Everybody Happy!

They're all as happy as the day is long. And for a very good reason. They have found out the secret of happiness!

What is the secret of happiness? Just good health! What is the secret of good health? Kruschen Salts. And here is the simple explanation.

If you are constantly feeling depressed and "out of sorts," it is probably because your internal organs are failing to perform their functions properly. The strain of modern life, insufficient fresh air and exercise, hasty and perhaps ill-chosen meals, all tend to render the liver and kidneys inactive. The result is that impurities of all kinds collect in the body and enter the blood, weakening the whole system.

But happy Kruschen families never worry about that. Every morning they take in their breakfast cup of coffee or tea a pinch of Kruschen Salts—just as much as will lie on a 10 cent piece. This little tasteless dose stimulates the liver and kidneys to the proper performance of their duty, thoroughly cleanses all impurities from the system, and sends clear, healthy blood streaming to every part of the body.

A radiant sense of fitness thrills the whole being, banishing depression and fatigue and establishing a lasting state of cheery vigour. Try it yourself, and know what it is to experience that glorious "Kruschen feeling." Get a bottle to-day—75c at your drug store.

Tasteless in Coffee or Tea. Put as much in your breakfast cup as will lie on a 10 cent piece. It's the little daily dose that does it.

Good Health for Half a Cent a Day. A 75c bottle of Kruschen Salts contains daily use "as much as will lie on a 10 cent piece—enough for three months—which cent piece," taken in your breakfast cup a cent a day. The dose prescribed for Kruschen. Get a 75c bottle to-day.
