

# They Have Cured Thousands

Father Morriscy's Famous Prescriptions Have Earned The Confidence of Those Who Have Tried Them.

## Father Morriscy's "No. 7" Cures Rheumatism and Kidney Trouble

There are different ways to relieve the wearing ache and grinding pain of Rheumatism—but only one way to cure it. That way is to clear the blood of the poisonous Uric Acid which, settling in the joints and the fibres of the muscles, causes all the suffering. This Uric Acid can only be removed by and through the Kidneys.

They are the natural filters of the body, whose work it is to take out of the blood the worn-out tissue and other waste matter that, if left in, so soon turns to poison.

Father Morriscy's "No. 7" acts directly on the Kidneys, toning them up to vigorous action. Immediately they begin to clear the poisonous Uric Acid from the blood, and in time remove it entirely, and with it, of course, the Rheumatism.

"No. 7" Tablets are most effective, and perfectly safe. Price, 50c. a box.

Mr. Barbarie, who is Registrar of Deeds at Dalhousie, Restigouche Co., N. B., suffered for years till a friend recommended Father Morriscy's "No. 7" to him. He tells the result:

THE FATHER MORRISCY MEDICINE CO., LTD.

I suffered from Rheumatism for years and recently have been confined to my house with it with Doctors attending. A friend recommended your medicine and I tried your No. 7 Tablets and also your Liniment and can recommend them to all sufferers, as they certainly gave me relief and to-day I can get around as well as I could years ago.

Yours very truly,  
JOHN BARBARIE.

## Father Morriscy's "No. 10" Cures Coughs and Strengthens Lungs

The man or woman who trifles with a cough—who lets a "common cold" run its course—who disregards a pain in the chest, that each full breath causes—is playing with death itself.

Father Morriscy's "No. 10", commonly called "Lung Tonic" is one of the safest and most effective remedies that has ever been used for these troubles. It not only relieves the cough and breaks up the cold, but it goes further, and actually builds up and strengthens the lungs and the whole system.

It is combined according to Father Morriscy's original prescription, from Herbs, Barks and Balsams, and does not contain a trace of Opium, Morphine or any other similar drug. It is therefore perfectly safe, even for babies.

Trial size 25c. a bottle. Regular size 50c.

Mr. Aylward got Father Morriscy's "No. 10" just in time to save his life. Read his story:

Campbellton, N.B., Feb. 5th, 1909.

THE FATHER MORRISCY MEDICINE CO., LTD.

During the winter of 1907, while travelling on the Gaspe Coast, I contracted a severe cold which settled upon my lungs.

After I returned home I wrote to Father Morriscy explaining my case. I received a letter from him with a Prescription for his medicine, which could not be filled at the time here. After one week's delay I received it just in the nick of time to save my life. After one month's use I felt like a new man.

Yours truly,  
JNO. AYLWARD.

## Father Morriscy's "No. 26" Cures Catarrh

Colds in the head, neglected, soon get the lining of the nasal passages into a state of chronic inflammation, almost certain to lead to Catarrh. While the earlier stages of Catarrh are not immediately dangerous, they are disagreeable. The more advanced stages become loathsome and usually end in fatal lung or stomach disease.

Unless something is done to check it, Catarrh almost always grows steadily worse, so that it is not safe to neglect it. According to the testimony of hundreds in the Maritime Provinces, the most effective remedy is Father Morriscy's "No. 26"—a combined internal and external treatment.

The tablets taken internally purify the blood and give the system added vigor to throw off the disease. The salve, applied directly to the inside of the nostrils, cleanses, soothes and heals the diseased tissues. The result, in almost every case, is a complete cure, even where other remedies have failed.

Price 50c. for the combined treatment.

These remedies are not new, nor are they in any sense "cure-alls." Each prescription was worked out scientifically by the late Father Morriscy to cure a certain kind of disease. Each prescription has been tested for years, and has proved beyond a shadow of doubt that it will cure that disease.

Each remedy is therefore worthy of a place in the family medicine chest ready for the need which is so likely to arise suddenly. Get them at your dealer's, or from

## Father Morriscy's Liniment Drives Out Aches and Pains

Have you a really good Liniment in the house, ready for the many emergencies that are sure to come?

If you have a bottle of Father Morriscy's Liniment handy you can save yourself and your family hours of needless suffering, if nothing worse. It has been used for years by hundreds of the late Father Morriscy's patients, and has proved most effective for sore muscles—bruises—cuts—sprains—stings—chapped hands—chilblains—burns—frost bites—tooth ache—ear ache—back ache—pain in the kidneys—muscular rheumatism—swollen, aching or stiff joints—sore throat and pain in the chest. It is especially valuable in rheumatism if used externally while the "No. 7" Tablets are being taken. Similarly, it is particularly effective when rubbed on the throat and chest at the same time that Father Morriscy's "No. 10" is taken to cure coughs and colds.

Father Morriscy's Liniment is clean and pleasant to use, and a splendid "rubbing" liniment.

CHAPTER XIX.  
ANOTHER HEAR!

EMESHED.

"SEE how sincerely honest I am when I can confess to you that I do! I must know that I have not yet recovered from that blow if I ever can. I think that my heart must have died under it, as well as my pride. I have never thought of you, Charlie, except as a dear brother. You see, I would have nothing to give you in return but a hand which you could not value, for even the promise that at some time in the future my heart might follow it could not be made."

"And yet it might, Duchess!"

## "Nothing seemed to cure."

Hundred of diseases are the direct results of a diseased stomach, the most common of which are dyspepsia, constipation, nervousness, insomnia, congestion of the liver, general debility, headache, etc. Anything which interferes with the healthy action of the stomach may give rise to the above diseases.

Dr. Bovel's Herb Tablets quickly remove the cause and tone up the system. Read the following:

Winchester, Ont.

Dear Sirs:—

It is with pleasure I write to you to let you know the benefit I received from your medicine. I was troubled with distress of the stomach for years and nothing I could get seemed to cure me until I got a box of Dr. Bovel's Herb Tablets which cured me, now I can eat anything my appetite craves and am well.

Yours respectfully,  
MRS. H. ANDERSON.

Dr. Bovel's Herb Tablets are sold by all Druggists or Dealers at 25c. per box. If your Dealer cannot supply you send 25c. (in stamps) to us direct.

"Perhaps you will be good enough to explain the meaning of your melodramatic words," he said quietly. "And also how it is possible that you know my name. If I am not mistaken, I have not the honor of your acquaintance."

Under the strongest possible effort, Chapman recovered something of his self-possession. He was still ghastric in his pallor, his lips twitched convulsively, his eyes glaring like those of an animal that has reached the extreme length of the chain that renders him powerless.

He drew Bebe to him, his firm, though unconscious grasp upon her arm causing her to moan with pain.

"Is it true that you do not recognize me?" he hoarsely cried. "I can almost believe it from your manner, and yet I should think the hideous, cowardly young you did me would cause you fear of my revenge to penetrate any change, any disguise. I am Erle Devereux Childes!"

For a moment Loyd-Mostyn's coolness forsook him, but only for a moment. His cheeks became ashen, then the natural insolence of the man swallowed up his fear, and a vivid carmine surged beneath the skin.

"I might have realized," he said calmly, "that I could have judged nothing from your name. An alias never distresses you much."

"Silence, man!" commanded Chapman, forgetting Bebe in his almost unmovable rage. "How dare you!

CHURCH POINT, July 31, '08.  
Blacking & Mercantile Co.'s, Ltd., Amherst, N.S.  
Dear Sirs,—Nearly one year ago I had my first order of "Mathieu's Syrup" from you. It was not known in this country, and I gave samples to several families whom I knew would use it. After a few weeks I began to have a call for it, and trade has increased wonderfully since. I have not the least doubt but that it will soon be the best selling remedy for coughs, colds, etc., on the market. In my store here sales are good and our people ask for it. Several stores in this country now keep it in stock and report sales increasing. I have bought from you since August 19th, 1907, 4 gross and have only 3 dozen on hand at this date, and which I am holding for retail trade in my store. Yours truly,  
LOUIS A. McLANSON.

AGAINST HEADACHE there is no remedy so active as Mathieu's Nerve Powders which contain no opium, morphine or chloral. 25 cts. per box of 18 powders.

## Locked Out.

### The Tragic Side of Trade Troubles.

Consternation has been caused in the North by the great lock-out of boiler makers and others, following small strikes on the Tyne and Clyde. As the result, some 38,000 men have been idle on the Clyde, Tyne, Mersey, Humber and elsewhere within the Federation area.

The shipbuilders of Belfast, London, and the South Coast are not in the Federation.

To appreciate the appalling nature of the situation one has only to go back to 1908, when the same area was affected by a terrible shipyard war that lasted seven months.

On that occasion, the trouble started by the engineers refusing to accept a reduction of 5 per cent on their wages and when this dispute had continued for some weeks, the employers, seeing no hope of a speedy settlement, took the drastic measure of proclaiming a general lock-out, affecting about 80,000 men.

Starvation or Charity?

During this prolonged trouble, pitiable scenes of distress were witnessed in the affected districts. The direct wages loss on the North-East Coast alone was about £45,000 weekly, and many of the work-folks preferred starvation to charity, even where charity was forthcoming.

In the Newcastle suburbs many of the workers had to part with every stick they possessed in order to buy bread. At Jarow, a town practically dependent on shipbuilding, 6,000 people speedily found themselves on the verge of starvation. One afternoon a band of hungry women, with pale, pinched faces, secured a drum, drew a crowd about them, and marched on the mayor's residence.

The sum involved in the original dispute in this strike was about £1,200; the war cost the industry £5,300,000.

It was in September, 1906, that 7,000 boiler-makers stopped work in the Clyde yards, thus threatening to involve 30,000 men in a general lock-out. In this case the men were simply playing into the employers' hands.

Owing to falling freights and general depression in the shipping trade, employers had no objection to postponing delivery of new vessels.

The strike was, therefore, quite abortive. After seven weeks the men

was drawn up it each end. Then other constables entered the house, turned men, women and children into the street, and placed their household goods in the roadway.

Eighteen years previously, 700 evictions had been carried out in the same town, with scenes of wild disorder; but on this occasion there was no trouble.

But it was a curious sight to see the poor miners and their wretched families housed in chapels, tents and the cottages of their friends.

On the vexed question of the employment of non-union operatives, a strike of hat-makers occurred at Denton recently.

Immediately, the employers of Stockport took the matter up. Stockport is a town of hat-makers, and things soon began to look serious. First of all, seven firms, employing in the aggregate about 2,000 work-people, closed their doors; and another big firm gave notice to quit for the following Saturday. Further, it was proclaimed that, if the Denton people would not resume work, there would be a general lock-out throughout the town.

When Winston Intervened.

This dispute followed immediately on the trouble with the cap-makers of Manchester, where the introduction of blacklegs gave rise to riotous scenes in the streets. Assaults were frequent, women and children were trampled under foot in the turbulent crowds that assembled on Cheetham Hill, and at least two stabbings occurred, and numerous other cases of assault, including one in which a man had been struck on the head with a hand-sling, had to be dealt with by the magistrates. It was the timely

## Laid Up With Lame Back

Pain, helplessness and suffering are overcome by DR. CHASE'S KIDNEY-LIVER PILLS.

Mrs. Frank Bloom, Hardwood Lake, Ont., writes: "I want to tell you of the great benefit I found in the use of Dr. Chase's Kidney-Liver Pills. I suffered so badly with kidney disease that when I lay down I could not get up without help. I was completely laid up with lame, aching back. I read about Dr. Chase's Kidney-Liver Pills in the Almanac, got them and they cured me of kidney disease and back-ache."

"My husband had dreadful pains in his sides and obtained cure by using Dr. Chase's Kidney-Liver Pills. These pills are the best on the market and I am glad to recommend them."

Dr. Chase's Kidney-Liver Pills are definite and certain in action, soothe the liver and bowels as well as the kidneys, are lastingly beneficial and economical. But to obtain these results you must get the genuine Dr. A. W. Chase's Kidney-Liver Pills. One pill a dose, 25 cents a box, at all dealers, or Edmanston, Bates & Co., Toronto.

## She Kept Her Nerve.

Went to Top of 185 Foot Smoke Stack.

When taunted by a friend that she would faint if she ever got ten feet off the ground, Miss Louise Hartman, a young bookkeeper interested in aviation, said she would go to the top of the 185 foot smokestack at the plant of the Logansport Heating Company, at Logansport, Ind. The friend laughed and bet a box of bonbons that she did not have the nerve.

Donning her hat and jacket, she led the way to the plant, explained the bet to the foreman of the company of the construction, and asked to be permitted to go to the top. The hoisting rigging, which included a bucket in which men and material were raised to the top, had not yet been taken down and the foreman, after trying to persuade the girl not to make the ascent, reluctantly gave his permission.

She stepped into the bucket and was shot to the top of the giant stack. Reaching there she climbed out of the bucket, and although a strong wind was blowing, stood on the top and waved to the friend and the workmen on the ground. Then she daintily walked around the top of the stack which is eleven feet in diameter, and descended without mishap.

She now wishes to ride in an aeroplane.

## MOTHERS SHOULD WATCH CLOSELY DISEASED KIDNEYS THE CAUSE OF BED-WETTING.

Wellesley young man permanently cured by Dodd's Kidney Pills, gives the public the benefit of his experience.

Wellesley, Ont., October 21.—(Special.)—That all diseases of the bladder from bed-wetting to Gravel are the direct results of Kidney Disease, has been proved again and again by Dodd's Kidney Pills. They cure the Kidneys and the Bladder diseases speedily disappear. One of the latest proofs comes in the experience of Mr. George Strebel the well-known harness-maker of this place.

"I was troubled with bed-wetting for many years," Mr. Strebel says. "The doctor could not give me relief and no one knows how I suffered. I tried many medicines, till in January, 1905, reading the experiences of others led me to use Dodd's Kidney Pills. Nine boxes cured me so completely that I have never been troubled since."

Mothers should learn that when their children are addicted to bed-wetting it is time to look to the cause. The Kidneys are the cause. Cure the Kidneys by using Dodd's Kidney Pills, and not only stop the bed-wetting, but ward off serious and dangerous diseases in after life.

intervention of Mr. Churchill that ended this dispute.

Something of a novelty is a lock-out with full wages, but one occurred during a strike at the Paisley Thread Mill a few years ago, when certain employees who had stuck to their work were very roughly treated. As a reply to this, Messrs. Coats shut the entire factory out, but paid the maltreated workpeople full wages.—Answers.
