

Police.

The numerous burglaries that have occurred of late in this city, without the detection of a single criminal or the unearthing of a single "fence" or place of deposit for stolen goods, are suggestive of the inadequacy of our Police force to grapple with and overcome the evil.

THE NEW MINES ON KOOTENAY.—H. A. Hogue writes as follows from Pen d'Oreille, Sept 20, to the Waltham Statesman: A letter has been received this afternoon from a reliable gentleman (Mr. S. L. Pope), at the diggings, dated 7th inst. He writes: "There are 75 men in this district or camp, (there are two districts), and lots of them coming in; the extent of the country is large, and we have no tools. John Hoge, my partner from Watsburg, will go out for tools, etc. Can find the color anywhere: got fifty cents to the pan; have taken up claims for Charley A. and Jequith; cannot hold them long. Would not advise anybody to come. Lee is building a ferry. Haynes has taken up a horse ranch. No Indian sign in the country. Phelps went in with Pat Miller's party; left this place on the 27th of August; they were the first men in. He says: We found J. C. Herring when we arrived here, alone, and wounded through the shoulder; had lived twenty five days on berries. Allen, Moore, and Cavenagh were killed. Men out looking for them. Men are constantly going in, and there is not the least doubt about good mines. There is not the least indication of bad feeling on the part of any Indians; but the Upper Kootenay. Men travel alone in entire safety anywhere through this vicinity."

THE SHOOTING AFFRAY.—The police court was crowded yesterday with spectators anxious to hear the proceedings in the shooting affray case. Tomlinson and Marks were placed in the dock at 12 o'clock. Marks looked none the worse for wear; Tomlinson appeared thin and pale from the effects of loss of blood and fright. Mr Bishop announced that he appeared for the prosecution, and Mr Courtney was "instructed" for the defence. Mr Bishop asked that a man named George F. Smith, then in court, be taken into custody as an accessory to the attempt to murder Marks. The magistrate ordered one of the officers to arrest Smith, which was done. Mr Courtney asked upon what grounds the arrest of Smith was made? Mr Bishop replied, in consequence of telegrams from Smith to Tomlinson, which were found on the latter's person; besides, he was prepared to prove the charge against Smith by the direct testimony of several witnesses. The telegrams were handed to the magistrate, who declined to allow counsel for defence to peruse them, or to admit either Smith or Tomlinson to bail, and remanded both prisoners to jail for one day. Marks was allowed out on bail of \$5000 for one day.

REMARKABLE.—One evening in 1863 a naval officer, while handling a pistol in the French hotel, was shot through the hand by the accidental discharge of the weapon. The ball, after passing through the officer's hand, struck a bystander, flattening itself against his breast-button of his coat. The accident and remarkable escape from injury occurred within a few yards of the spot where Marks miraculously escaped death on Tuesday from a pistol-ball alleged to have been fired by Tomlinson.

THE BURGLARS got into Mr Wootton's (the Postmaster's) house on Tuesday night, and stole a quantity of clothing. They were heard and frightened away, but carried their booty with them. Burglaries are now of nightly occurrence, and not a single burglar or suspect has yet been caught. The offences are apparently perpetrated by one gang, and there must be an accumulation of stolen goods either at the Indian ranches or in some other suspicious locality that search-warrants would bring to light.

FROM KOOTENAY.—The five Indians who murdered the three American miners have been captured. They are in custody at Fisherville, awaiting a requisition from the American authorities. Provisions are selling very low at the diggings—flour being \$32 per bbl. and bacon 40 cents per lb. The new diggings reported via Oregon are not highly thought of.

MELES AT THE LATE WEST GLOUCESTERSHIRE ELECTION.—EX-GOVERNOR KENNEDY AND MRS KENNEDY ASSAULTED.—On Saturday, at Dursley, the magistrates were occupied for nearly eight hours in hearing cases which arose out of the disturbances there after the declaration of the poll at the West Gloucestershire election on the 31st of July. Henry Woodward, Andrew Kilminster, Wm. Dean, Richard Lacy, and Rowland Hill were first charged with riotously assembling on the day in question and making an assault on Sir George Jenkinson, the Hon. Granville E. Berkeley and others. The evidence of the police constables and others on behalf of the complainants was to the effect that soon after noon on the 31st of July a crowd of between 400 and 500 persons assembled near the Bell and Castle Inn, Dursley, and yelled and hooted. The carriage of Sir George Jenkinson was brought out of a yard adjoining the inn, and while the horses were being put in several persons threw eggs at the vehicle and Sir George's party as they made their way through the crowd to get to their carriage. Captain Kennedy, C.B., formerly Governor of Vancouver Island, who was with Sir George, said that he saw eggs, stone, and sticks thrown simultaneously, together with other various kinds. He was the last person of the party, and was walking with an aged gentleman, a relative, and they were left a little behind the rest of the party, so that he could see what went on in front. The ladies who were there were thrown at before they could get to the carriage, and Lady Jenkinson's face was smeared with blood, and Miss Jenkinson had a patch of blood on the side of her head. His own wife, who was in the carriage, was struck by two apples, and he expected that he would have received violence at the hands of the mob but for a policeman. Superintendent Monk said that several of the mob wanted to cut the traces of Sir George Jenkinson's carriage, and they cried to others to pitch Granville Berkeley out of the vehicle. A police constable proved that one of the defendants, Hill, picked up the stone which was thrown into the carriage after it had been thrown backwards and forwards at Sir George Jenkinson several times. All the accused, except Dean, were connected with the disorderly proceedings of the day, and the Bench said they were of opinion that a most disgraceful and violent riot had taken place, and it would be their duty to commit all the prisoners, except Dean, for trial at the Gloucester Assizes.—London Times, August 12.
