

## NEWS OF THE DISTRICT

### MANOLA.

Bulletin News Service.  
Land seekers are arriving at Manola nearly every day. The best of the land is already filed on, only a few desirable quarters being left. Every one seems to like the land. Most of them pronounce it first class.  
Ten gentlemen from Edmonton were out looking at the new mill which belongs to J. C. Squaggebrigs, with the intention of buying it. It is a fine location for a mill with lots of timber very near the mill site.  
Farmers are very busy putting in their crop whenever the weather permits.

Mr. John Clump has gone out to Mortvina to meet his family, who are arriving from Dakota.  
Albert Jasset has been ill for several days with a cold.

Jones Miller expects to start for Rivere Qui Bore tomorrow to purchase wire to fence eighty acres of his homestead. He expects to move his family out to remain on the homestead and farm.

Mr. Geo. Lane made a flying trip to his homestead and returned to Edmonton last week.

J. B. Taylor expects to start for Edmonton on Wednesday of this week. He will be accompanied by his wife and little daughter, Doris. They expect to put their daughter in the hospital for treatment.

The settlers of Manola district think it is about time there was something done on the roads.  
May 24.

### ATHABASCA LANDING.

Bulletin News Service.  
Rev. Mr. C. F. Hopkins, pastor of the Methodist church, left last Tuesday from Strathcona to attend conference in session there. During absence of Mr. Hopkins there will be no services in the Methodist church here.

Mr. S. W. Unsworth leaves tomorrow for Edmonton on business.  
Mr. L. S. Straus, of the Swigert and Straus Trading company, passed today for down stream with two scow loads of supplies. Mr. Straus will go down as far as Fort Resolution, returning here in August.

Mr. F. C. Campbell, of Nelson, who has recently been appointed gold commissioner for British Columbia, passed through the village this week for St. John, B.C., where he will commence his new duties. The appointment of a commissioner at St. John will be greatly appreciated by prospectors and miners going into that country.

Two families of settlers passed through the village today on route to the Peace River district.  
Rev. Bishop Brewster, bishop of Mackenzie river, arrived in the village today and proceeded immediately for down stream. He is accompanied by several sisters who are going into the north to take up church and educational work.

Last Sunday evening the steamer Northland Sun returned from her trip up stream. On Saturday evening, while making a landing two miles up from the mouth of Lesser Slave river, Bob Lake, a deck hand, had the misfortune to have his right foot severely squashed between the steamer and one of the wing dams. No bones were broken, but it will be some days before he will be able to be around again.

Capt. C. D. A. Barber reports the water in the Lesser Slave river exceptionally high this spring. Several wing dams, built by the government last year, have been shifted, some being carried away entirely. Several of the last of the transports for down stream this spring left today in charge of Capt. Shot. It comprised nine scows, two of the Swigert and Straus Trading company, and seven for the R. C. missions.

Rev. Bishop Holmes recently appointed bishop of Athabasca, is expected to arrive Saturday to take charge of the diocese.

### BRUCE.

Bulletin News Service.  
J. Tremain made a business trip to Edmonton the last of the week.  
The several new buildings under construction are at a stand still as a result of not being able to obtain lumber. Owing to the bad condition of the roads it is almost impossible to freight heavy loads from Vegreville.

What might have been a very disastrous fire for Bruce started in the R. Davis blacksmith shop a few days ago during the noon hour. However, a passer-by saw the blaze in time for the fire to be saved from destruction. Bruce is in great need of some kind of fire protection other than they have at the present hour. A fire crew headed by it would be almost impossible to save the town.

After making a great deal of preparation for a heavy day at Bruce on May 24. We were doomed to disappointment on account of a steady downpour of rain from early morning until night. The baseball teams from Viking and Holden drove down regardless of the wet, hoping for better weather in the afternoon, but none came and the boys returned home with cut a game.  
Mr. Clark, living Northwest of town, severed the six lead of horses, his barn and all its contents from lightning last Monday evening. This is a very severe loss to him.

Mr. John Clump has gone out to Mortvina to meet his family, who are arriving from Dakota.  
Albert Jasset has been ill for several days with a cold.

Jones Miller expects to start for Rivere Qui Bore tomorrow to purchase wire to fence eighty acres of his homestead. He expects to move his family out to remain on the homestead and farm.

## FIELDS ARE GREEN AT LLOYDMINSTER

The fields of grain are fairly dancing with the promise of a good year for the country has never known, even in the memory of the oldest settler. The shades of doubt which were hanging over the district a month ago, have been rapidly dissipating during the past two weeks and when this week opened with such a panorama of glorious sunshine the optimism of the farmer knew no bounds.

"On with the dance," said he "let joy be unconfined."

## STILL MAKING TROUBLE.

Letter From Roosevelt Starts Ruction in Ireland.  
Dublin, May 29.—The Irish Home- stead Weekly, organ of the Irish Agricultural Society, today published a letter from President Roosevelt to Ambassador Bryce, dated March 2. It refers to the work of the country life commission in the States and to President's own active interest in the farm people who are the outcome of the work accomplished through the Farmers' Co-operative Organization in Ireland, of which his old friend, Sir Horace Plunkett, of the department of agriculture in Ireland, had kept him informed.

"We Americans," the letter says, "owe much to Ireland and Sir Horace Plunkett in the work we have been trying to do in the United States. Before I leave, the President I want to acknowledge our debt and send, through you, my thanks for the help which we have had in Ireland."

"I hope," he says, "that you will have done so much for me in the past few days. You will have seen that a letter from the President is of great importance to the man and woman who feed the nation and stand as the foundation of its greatness and progress."

London, May 29.—The Times' Dublin correspondent passes severe criticisms concerning the manner of the publication of President Roosevelt's letter in the Irish Homestead Weekly. It contends that a letter from the head of a great state to an ambassador, publicly acknowledging a debt to a distinguished citizen of the night is not the thing to be officially communicated.

"As a matter of fact, however," the correspondent adds, "the government had no right to take such a step, and the correspondence of the President to Sir Horace Plunkett, and some explanation is due, for otherwise Irishmen will believe we have suppressed our political motives."

The correspondent goes on to recall that Sir Horace Plunkett was dismissed from public office at the bidding of the Irish Nationalists, and suggests that the letter was withheld because it was an untimely and damaging commentary on the justice and wisdom of his dismissal.
