Catarrh

The cause exists in the blood, in what causes inflammation of the mucous membrane.

It is therefore impossible to cure the disease by local applications.

It is positively dangerous to neglect it, because it always affects the stomach and deranges the general health, and is likely to develop into consumption.

Many have been radically and permanently cured by Hood's Sarsaparilla. It cleanses the blood and has a peculiar alterative and tonic effect. M. J. McDonald, Trenton, Ont., writes: "I had catarrh, my system was weak, blood was bad, and my liver torpid and inactive. I tried many medicines without benefit until I began taking Hood's Sarsaparilla. This medicine has completely cured me and I highly recommend it to all sufferers."

Hood's Sarsaparilla Promises to cure and keeps the promise. It is better not to put off treatment -- buy Hood's today,

For a Saturday the attendance at the market here today was slim. Trade, however, was brisk, and fair prices were secured by the holders of the produce offered.

Hay and Straw-About a dozen loads of hay on the stand; sales were fair, at \$8 50 per ton for the best quality of hay. Butter and Eggs-Butter is plentiful, with a slow demand, at prices quoted. Eggs are easier in price, selling at 20c to 22c per dozen for fresh-laid in basket lots; packed eggs sell at about 15c to 17c Apples-Were in good supply; prices

are steady at \$250 to \$3 per barrel, and 75c to \$1 25 per bag. Vegetables-No change in prices of any

of the articles in this line.

Poultry-Was plentiful and sales were very good; turkeys sold at 91/2c to 11c per 1b. the last-named price for hen trukeys; geese sell at 71/2c per lb, or 60c to 80c each; ducks sell at 60c to 90c per pair; chickens, 50c to 75c; live chickens sell at 40c to 55c per pair.

Dressed Hogs-Quite a few in; prices are easier, selling mostly at \$750 per cwt. Prices are expected to take a drop as the markets are weak.

Live hogs-Mr. McIntyre will pay \$5.75 per cwt for Monday next, when he makes a shipment. Prices are expected to go

AMERICAN MARKETS.

AMERICAN MARKETS.

CHICAGO, Jan. 31.—Professional wheat speculators turned bearish in sentiment today, and though corn worked stubbornly against the influence, prices ruled lower all round. May wheat closed with a loss of %c to %c, with May corn %c to %c, and May oats %c. Provisions closed a shade to 5c lower. Local receipts of wheat were only 11 cars; Minneapolis and Duluth reported 249 cars, making a total for the three points of 260 cars, aganist 327 cars last week and 379 a year ago. Argentine shipments were 320,000 bu, compared with 720,000 bu last year. Primary receipts were 397,000 bu; last year's were 402,000 bu. Seaboard clearances in wheat and flour equaled 380,000 bu. Bureau statistics at Washington reported three-fifths of the wheat exported from this country in December was from the Pacific coast, 5,380,600 bu. Estimated receipts for tomorrow: Wheat, 25 cars; corn, 70 cars; oats, 50 cars; hogs, 24,000 head. AMERICAN MARKETS.

Remarkable Gathering of Masons in Blue Room.

St. John's Lodge, No. 209a, Pay Fraternal Visit to Their Brethren of St. John's, No. 20.

St. John's Lodge, No. 209a, visited St. John's Lodge, No. 20, at the Masonic Temple last night, when the third degree was exemplified in an exceedingly beautiful manner by the worshipful master and officers of the visiting lodge. The occasion awakened among the brethren quite ususual in-terest, which resulted in a notable gathering of craftsmen. In point of attendance alone, it was possibly the most successful communication held in the Blue Room in years, but apart from this, the union of the two lodges of the Irish order was eventful, and will be long remembered with the pleasantest feelings by those whose good fortune it was to attend it. The wisitors were fraternally welcomed by W. Bro. Tancock, and after the exemplification of the degree, in which Bros. Stenberg, McCormick, Screaton, Westman and Taylor assisted with Westman and Taylor assisted with music, an adjournment to the banqueting hall was made, and the evening was concluded by supper, songs and speeches, all of the first order. Among those present—170 or more—were many from sister lodges, a few of the number being Bro. John Thornicroft, D.D. G.M., of Lambeth; W. Bros. Robert Wallace, of Salt Lake City, Utah (an old P.M. of 20); John Paul, J. H. Flock and C. C. Reed, of 64; C. H. Sanders, J. A. Stewart and J. Davis, of Exeter; A. C. Graham, of Aylmer; T. P. Allan, of Hamilton; D. G. Sturrock P. Allan, of Hamilton; D. G. Sturrock and W. C. Marshall, of Toronto; W. Nichol, of Ilderton; J. A. Kelly, Geo. J. Ralph, of Lambeth; E. E. Smith, of John Wilkinson, of Watford; J. names could not be secured. The past masters of 209a in attendance were R.

Nilestown, C. Bonny, of 33rd degree; Steele, of Glencoe: J. S. Simpson of Owen Sound, and many others whose W. Bro. J. S. Dewar; V. W. Bro. C. A. Kingston; W. Bros. John Graham, T. A. Rowat, C. Q. Morrow, J. A. Smith, T. H. Weldon and Wm. O'Brien. No. 20 was well represented by its past masters also, among others being V. W. Bro, Dawson, W. Bro. N. J. Graham, Oliver Elwood and others. On the evening of the 14th inst. the W. M. officers and brethren of No. 20 will pay a visit to 209a, on which occasion the past masters of that lodge will confer the third degree upon a

THE MOST TERRIBLE PAINS Rheumatism Prostrated Mr. Johnston and He Feared Paralysis Was Coming On.

fellow craft

North Temiscamingue, Que., Jan. 27. Mr. W. H. Johnston, of Douglas Farm. has had a very painful time according to his description, as follows: "I had Rheumatism in my left side and neck for two years. My neck sometimes felt almost paralyzed, so that I could hardly move it; then the pains would go away for a spell and return in my left arm. After the pains left me I felt quite numb for a while, and a sensation like needles sticking in my arm and head. The pains were most terrible, and I got no relief till I used Dodd's Kidney Pills. Since using them I can say that I have not felt a single pain or had a return of the Rheumatism.'

Not the least remarkable fact concerning Queen Victoria is that she was the ancestress of 86 direct descendants, of whom 73 are still living, according to the royal edition of Debrett for

Economy! Economy!

A practical lesson in economy is being taught daily by the York County Loan and Savings Company, whose advertisement may be found on the eighth page. This company has been doing business in the city about eight years. They now have about 3,000 shareholders in this city alone, and during the past year have paid out to London shareholders almost Their business extends from the Atlantic to the Pacific.

particular feature of this company is their small savings in weekly payments of 5 cents or more, thus teaching the old adage, "Take care of the cents and the dollars will take care

Their annual report for 1901 will soon be given to the public, showing a marked increase for the year over that of any year in its history. A staff of 26 persons are constantly employed in the city, and of all savings institutions none are more worthy. Their methods are specific, no estimated values, but at the end of 31/2 years the full amount paid may be withdrawn with interest at 4 per cent.

Two horrors crowded into one life, the product of poor digestion, and the poisons that are thereby formed within the pody. There's just one method of cure for this terrible condition—plenty of food, but mind, food properly digested. That's the difficulty—the digestive power of the stomach must be improved. Rich, red blood formed, strength given to the organs to drive out poisons; then comes strength; vigor and endurance. Ferrozone does all this and more; it makes sick people well; weak people strong. Sow Ferrozone and you reap health. Sold by W. T. Strong & Co.

Too many things are done well that

SUGAR BEETS THE QUESTION

At Board of Trade Meeting Held Yesterday Afternoon.

The Board Asked to Recommend \$50,000 Bonus to American Capitalists.

The board of trade held their regular monthly meeting yesterday afternoon. A large number attended, including the majority of the county council and several representatives of other local bodies. The most important business on hand was the consideration of Mr. John A. Moody's request that a deputation be sent to Michigan to inspect the beet sugar factories in that country and look into the success which the industry has had and the

benefit it is to agriculturists. Mr. Moody said that capital could be obtained from Americans, who would go into the venture if the city would furnish a bonus of \$50,000 for a 1,000-ton factory, or \$25,000 for one of 500-ton capacity. He stated that the company had good inducements offered them in several other cities. The factory which the company proposes to build would be a 1,000-ton plant. Mr. Moody asked that a deputation be sent to Michigan, together with a representation from the city council and Real Estate Association. Mr. G. De C. O'Grady asked if the project was beneficial to either the city or the farmers. "Ten times more sugar," he said, "is manufactured in Canada at the present time than can be consumed, and the refineries in the city of Montreal do not do the farmers any good."

Mr. Moody said that sugar could be made from sugar beets in London for 21/2 cents a pound.

County Councilor Grigg, who took a trip to the beet growing district of Michigan some time ago and is well acquainted with the subject, said that the value of land had increased in Michigan since the installation of the sugar plants, and that the farmers had been immensely benefited by it. Every one in the district can now obtain good wages, and the farmers had in many cases paid off mortgages. Mr. O'Grady stated that he favored the project somewhat, but advised the board to act slowly. He said to wait for some months and watch the progress made by other towns venturing, to which Mr. Moody replied that the city would lose the good chance of-

fered them. Mr. Hunt said that no action could be taken till the matter had through the hands of the council of the board.

Mr. Scarrow, representing the Real Estate Owners' Association, said it would be foolish to go hastily, but also thought that the city should not lose a golden opportunity. He heartily supported a bonus and would be willing to contribute his share. Mr. O'Grady then moved that the

matter be placed in the hands of the council of the board which, seconded by Mr. A. B. Greer, was carried. A communication was received from the Brantford Board of Trade, asking the board to pass a resolution petitioning the government to revise the tariff. This matter was placed in the hands of Mr. A. B. Greer and Ald.

A letter from the Lake Erie and Detroit River Railway, asking the board to recommend that they be considered in the readjustment of mail service, was given to Mr. John Mattinson, as a committee, to report.

The Wolcott Windmill Company wrote the board, seeking location in the city. Referred to manufacturing committee of the board.

The Wolverine Motor Company are also seeking establishmens in the tty,

Referred to the manufacturers' com-

A communication was received from the London, England, Board of Trade, asking the board to send delegates to a conference to be held in London in the spring of 1902, to consider the pro-posed German, United States and other tariffs. This matter was referred to Deaths of a Day.

Ottawa, Jan. 21.—Capt. W. Horace Lee, who died suddenly a few days ago, left an estate valued at \$24.500.
Fort William, Jan. 31.—John Livingston, former collector of customs, died on Friday, after a brief illness. He was superannuated two years ago.
Ottawa, Jan. 31.—John Labelle, one of the oldest residents of the Ottawa district, died this week at March. He attained the advanced age of 103 years. His mind was clear and his physical powers good to the end.
Meriden, Conn., Jan. 31.—Hon. Charles Parker, first mayor of Meriden, Conn., and one of the leading manufacturers of Connecticut, died Friday morning, aged 93.

Ottawa, Jan. 21.—Capt. W. Horace Lee, who died suddenly a gew and the juting ston. Such a substant and in sol, left and such as party, and if so, how soon after? 2. Is it proper to make a call after a party, and if so, how soon after? 2. Is it proper to invite a person who has not called, but whom you have often met at parties, to a party at your home?

Answer.—1. Yes, it is expected. The call should be made in as short a time as possible; not beyond two weeks should elapse at most if you can help it. 2. You can call, make the acquaintance in that sense, and then, afterwards, send the invitation. Such a procedure would be quite proper. be quite proper.

Andiers Petroleum Finels ion

A REMEDY YOU SHOULD KNOW ABOUT

Angier's Petroleum Emulsion combines the remarkable soothing and healing property of a specially prepared Petroleum with the well-known tonic qualities of the Hypophosphites of Lime and Soda. This Emulsion is not a quack medicine, or even a patent medicine. It has been thoroughly tested and is largely used in hospitals. It has been prescribed by the medical profession in the United States since 1880, and in Great Britain since 1892. In advertising it, we wish to avoid everything that savors of quackery and confine ourselves to simple, straightforward statements of what our preparation is and what it will do. These statements we back up by testimonials taken from genuine bona fide letters. They tell how Angier's Petroleum Emulsion has cured Coughs, Weak Lungs, Faulty Digestion, Bowel Disorders, and Wasting Diseases, as well as the beneficial manner in which it acts when given to puny children, pale women and all enfeebled

CURED COUGH: - We received a line from you on Feb. 4th, and you asked if we had tried Angier's Potroleum Emulsion. We have tried it. My son took one sample bottle. It was very good, so he got three fifty cent bottles. For some time he was troubled with a severe cold on the chest and lungs, and at night he would cough something terrible. He thought that he was getting consumption. He lost in weight and strength, and also lost his color; but after taking three bottles of your preparation, he gained in weight and strength and his color came back. He honestly believes that Angier's Emulsion cured him, and would not be without it. You are at liberty to publish this if you desire.

JOHN H. JONES, Clark Street, London, South Ont.

BRONCHITIS:—I have been suffering from a severe attack of Bronchitis which left me in a very weak state with a most distressing cough. I tried many things, but nothing seemed to do me any good. At length I was persuaded to try Angier's Petroleum Emulsion, and after a few days trial, I began to feel better. Since then I have been gradually improving. I have continued to take the medicine, and am glad to say that my cough is gone. I am a little stronger and appetite better. I hope soon to be quite well. Please insert this in your paper, as it may induce some others to try your valuable medicine.

CAROLINE CAMERON, 47 Carleton Street, Toronto, One.

A PHYSICIAN RECOMMENDS ANGIER'S FOR ACUTE BRONCHITIS:- I have been thoroughly convinced that in the treatment of Bronchitis in the acute stage, I have never found such an immediate relief as I found in using Angier's Emulsion with Hypophosphites, and fully recommend it to the medical profession. I shall continue to use it in all cases indicated. J. J. WATKINS, M.D., Covington, Ky.

CAUTION:-The phenomenal success of ANGIER'S PETROLEUM EMULSION has been the means of producing many untried and worthless imitations. Always be sure you get the genuine ANGIER'S Petroleum Emulsion, as imitations made with ordinary Petroleum de not have the same effect. Angler's Petroleum Emulsion is made from oil obtained from particular wells and refined by a peculiar process, which is known only to the manufacturers of Angier's Petroleum Haulsion. All druggists sell it. Two sizes, 50 cents and \$1.00 a bottle.

YOUR NAME AND ADDRESS on a postal card will bring you a free copy of a valuable booklet entitled, "ABOUT YOUR THROAT AND LUNGS." It tells how to care for the Throat, Lungs and Digestive Organs. It gives good advice as to Diet and Hygiene, also Exercises, which are illustrated.
