HOCKEY. THE OPENING GAME.

The Wellingtons of Toronto will positively be here on Friday night. The only ground for the rumor that they would not come was due to a misunderstanding in the ranks of the Toronto players. Flowever, Jack Gilmour got after President Crawford of the Wellingtons by telephone yesterday afternoon, and was assured that the Wellingtons would be on hand Friday night with their best team. Their seven is in reality an "all Toronto" team, picked as it is from the representative senior players of the Queen City, and if London can get away with them it should indicate that they are pretty near strong enough to land the inter-

Friday night's match will not be a parlor exhibition by any means. The Wellingtons are a senior team and, naturally, will do their utmost to avert defeat at the hands of an intermediate organization, especially in the first game of the season. Their line will be chosen from Hill, Chadwick, Worden, McKay, Carrothers and Donald-son, each of whom has won a reputation for himself. Against this formidable aggregation London will pit the same team which went through the last championship season without a defeat. The boys are all in good shape and will give the Torontonians the biggest surprise party of the season. As the local team have gone to considerable expense to secure such a strong attraction, they should be favored with

THREE GOOD CONTESTS. Those wishing to witness one of the ter should take advantage of the coming event, which takes place on Thursday, Jan. 4, at the Grand Opera House, under the auspices of the London Athletic Club. The Smith-Snyder contest will be one of great interest, as all the lovers of the manly art throughout this country and the United States are awaiting the result of the go. These men have on several occasions before tried to be brought to face each other, but this is the first time it has been accomplished, and for this reason the result will be eagerly looked for. To-night Jimmy Smith has a good, hard battle at Ottawa, and just one week ago tonight Snyder did away with a coming champion by the name of Bates, of Grand Rapids, thereby winning the championship of Michigan. The men are of even height, and will weigh about 118 pounds when they meet in the arena. The management of the club are sparing no pains or money to make this affair a great success, because of the shortness of the last contests. For preliminary bouts they have se cured St. Pierre and Carroll, as well as Taylor and Barber.

He lived near Toronto a few years, and 44 years ago last November moved to Caradoc, con. 7, lot 2. This section of the county at that time was a howling wildness, but by his own industry and that of his invalbest contests to be seen here this win- uable helpmeet, Mrs. Burns (who predeceased her husband about six months), he soon hewed out a comfortable home. The family left are two sons and one daughter, Mrs. Halm, of Ekfrid; Thomas, who owns the old Hutton farm, and settled thereon (100 acres of excellent land, with fine buildings), and Michael, the youngest son (single), who has the homestead left to him, 100 acres of the most fertile land in the township. Besides these farms, the sons own two others in the neighborhood, which leaves them well provided with the good things of this life.

The harmony of Glen Oak teachers and scholars and their goodwill towards each other, after three years' work, is evidenced by the numerous gifts presented on all hands. The teacher, Miss Stephenson, presented each scholar with a suitable book, and the scholars presented their esteemed teacher with a fine arm-chair and a handsome album.

DOING HIS DUTY.

Durham Brown, of Kenmore, Was Cured of Rheumatism and Backache-Says It Is His Duty to Recommend the Medicine That Cured Him-"Dodd's Kidney Pills Do Even More Than Is Claimed for Them.'

Gentlemen:

Kenmore, Dec. 27.

For some time past I have contemplated writing concerning the merits of the well-known of the well-known and wonderful medicine, Dodd's Kidney Pills, but through neglect have failed to accomplish what I now term my duty. During the last winter I was frequently troubled with lame back, so much so that I was unable at times to stoop without a great deal of pain and exertion. I experienced other well-known troubles peculiar to kidney trouble. I also was afflicted with rheumatism in my right leg and hip to an extent that I was constantly (while at my work) suffering agonizing pains in the parts affected. work during the summer months consists of cheese-box making, and this required me to be seated driving nails. was forced to look to the invention of a machine to nail covers on, which I named Jack in a Pinch. After taking one box of Dodd's Kidney Pills I found an improvement in my condi-tion, and before I had finished six boxes I found myself nailing in the natural way, and Jack in a Pinch was discarded. I was able to sit up in my chair as of old and drive 500 oneand-a-quarter-inch nails in eighteen minutes. My brother and I worked together, and, if necessary he can testify to the cure I had through Dodd's

In conclusion, I would say that Dodd's Kidney Pills are all, and even more, than is claimed for them. If this is of any benefit to the proprietors in any way they are at liberty to make use of it as they may deem ad-

The counter irritant and diffusive stimulant properties of Radway's Ready Relief admirably adapt it for the cure of this disease. The Ready Relief should be applied to a large surface and well rubbed in. It is quite wonderful how readily it relieves the pain of this distressing complaint. In some cases the pain is so extreme In some cases the pain is so extreme that there is danger of inflammation setting in and extending to the kidneys. In that case, take at once a dose of Radway's Pills, and at the same time keep up the application of the Ready Relief, and the most ob-stinate case will yield to this treat-ment. Plasters in general do harm in these cases of man in the side and these cases of pain in the side and back—they gum up the pores and prevent the proper action of the respiratory glands and stop the natural exhalations of the skin.
