Hockey at Bell Island.

Dominions Win First Game Played on the Iron Isle.

On Monday, February 3rd, the first hockey game ever witnessed at Bell Island took place in the Wabana Rink, the contesting teams being the "Dominions" and "Scotias." As this was the first chance the people of the mining town had of seeing hockey on their own ice, the large number present showed the general appreciation expressed on the Island. Since the Rink opened after New Year several "practices" and "scratches" were held with the result that the boys all appeared in good form on Monday evening, and the ice was in perfect condition. The "Scotias" were fortunate in having amongst their players two clever stick-handlers in the persons of Messrs. Cavagnah and Archibald, both of whom have played with some of the leading Canadian teams, while the "Dominions" were strengthened in having Mr. Bert Butler, formerly of the Crescents, Mr. Ralph Burnham also of the Crescents and Mr. H. Thompson late of the St. Bon's. The fact that the game ended 6 to 5 in favour of the Dominions shows the closeness of the contest and how evenly balanced the teams stand. At half-time the score stood 5-3. The next meeting of these "giants" will be watched with interest. The Rink Managers are to be congratulated in

entering hockey to the mining public, and while this season, we understand, no League has been formed at Wabana, the way for such in the near future is being paved.

Dr. Ireland acted as referee; Dr. Carmichael, time-keeper; and the sporting veteran Mr. David Fraser appeared as Scotia goal judge; Mr. M. Jackman performing the similar office for Dominions.

One Hundred Thousand Say 'Tis So.

Of all the engines in the land, Fairbanks is a beauty; 'tis guaranteed for years to stand, and always does its duty; and now we'll have our readers know, and let them duly note it, one hundred thousand say 'tis so, and to it they're devoted. Fairbanks never yet went wrong, nor couldn't if it tried it; 'tis durable, 'tis neat and strong, the rest are "fools" beside it. So if an engine you would buy, 'tis up at BARR'S you'll get it; and you may bet it now, my boy, you never will forget it.

MOST SICKNES COMES FROM WEAK, INACTIVE KIDNEYS

Recent Reports Show Hundreds Suffer With Kidney Troubles and Don't Know It.

There are scores of nervous, tired, run-down people throughout the city, suffering with pains in the back and sides, dizzy spells, weaknesses of the bladder, (frequently causing annoyance at night) who fail to realize the seriousness of their troubles until such conditions as chronic rheumatism, bladder troubles, dropsy, diabetes or even Bright's disease result. All this is due to weak, inactive kidneys. The kidneys are the filters of the blood, and no one can be well and healthy unless the kidneys work properly. It is even more important than that of the bowels & stomach that the bowels move regularly. If you suffer with such symptoms don't neglect yourself another day and run the risk of serious complications. Secure an original package of the new discovery, Croxone, which costs but

a trifle, and commence its use at once. When you have taken a few doses, you will be surprised how differently you will feel.

Croxone cures the worst cases of kidney, bladder trouble, and rheumatism, because it removes the cause. It cleans out the kidneys, and makes them filter out all the poisonous waste matter and uric acid, hat lodge in the joints and muscles, causing rheumatism; soothes and heals the bladder and quickly relieves you of all your misery.

You will find Croxone different from all other remedies. There is nothing else on earth like it. It matters not how old you are or how long you have suffered, it is so prepared that it is practically impossible to take it in to the human system without results.

You can secure an original package of Croxone from any first class druggist. All druggists are authorized to personally return the purchase price if it fails to give the desired results the very first time you use it.

Nfld. Cod Oil Duty.

At the hearing before the Ways and Means Committee at Washington Jan. 6th, on Schedule A, Chemicals, Oils and Paints, a statement advocating the removal of the duty of 8c. per gallon now levied on Newfoundland cod oil was presented by Robert Badcock Jr., representing W. & S. Job & Co. Mr. Badcock's argument was presented in condensed and business-like shape and will be published in greater detail in one of our coming issues.

In addition to the technical points Mr. Badcock brought before the committee the following facts and arguments; Cod oil is an indispensable article in the manufacture of belting, harness and lace leather, patent leather and domestic chemicals. Over 90 per cent. of the tanners and leather manufacturers producing these goods favor the removal of the tariff duty. Newfoundland cod oil is a raw material, being simply collected in tanks and then exported. It does not compete with domestic cod oil which is in limited supply.

In answer to certain statements, made on the other side, Mr. Badcock said that Newfoundland cod oil is not controlled from London, and no English house has a branch in the United States. The falling off in consumption is due to the high price of the oil, augmented as it is by an average duty of over 21 per cent, and not to the improvement of the domestic product. The removal of the duty will lessen the production of domestic oil because cod oil is a by-product of the codfish, and the American fishermen will continue to catch cod the same as before after this duty is removed.—Fishing Gazette.

HAMBURG, To-day.—The German Dutch steamer lines announced the steamer rate from Europe to Canada would be cut \$30 instead of \$40, the cut including also the Austro-Canadian service from Trieste, Austria, to Montreal.

LONDON, To-day.—A suffragette scene occurred in the Commons last night. While a division was being taken, R. D. Harben, a well known Socialist and Liberal, shouted from the Strangers' gallery denunciations of the Government's treatment of women. Together with another similar disturber he was ejected.

LONDON, To-day.—Bryce, British Ambassador at Washington, has been appointed by the British Government a member of the Permanent Court of Arbitration at the Hague. It was announced at the time of Ambassador Bryce's resignation that his departure from the States would depend upon the settlement of the Panama Canal question between Britain and the States. Sir Cecil Spring-Rice will be Bryce's successor at Washington.

LONDON, To-day.—The House of Lords dismissed the appeal of the American Thread Company against the judgment of the Court of Appeals in the matter of the income tax at Britain. Last February the Court of Appeals confirmed the judgment given by the King's Bench Division of the High Court, Justice, on February, 1911, declaring the American Thread Company which is incorporated under the laws of the State of New Jersey, liable to income tax at Britain's profits amounting to \$900,000.

LONDON, To-day.—A Constantinople despatch to the M. says there are rumours there of a heavy Turkish loss at Gallipoli, but Mahoud Sheket Pasha has given assurances that only unimportant skirmishes occurred. Regarding the reported renewal of peace negotiations the Grand Vizier would only say the Powers are continuing their efforts to favor peace, but the situation is not clear. A despatch to the Daily News says heavy fighting has been going on for two days at Gallipoli and that the Bulgarians have won all along the line. The Turks by their own admission lost 5,000 men. Fighting began on Tuesday. Bulgarian troops advanced from Kedikeli towards Kavak which the Turks occupied. The fight lasted until evening when the Turks retired to Bulair. Another Bulgarian force on Narmora, occupied Myrtochlo. It is reported the Bulgarians before leaving Rodosto burned all the military buildings.

City Team Will Get Ready.

In view of the probable visit of the Halifax Wanderers hockey league will arrange at once for the selection of the fourteen from whom will be chosen the team to represent the city in the series of games with the visitors, as but a week remains between the coming of the team and the opening of the season. The visiting club is a strong aggregation, probably the strongest that has yet visited here and on this account the local team will have to comprise the very best material that can be procured.

FEARS FREEZING IN.—The S. S. Louisburg is leaving the loading pier at Bell Island owing to ice forming there and the drift ice closing in around Cape St. John's.

MAY TAKE ACTION.—Rumour has it to-day that the friends and relatives of the drowned young men, Bartlett and James will take action against the Tug Co. for damages and that they have retained Messrs. Morine and Higgins to act for them.

AFFLICTED WITH HEMORRHOIDS.—Thos. Earle, a resident of Portugal Cove, was attacked suddenly last night with hemorrhages of the lungs. He became very weak from the large quantity of blood he lost and is being attended to-day by Dr. Anderson.

ANOTHER ARRIVAL.—The schr. Dorothy Duff, 35 days from Pernambuco, arrived last night in ballast to A. S. Rendell & Co. The passage was stormy, especially after coming on this coast. The vessel was off Cape Race on Wednesday evening but could only make slow progress in the slob ice.

ANOTHER ACCIDENT AT BELL ISLAND.—While working at Bell Island yesterday afternoon, a man named Russell, who was engaged at the N. S. S. Co. pier fell and broke his leg. The ambulance is to-day at the Cove waiting to bring him here, but as the steamer cannot get across owing to ice, he will not likely be brought in until to-morrow.

Drowning Enquiry.

The enquiry into the tragic happening of Saturday last, was continued yesterday afternoon. Wm. Sullivan, who was standing on the Furness Withy Line wharf when the tug went to rescue the three men and when she was towing the boat, was sworn and examined. He stated he heard the men in the boat distinctly sing out to those on board the tug to let go the tow line. The evidence of Mr. A. Stowell, who was near Sullivan and witnessed the boat being towed up the harbor, was then taken, as was also the testimony of Mr. W. H. Hynes, who saw the predicament of the boys at the outset, when they discharged their guns for assistance and that he 'phoned the tug company with the result that the 'John Green' responded hurriedly. This forenoon Andrew West, who was deck hand on the tug, and one of the principal witnesses in the case, was sworn. He said he did not hear any of the men in the boat shouting, to stop when the tug was towing them, and he was stood near the tow line. He further stated that he told Moyst and his two ill-fated companions to go aft in the boat which was filling with water, but they refused. Most of West's evidence was practically the same as already told. The court adjourned at 1 p.m. At 3 o'clock this afternoon the enquiry will be continued when deck hand Ricketts and Capt. Roberts will be examined.

One would scarcely think it, but there are many kinds of eyeglass lenses. There are the old style double Convex and Concave, the Periscopic, the improved Toric or Meniscus Lens; in these forms there are Spheres Cylinders and Sphero-Cylinders, any of which may be combined with prisms. Then there is the Lenticular Lens, an arrangement to lighten the weight of thick heavy lenses. In addition to the above there are the various forms of Bifocal Lenses, consisting of the Cement, Perfection, Split and Kryptok Bifocal. All the above can be had in various tints, smoked blue amber, etc., and ground in any forms—oval, full oval, round and other irregular forms. There is just one place in Newfoundland where you can have any of the above lenses made at an hour's notice, that is TRAPNELL, the Eyesight Specialist. feb. 7.

GAME BIRDS AND EGGS DESTROYED IN CLOSE SEASON.

Last summer and fall certain Americans and Canadians who were here went up country and in the neighborhood of the Gaff Topsails engaged in the extermination of young partridge and other game birds. Over a large area they hunted for the eggs of partridge and hundreds if not thousands of these were taken from the nests and "blown" i.e., the meat taken out of them and they were then carefully packed for exportation. Not alone this, but men, our informant says were paid from \$2 to \$5 per dozen to secure these eggs for the collectors. Men who knew of this and went over the grounds were not surprised at the scarcity of the birds about the Gaff Topsails, but were disgusted to see such a proceeding allowed to go on unchallenged. At Baccalieu Island on several occasions, the same has been done with eggs of sea birds. If a poor fisherman were to go out and shoot birds in the close season, he would soon be dropped in jail, but foreigners are allowed to come in and not destroy the birds alone in the close season, but the eggs, the means of their propagation. Yet this is called the "People's Party." What a misnomer. Provided they get their fat salaries and pickings and picnics, the present Tory crowd didn't care if all the people of Newfoundland were in well, or a warmer climate, than they are enjoying at present.

DUE TO-NIGHT.—The s.s. Portia is due to arrive to-night from west-ern ports.

COMING TO-DAY.—Rev. Canon Smith is coming in here to-day by sleigh. He will be taken care of by a trained nurse and it is hoped will soon recover.

IMPEDED BY ICE.—The Bruce on her way from Sydney was 5 miles off Port aux Basques at 8 a.m. to-day. She is delayed by a thick vapor of frost over the water and much ice about.

SAILS TO-MORROW.—The s.s. City of Sydney, McDonald, sails for Halifax and New York at noon to-morrow taking as passengers in saloon: Miss Brazil, Messrs. Jardine, Johnstone, Coates, Newshone and one in steerage.

TICKLE FROZEN.—The Tickle between Bell Island and Portugal Cove is to-day frozen, with the ice about 3 inches thick or more. As a result the steamer could not get across to Portugal Cove, though she made two attempts to do so.

SOLWAY'S PASSENGERS.—The Solway left Placentia on the Glen-cole route this morning taking G. A. Moulton, T. LeFevre, F. A. Brazil, S. and H. Elliott, J. Baker, H. Turpin, J. M. Flynn, D. Boyle, J. Harris, M. Tibbo, W. H. Pike, N. Pike, W. Norman, J. E. Rowsell, G. Norman, M. Pike, C. B. Ayre, Miss Withers and 5 second class.

BONAVENTURE BACK.—The s.s. Bonaventure, Capt. Randall, 35 hours from Sydney, arrived at 6 o'clock this morning. The ship left here last fall with a large fish cargo, which she brought to South American ports, calling at Alicante, Naples and several other places. Returning she went to Sydney for a coal cargo to supply Baine Johnstone's sealing ships.

ANOTHER NARROW ESCAPE.—Yesterday as Mr. Jas. Angel was proceeding up Bay Bulls Big Pond, in going to the woods, his horse went over some very thin ice, and before he was aware of it Mr. Angel found himself and the beast in the water. Men who were at a long distance saw his plight and came to his aid. He was quickly extricated but was chilled to his immersion. The horse was later rescued.
