barsaparlial. I did so, and was cured at a cost of \$5. Since that time it has been my family medicine, and sickness has been a stranger to our household. I believe it to be the best medicine on earth." —P. P. McNuty, Hackman, 29 Summer st., Lowell, Mass.
