The guardians know better than to act so recklessly, for often the party concerned is the possessor of a set of teeth which contains a good deal of gold—last relic of more prosperous times-and in the interest of the ratepayers the precious metal must be secured and turned into pounds sterling. Often, too, they are the owners of rings or tiny trinkets, not pawnable, but still containing as much auriferous value as not a few modern gold mines. These have to be collected and also converted into cash by means of the melting pet. The jewelry dealt with is what is found on paupers who die friendless and unclaimed in the various establish-

This week rings, chains, brooches and trinkets have been melted down, and produced a bar of gold, estimated as eleven karats, and worth about £40. A good portion of it was got from the plates of artificial teeth. Mr. Walton said that on one set of artificial teeth there was at least £4 worth of gold. The proceeds are paid into the common exchequer of the union .-London Telegraph.

LONDON WEST COUNCIL.

Centracts for Repairing the Breakwater

-New Asseszors-A Lockup. The main business at the London West Council meeting last night was the granting of contracts for repairing the breakwater in various places. After considerable discussion the following tenders were granted: John McPherson, for repairs on Ann street, at \$85; Neil McNeil, at foot of Wharncliffe road, \$19; Joseph Butier, on Leslie street, \$14 50, and Saunby street,

Messrs. R. F. Lacey and R. Jarvis were appointed assessors at a salary of \$35 each. Mr. James Howie asked for a plank sidewalk from Center street to his house on Cherry street. Referred to board!

works. It was decided to place a notice in the papers stating that all back taxes must be paid by July 30 to save a further charge of

10 per cent on taxes. Councilor Moore wished to enact a bylav against peddlers and hawkers in the village. It was decided to look up the law and see whether they had jurisdiction in

this matter. As there is much complaint about boys swimming in the river, the village constable has been instructed to arrest any parties violating the village bylaw in this

matter. Bylaw 282, establishing a lockup on the premises of R. W. Ward, on Dundas street, near Kensington bridge, was carried. The Registrar-General, who had been communicated with, stated that Mr. Bartram. the late clerk, would be requested to hand over to John Simpson, the new clerk, all forms and papers in connection with the

registrarship. Some stormy discussion was raised on the payment for a tile drain which was laid in the village. It will be paid at once. A large number of accounts were passed. The following were present: Councilors Moore, Hammond, Scarrow, and Hamilton,

THE STEWART CASE. Mr. Stewart Pays a Visit to Pictou-Congratulated by His Many Friends

on His Restoration to Health. PICTOU, N. S., July 16,-Good news sometimes travels as fast as bad news, which is proverbially fast. Many people here knew that Mr. Allan Stewart, of Springton, P. E. I., had been for many years afflicted with kidney disease and gravel. It was known, too, that last year he was so bad that public opinion put him down as likely to die soon. Mr. Stewart fooled publie opinion, though, for he began using Dodd's Kidney Pills, and ten boxes of then competely cured him. When he paid a flying visit to this city a few days ago he received many hearty congratulations on his restoration to health and improved appearance. Dodd's Kidney Pills have never yet failed to cure in this part of the Dominion.

David Tisdale, M. P. P., Paints a Rosy

Picture of It. WINDSOR, July 20 .- David Tisdale. M.P.P., has this to say of the proposed St. Clair and Erie Ship Canal Company, of which he is a provisional incorporator: The Lime Kiln crossing, the reefs and shoals at Colchester and the bad spots at Grosse Pointe, are serious impediments to navigation. Boats cannot draw more than sixteen feet over these spots, which are so rocky it is almost impossible to deepen or remove them. Our canal will be thirteen miles long, from Lake St. Clair to Lake Erie, with a descent of four feet, and we purpose to dig it twenty feet deep, with 72 feet width at the bottom. The ground through which it will run is soft, and we will have easy digging, and we figure on saving 120 miles of distance or twelve hours of time for ordinary boats. What the owner will have to pay in tolls he will make up in the amount saved in

time, fuel, wages and increased carrying capacity of the larger boats. "When the canal is finished then Detroit can have her bridge to Canada, a project that will incalculably benefit that city and

against which vessel-owners will no longer have reason to kick." These incorporators of the canal, the act of incorporation of which has passed the Canadian Parliament, will meet at the Russell House, Detroit, tomorrow: William C. Baxter and Winfred C. Porter, of Minneapolis; L. Frank Lukens, of Mil-waukee; Charles T. Towne, of Duluth; Edmund G. Arnot, of Brooklyn; David Royal Art Union Edmund G. Arnot, of Brooklyn; David Tisdale, of Simcoe, Province of Ontario, and D. Farrand Henry, of Detroit.
