## TOWN TOPICS.

"A child among ye, takin' notes, An' fattenin' up his mind."

Goode, the druggist, makes a speech. See full report in another column. A GOOD PRESENT.—The most useful gift you can make is to give a Writ Pen. Apply to McAllister & Co., Goderich. The Woman's Christian Temperance Union meet in the basement of North-st. Methodist church every Tuesday afternoon. Praying meeting at 230, business meeting at 230, Goderich.

"Spring, Spring, beautiful Spring!" is apparently at hand, and the latest and best in quality and style of spring goods can now be had at the fashionable tailor, F. J. Priddyman. It is never wrong to restate a good thing, and that is the reason why Geo. Stewart wants everyone to know that in addition to printing out elegant photographs, he is now largely engaged in picture framing. Merchants can get their Bill Heads, Letter Heads, Etc., Etc., printed in any quantity, and he will be glad to advise their business. Call and see samples and get prices. HATS! HATS! HATS! HATS! HATS! HATS!—C. G. Newton has just received the largest and most complete assortment of hats that has ever been brought to Goderich. You should see them. (C. G. means what he says, too.)

Mouldings, mouldings! If you want first-class picture frames, by a skilled workman, making arrangements for the removal of the old, don't forget to call upon R. R. Sallows, the photographer who for years past has led the procession in this line.

By referring to the advertisement of Saunders & Son in this issue, something of interest to landlords, tenants and householders will be found. Their stock selected from the manufacturer direct, and being sold at very low prices. The cheapest house under the sun.

### BRIEFLETS.

Mr. J. S. Porter, of Seaforth, was in town.

Miss A. McLean has been visiting in Bayfield.

Mrs. C. Moore, of Morris, was visiting Mrs. A. J. Mauger.

The High School Literary Society will hold its regular meeting tonight.

Mr. D. K. Strachan has returned from business trip to London and Brantford.

We were pleased to see Mr. Alex. Murdoch, of Heusall, on our streets yesterday.

Mr. Thos. Dark, has, we regret to say, been confined to the house by serious illness for some time past.

An exchange says there are few things materialize so slowly as promises of wood to pay for newspaper subscription.

Miss Cook, formerly organist in St. George's church, left on Saturday last for Toronto. Miss Price will fill the vacancy.

Mr. Bert Johnston, of the Seaforth Express, was in town during the week, making arrangements for the removal of his mother and sister to that town.

On Friday of last week Mr. R. S. Williams, manager of the Bank of Commerce, and his ten-year-old son took a constitutional walk to Clinton—12 miles. Here is an opening for other men with ten-year-old boys.

FIRE.—A Saturday morning, about 3 o'clock, a fire broke out in the lean-to attached to Mr. Hart's building near the Huron Road. The ready arrival of the firemen saved the main building, but the lean-to was destroyed.

JOE HESS IS COMING.—The ex-prize fighter and saloon keeper, Joe Hess, has been secured by the Y. W. C. T. U. to hold a series of meetings in the Grand Opera House on March 31st and April 1st and 2nd. He has lectured in Toronto and has held his audiences spell bound for two hours. Shaftesbury Hall was not nearly large enough to hold the people who came nightly and hundreds had to go away. Look out for further announcements.

As a meeting of the Turf Club held Wednesday evening it was decided to give \$600 in purses, divided equally, for three races on Dominion Day—free-for-all, 2.35 class and three minute class. Pacers and trotters allowed in all races.

ANOTHER FIRE.—About 8 o'clock Saturday morning the barn in the rear of the residence of Mr. A. Waddell was discovered to be on fire, and although the firemen were quickly on the spot, the building was completely consumed. Cause of fire unknown.

OBITUARY.—An old and respected resident departed this life on Tuesday, March 11, in the person of Mr. Dean Swift. He had been ill for some years and had suffered much during that time. His relatives have the sympathy of the entire community in their affliction.

SOCIAL.—A social will be held in North-st. Methodist church under the auspices of the Woman's Missionary Society, on Tuesday evening, March 18th, at 7.30. A good program and refreshments. Admission, 15c. All interested in mission work are cordially invited.

BARRE RACES.—Four trotting races will be held at Barrie on August 20th and 21st. Several Goderich horses have been entered, as follows:—Three-year-old stake, A. M. Polley's "Sammie Green"; 2.35 class, Robt. Thompson's "Baldwin"; three minute class, Dr. J. B. Whitley's "Daisy."

COLLECTION FOR THE POOR.—The collection taken up in North-st. Methodist church last Sunday to purchase bread for the deserving poor of the town amounted to \$12.00. St. Peter's (R. C.) church will also take up a collection for the same purpose. It is to be hoped all the other churches will do likewise.

Mr. Campbell, postmaster here, received the following telegram, dated March 12th, from Hayward, Wis.:—"John McKenzie was killed here today. Has he any relatives there? Answer immediately." If any of our readers know of a young man of that name in the West they will please communicate with THE SIGNAL.

THE ST. GEORGE ACCIDENT TRIAL.—The plaintiffs in this action completed their evidence on Monday last, three weeks after the commencement of the trial. Mr. Dalton McCarthy, for the defendants, made an application for a nonsuit on the ground that the accident was one over which the G. T. R. Company had no control. Mr. Justice Rose, however, decided that the case must go to the jury, and the defendants then began their side of the case.

Harry Bates, the well known Saginaw horse-buyer, was in town during the past week, and did quite a business. His shipments from this section this season amount to something like 2000 horses. But outside of the horse buying altogether it is generally believed that some other attraction exists in Goderich to draw Harry here so often. We hope if the matter comes to anything that he will become a permanent resident, instead of, as at present, being here only half time.

CORRECTION.—IN THE SIGNAL last week the item referring to the accident to Mr. and Mrs. James Yates was incorrect in one or two particulars. The place where the accident occurred was in front of Otter Wilson's farm, and was caused by his dog springing through the fence with a chain around his neck. The horse then bolted, and Mr. and Mrs. Yates were thrown out of the conveyance. The horse ran about thirty rods, and then stopped until Mr. Yates caught up and got possession of the lines. Mr. and Mrs. Yates are recovering from the effects of the "spill."

ST. PATRICK'S CONCERT.—The concert in the Grand Opera House on Monday next, 17th inst., promises to be very treat. We understand the services of the following ladies and gentlemen have been secured: Miss Hearn, Clinton; Walsh, Seaforth; Messrs. Tamm, Clinton; Shane, Blyth; Mrs. Brasley, Toronto; and Messrs. Belcher, Porter and Cameron, Goderich. Miss Andrews, organist of Victoria-st. Methodist church, will preside at the piano. In addition to the concert, an address will be given by Mr. D. McGillicuddy on "Ireland—The Hour Before Dawn," dealing with the question of Home Rule. R. S. Chilton, Esq., American Consul, will occupy the chair.

ZERA SEMON TO PERFORM HERE AGAIN.—The Hamilton Evening Times says:—"The entertainment given in the Palace Rink last evening by Zera Semon and his specialty company was a first-class performance from beginning to end. The professor himself is one of the best sleight-of-hand performers and ventriloquists ever seen in the city. All his tricks were done clean and without the tiresome delays seen in so many entertainments of the kind. Mr. John Patten gave a good exhibition of clog dancing, funny sayings and Irish witticisms. Mr. Harry Austin should be heard by all lovers of music. He plays on all sorts of instruments, even extracting good music out of ordinary pieces of gas pipe. The entertainment closed with a marionette show and a long list of specialties, all of which were good. The rink was packed from the stage to the door, and a large number had to go away disappointed." This company will perform here five nights next week in the Grand Opera House, commencing Tuesday night, the 18th, and will give a Saturday matinee.

THE BOARD OF TRADE.—A meeting of the council of the Board of Trade was held in the town clerk's office last Monday evening, 10 inst.,

nearly every member being present. The first business was the appointment of the standing committees for the year, which was done as follows:—On Statistics—John Butler, James Sheppard, T. B. Van Evert, Wm. Campbell, R. Radcliffe and Wm. Lee. On Manufactures—Joseph Kidd, A. S. Chrystal, Joseph Beck, Joseph Williams, E. Downing, C. A. Humber. On Local Improvements—A. Saunders, D. C. Strachan, M. Nicholson, C. A. Nairn, F. Jordan. On Agriculture—M. Hutchison, C. Grabb, J. H. Colborne, Ross Price and Robert McLean. On Finance—R. S. Williams, the Secretary, Horace Horton, G. Drummond, D. McGillicuddy. On Correspondence—The President, Secretary and the chairmen of the respective committees. The petition to the Minister of Marine and Fisheries for the establishment of a fish hatchery in Goderich was discussed and met with the unanimous approval of the Council, and the Secretary was instructed to forward the same to Mr. Porter, the member for West Huron, as soon as all the signatures had been secured. A reply from Mr. Porter, in reference to a deputation on harbor matters, was read and filed. The Secretary made a verbal report of the proceedings so far for the establishment of a crenatory, and read letters re the brick and the yard, and the President gave the result of a conference on Monday afternoon with Mr. F. Jeffrey, manager for Mr. Attilin, in reference to the proposed industries. The Secretary was instructed to write Mr. Hannah, of Seaforth, and request that gentlemen come up at once. The Committee on Agriculture was instructed to open correspondence with one with leading horse and cattle buyers, with a view to establishing a monthly cattle and horse fair at Goderich. The Council then adjourned.

Mr. Campbell, postmaster here, received the following telegram, dated March 12th, from Hayward, Wis.:—"John McKenzie was killed here today. Has he any relatives there? Answer immediately." If any of our readers know of a young man of that name in the West they will please communicate with THE SIGNAL.

While engaged in threshing (clover on Saturday, the 1st inst. the barn belonging to Mr. John Corbett, Hay township, caught fire and was burned to the ground. It appears they were using the steam threshing engine, and it had no spark arrester, and the wind was blowing in the direction of the doors, thus carrying the cinders into the building, destroying it. A great deal of grain was lost together with the separator.

## TOWN COUNCIL.

Minutes of the Last Regular Semi-Monthly Meeting.

The town council met last Friday evening, 7th inst. All the members were present except the deputy reeve and councillors Reid and Humber. The minutes of last meeting were read and approved. The report was read and approved.

The treasurer's statement for February, showing a balance on hand of \$1,787.36, was referred to the finance committee.

The first report from the new fire-warden, R. Tichbourne, reported one fire during the month—that of a barn at the rear of Geo. Elliott's store, the property of Mr. A. Cantelon—stated that the clothing, particularly the coats and caps, of the firemen is in very bad condition and suggested the readjustment of the hose cart so that it may be hauled by a horse. The report was referred to the fire committee.

The report of the sexton of Maitland cemetery showed the number of interments for February to be 10—4 adults and 6 children. Report filed.

COMMUNICATIONS.—From Mr. W. C. Van Horne, stating that the sending of a deputation to Ottawa at present would be premature.

Mr. P. Kelly, of Blyth, wrote recommending that Brussels and Listowel should be asked to send delegates to join the deputation to Ottawa on railway matters.

Mr. Wm. Lane, of Dunganon, and Mr. Peter Kerr, chairman of the railway committee of Guelph city council, wrote stating that delegates to the deputation had been appointed for their respective sections.

Chrysal and Black wrote asking permission to heat the council chamber and clerk's office in the town hall with a new hot water heater manufactured by them to test its capacity; the expense to be borne by the manufacturers. The matter was referred to the public works committee.

The secretary of the Turf Association wrote stating that they intended to use the acreage grounds for a race meeting on July 1st. Filed.

A communication from the Reliance Mfg. Co. in reference to the dynamo returned to them on the occasion of the recent exchange was read and filed.

ACCOUNTS.—The accounts of the postmaster, for postage, \$7.22, and of D. McIvor, for work at the pumping house, \$2, were ordered to be paid.

The following accounts were referred to the finance committee:—Willis Chipman, O. E. balance due on old account and for services in August last, \$194; HURON SIGNAL, printing, \$12.23; I. Cassidy, relief, \$2.40; T. J. Nilsen, relief, \$7.75; John G. Stiven, painting and glazing, \$6.39.

REPORT OF FINANCE COMMITTEE.—Your committee has examined the following accounts and recommend their payment on being duly certified:—R. P. Wilkins, \$30.60; John Robertson, \$15; Stevens & Burns, London, \$63.07; Doherty Mfg. Co., Sarnia, \$30.38; also application from the High School re \$3,000 to convert same into a Collegiate Institute. We recommend that same be granted and that a bylaw be prepared for the purpose of raising the necessary funds.

W. PROUDFOOT, Chairman.

The report was, on resolution, considered clause by clause. The first, second and third clauses were adopted. Mr. Strane, B.A., headmaster of the High School, then made a few explanations in reference to the fourth clause of the report, showing the benefit that would accrue to the town by the establishment of the Collegiate Institute. The grants from the Government and the county would be materially increased. The fourth clause was then adopted.

WATER AND ELECTRIC LIGHT COMMITTEE.—Your committee beg leave to report that they have considered the application of J. Acheson and others referred to them and would recommend that an electric lamp be placed at the corner of Napier-st. and Cambria Road. In the matter of lowering the water rates for supplying steam engines, we would ask the council to deal with it, as your committee are not in favor of lowering such rates. In reference to the applications of Jos. Kidd and Jos. Williams for water to supply motors, after giving Mr. Kidd's application full consideration we cannot recommend the council to guarantee him a pressure of more than 30 to 35 lbs. at his works. In Mr. Williams' case we think the council may safely guarantee a pressure of 100 lbs. We would recommend that both applicants be charged at

the rate of \$1.70 per 10,000 gallons of water used, they to inform the council the amount of water they will require. In Mr. Williams' case we would recommend the council to require a guarantee from him that he would use the water for a term of five years; otherwise that he will pay all costs of putting in the pipe (4 inch).

(Signed) JOHN BUTLER, Chairman.

The report was taken up clause by clause. The first section, recommending that an electric lamp be placed at the corner of Napier-st. and Cambria Road, was referred back to the committee, as the petition asked for its erection on Cambria Road at Trafalgar-st., four blocks south of Napier. The remainder of the report was adopted.

REPORT OF CEMETERY COMMITTEE.—Your committee would recommend that in future the treasurer furnish the clerk monthly statements of all cemetery lots sold by him; the clerk to enter in his cemetery book such list and furnish the sexton with a copy of the list. We would also recommend the council to furnish what lumber is required to repair the fence at the cemetery. The posts required can be procured at the cemetery, as stated by Mr. Hood in his report to the council on February 1st.

(Signed) ROBERT THOMPSON, Chairman.

The report was adopted.

In pursuance of notice of motion Proudfoot moved, seconded by Murney, that bylaw No. 6 of 1889 be amended by substituting the word "five" for the word "three" in the first clause, thus increasing the number of members of the waterworks and electric light committee to five.

The Mayor ruled the motion out of order. Proudfoot appealed from the ruling, and his appeal was sustained by a vote of the council.

Moved in amendment by Nicholson, seconded by Campion, that the motion lie over for one month.

The amendment was lost and the motion was then carried.

Moved by Proudfoot, seconded by Humber, that a delegation be sent to Ottawa in the interests of the Goderich and Wingham Railway, with power to procure the necessary plans and information; the delegation to receive delegates from Wingham, Dunganon, Wawanosh, Ashfield and Colborne; the delegates also to impress upon the Government the necessity of improving the harbor.

Moved in amendment by Campion, seconded by Cantelon, that a delegation be sent in the interests of the Guelph Junction Railway and the Goderich harbor.

The amendment was carried.

A motion by Holt and Fridham, to refer the petition re the electric light to the electric light committee to report whether it would be better to place it on Trafalgar-st. at Cambria Road or at Victoria-st., was lost.

Councilor Campion gave notice that he would move at the next meeting to amend bylaw No. 6 of 1889. He did not mention the particulars of the amendment.

The council then adjourned.

From our own correspondent.

Mr. Morrow is well again.

The little sleighing mad things lively around here.

Miss Martha Gardner, of this section, is visiting at Goderich.

Wm. McVettie and John Taylor are busy drawing stones for building operations.

Miss Barbara Jackman still continues very low, and no hope is entertained of her recovery.

Rev. J. G. Manly's lecture on "Nineveh and Israel" was much enjoyed last Thursday night.

On Sunday, March 10th, the Rev. H. Irvine preaches missionary sermons in Kincardine. Mr. J. Young, of Clinton, and John Dastow, of Nile, take his work on this circuit.

Dame Rumor says the Methodists of Nile are going to build a new church soon. The present building will hardly hold the members, without counting the many adherents of the church. So may it be!

Wedding bells have been ringing at the Nile. Last Wednesday evening Mr. James McNeé, of Nile, and Miss Jennie Graham, Sheppardton, were united in marriage. The marriage took place at the home of the bride, and was a very pleasant event. Every one likes James, and Miss Jennie (that was) is a general favorite wherever known. We all join in wishing them the happiest of happy lives. Rev. H. Irvine tied the knot.

Another of our countrymen is deceased. David McWhinney departed this life on March 5th, aged 35 years. He had been living for a short time in Detroit. His body was brought to his father's home on Thursday night of last week, and on Saturday afternoon a large company followed the remains to Dunganon cemetery, where Rev. H. Irvine read the funeral service. The funeral sermon will be preached in the Methodist church on Sunday, March 23rd, at 7 p. m.

Mr. Geo. Marshall, Hills Green, who had been working near the Sault during the winter, was taken down with a severe attack of inflammatory rheumatism. He returned home a few days ago but is still in a very bad condition.

## DUNLOP.

From our own correspondent. Tuesday of this week Mrs. A. C. MacDonald went to Alpena, Mich., to be present with other relatives at the funeral of Mr. Devine, who died at Butte City, Montana. From there his remains will be brought to Alpena for interment today (Friday).

Death this week from our midst removed Katherine Jane, wife of John MacAllister and daughter of D. Cumming, after a severe illness of over a fortnight. She had previously given birth to a son, and unfavorable symptoms on the fourth day afterwards setting in, the best of care with medical aid proved unavailing, and on Sunday morning she passed quietly away to that better rest above, leaving a fond husband to mourn for her and a little one without a mother's love. Earnestly she hoped that God would spare her to her little one, but He took her to Himself. A large circle of friends with relatives viewed her remains in a handsome casket prior to the funeral from her father's residence, a pretty bouquet of flowers being placed in her hands. Over sixty-three vehicles were in procession to the place of interment, Maitland cemetery. Rev. J. A. Anderson conducted the last sad rite, and the pall-bearers were R. Videa, of Goderich, Peter Stuart, W. Fulford, Robt. Hoggarth, of Loshburn, with St. Q. H. Williams and C. Fisher, of this place. We, with a large circle of friends, extend our deepest sympathy to the bereaved husband and relatives in their loss of a fond wife and sister, ever kind and gentle.

## DUNGANON.

From our own correspondent.

J. E. Tom, Esq., P. S. I., is on his official tour through the northern part of his jurisdiction this week.

Lecture by Rev. W. F. Campbell, on Tuesday the 13th, in the Methodist church here, as previously announced.

Mr. Geo. Horne, having purchased some property from the syndicate, is making preparations to build a new residence thereon.

The municipal council of Ashfield will meet in the town hall, in said township, on the 30th. All concerned govern themselves accordingly.

We congratulate the editor of THE SIGNAL on his recovery from his recent illness as to be able to take his place in his office.

The belfry on our school house has got a new occupant in the shape of a fine bell. The students attending will require to be on time; if not, the reason why will be looked for. Punctuality will now be strictly expected.

Sleighting is of short duration so far this winter. We were favored with two days of it last week, and during that time teaming wood, logs, etc., was very lively. Mud is again in the ascendant.

The municipal council of West Wawanosh will meet in the Town Hall, on Saturday, 15th inst., for the transaction of municipal business. All concerned please take note.

Dunganon is still progressing. We are informed Mr. T. Smiley, of Ashfield, has purchased a house and lot in this village from Mr. Jos. Malloch, our popular hotel keeper. It is said Mr. Smiley has made a good purchase.

We are credibly informed that Mr. Patrick Kearney, of West Wawanosh, near St. Augustine, is the possessor of a span of colts one and a half years old, sired by Baron Scott, color sorrel, which weighs 2530 lbs. They are beautiful looking animals and can hardly be surpassed in this locality or surrounding country. We would like to hear from any who can beat the above record.

The funeral of the late David McWhinney took place on Saturday, when the remains were interred in Dunganon cemetery. There were on that occasion upwards of seventy vehicles well filled with sorrowing friends, relatives, neighbors and acquaintances. The bereaved widow and relatives have the sincere sympathy of the community. Rev. H. Deceased was aged 35 years.

Mr. H. Hamilton, night watchman at the Union Factory, Wingham, is seriously ill with inflammatory rheumatism.

Mr. John Wheeler, Morris, has been confined to the house the last few days, the result of being hooked in the face by one of his cattle.

Mr. Kincaid, late of Wingham, has taken a position in the Doherty Organ factory, as has also Mr. Page, late of a Woodstock factory.
